WE your Majeſty's moſt dutiful and loyal Subjects, of this remote Part of your Dominions, beg Leave to approach the Throne, with Hearts deeply affected with the Loſs of your late royal Father of ever glorious Memory, but filled with Joy and Comfort upon your moſt excellent Majeſty's happy Acceſſion to the Crown.

The Bleſſings we now enjoy under your Majeſty, naturally leads us to look back, to that ſignal Revolution under our great Deliverer King *William* the Third, who began his Reign with aboliſhing *Popery* and Slavery among us, and cloſed it with preventing their being ever again impoſed and entailed upon us, by eſtabliſhing the *Proteſtant* Succeſſion for the perpetual Security of our Laws, Liberties and Religion.

We have obſerved with Delight and Admiration, that as ſoon as that happy Settlement took Place in his late Majeſty, the Glory of the *Britiſh* Nation, received a new Luſtre from his ſhining Virtues. His juſt and mild Government endeared him to his Subjects, and his wiſe and ſteady Conduct effectually placed the Balance of *Europe* in his Hands, and what above all demands our unbounded Gratitude to his Memory, the Peace, Safety, Strength and Happineſs, in which he left his Kingdoms, prepared the Way for thoſe univerſal Acclamations, with which your Majeſty's Acceſſion has been ſo joyfully celebrated.

Your Majeſty's early Zeal and undaunted Courage, in Defence of the Liberties of *Europe* and the reformed Intereſt, your long Experience and entire Knowledge of the *Britiſh* Conſtitution, joined with all inherent Virtues that can adorn a Prince, gives us ſure Preſages of the Glories that will attend your auſpicious Reign, and that we might have nothing left to wiſh, but the Continuance of our Happineſs, we ſee the Throne graced with a royal Conſort, who by diſdaining a temporal Crown, when ſet in Competition with a Heavenly one, has the juſteſt Title to both, and with a numerous royal Iſſue, formed by Nature, Education and Example, to continue the Felicity of the Times to Poſterity for Ages to come.

Though we are not bleſſed with the nearer Influence of your royal Preſence, yet we yield to none of your Majeſty's Subjects in Fidelity and Loyalty, and in ardent Wiſhes, that your Majeſty's Reign may exceed all your Predeceſſors, in Length, Proſperity and Glory, and that the *Britiſh* Scepter may for ever be eſtabliſhed in your Majeſty's moſt illuſtrious Houſe.

It is the Opinion of this Houſe, that the Commiſſioners for letting to Farm the Exciſe, having neglected their Duty, in not putting the ſaid Recognizances in Suit, againſt the

Sureties of the ſaid *Jordain*, immediately after they became due, and were not paid, that the Commiſſioners are anſwerable for the ſame, and that the granting the Prayer of the Petitioner, would be giving too great an Encouragement to the Commiſſioners, to neglect the Performance of their Duty for the future; therefore it is,

Col. *Hicks* reported from the Committee of Grievances, That by Complaints and Informations laid before them by ſeveral Perſons, and likewiſe from ſome of their own Knowledge, many of his Majeſty's leige Subjects have of late been proſecuted in their reſpective Counties, upon Informations filed againſt them by the Attorney General, or his Deputies, and others compelled to defend the ſame, in the Supream Court at the City of *New-York*, tho' the Matters charged upon them, have often been trivial, and that Numbers of the Juſtices of the Peace of ſeveral Counties, ſtill Labour under the like Proſecutions. It is their Opinion, that ſuch Proceedings are chiefly carried on, either to ſerve ſome extravagant Fees and Charges from the People, or to frighten them into unreaſonable Compoſitions, and that ſuch illegal Practices ought to be prevented for the future; which Report being read, was approved of by the Houſe; and it was thereupon,

Reſolved, Nemine Contradicente, That all Proſecutions in this Colony for any Crime or Offence whatever, except upon Preſentments or Indictments of a Grand Inqueſt, are contrary to the known Laws and Practice of this Province, and a grievous Oppreſſion to the Subjects.

MR. *Bobin* laid before this House, by his Excellency's Order, an Account of *Two Pounds Seven Shillings*, for the Passages of eleven Soldiers, *&c.* by *Peter Winne*.

Ordered, That the said Account be refered to the Committee of the whole House, on his Excellency's Speech, when they take that Part thereof, relating to the Trading House at *Oswego*, into Consideration.

The Petition of the Mayor, Aldermen and Assistants of the City of *Albany*, was presented to the House, and read, praying they may have Leave to bring in a Bill to raise by Taxes yearly for five Years, a Sum not exceeding *Forty Pounds*.

Ordered, That Leave be given to bring in a Bill according to the Prayer of the Petition.

The Bill, entitled, *An Act, to prevent Damages by Swine in the Manor of* Livingston, *in the County of* Albany; was read the second Time, and committed.

Mr. *Livingston* (according to Order) presented to this House, a Bill, entitled, *An Act, for preventing malicious Prosecutions by Informations*; was read the first Time, and ordered to be read a second Time.

The House (according to Order) resolved into a Committee of the whole House, to consider further of his Excellency's Speech; and Mr. *Livingston* reported from the Committee, That they had considered that Part of it relating to the trading House erected at *Oswego*, and although they find the Charges and Contingences for that Service, has far exceeded the Sum appropriated for that Undertaking by an Act passed in *November* last, they are nevertheless of Opinion, that all the reasonable Charge thereof ought to be paid and provided for, because the said Building is esteemed formidable and defencible, and to tend very much to secure the Six Nations in the *British* Interest, and to promote the Trade with the more remote Nations.

That having examined all the Accounts brought in, of the Workmanship, Materials and contingent Charges that have already happened, and will arise till *April* next, and made a Computation of the further Charges and Provisions necessary to subsist 25 Men for 30 Weeks after that Time; they find the whole Charge thereof will amount to the Sum of *One Thousand Six Hundred and Eighty Two Pounds, Seventeen Shillings and Four-pence*, as by a List of the Particulars thereof may appear more at large.

And that for the Discharge thereof, they had come to the following Resolutions, which being read, were agreed to and approved of by the House, and are as follows:

Resolved, That the *Three Hundred Pounds* appropriated to build Conveniences for promoting and encouraging the *Indian* Trade, by an Act passed in *November*, 1726, shall be Part of the Sum above-mentioned.

Resolved, That the Residue of all the several Taxes raised for securing the *Indians* to the *British* Interest, and promoting the *Indian* Trade, which remain or ought to be in the Treasury, shall be employed towards discharging the said first-mentioned Sum.

Resolved, That the *Six Hundred Pounds* arisen and to arise by the Act which lays different Duties on *Indian* Goods, until the 8th Day of *July* next, and which was appropriated for maintaining proper Persons among the Five Nations, *&c.* shall likewise be employed towards the Discharge of the Sum first-mentioned.

Resolved, That the Residue of all the Fines and Forfeitures, which are already paid into the Treasury, by Persons trading with the *French*, contrary to Law; shall also be employed towards discharging the Sum first mentioned.

Resolved, That the *Two Hundred Pounds* offered to be paid by *Nicholas Schuyler* and *Jacob Wendell*, for having contraven'd the said Laws, shall likewise be employed towards discharging the Sum above-mentioned; and that the said *Schuyler* and *Wendell*, paying the said *Two Hundred Pounds* into the Treasury, within Days after the Publication of an Act to be passed pursuant to these Resolutions, shall thereupon be released and discharged of the Bonds and Recognizances entered into by them, and of all further Forfeitures or Prosecutions for their said Transgressions.

Resolved, That of Monies now in the Treasury upon Account of the Excise, a Sum not exceeding the Sum of *Seven Hundred Pounds* shall be borrowed, and employed to discharge such Part of the Sum first-mentioned, as may require immediate Payment.

Resolved, That all the Fines and Forfeitures not yet paid in, for trading with the *French*, contrary to the several Laws of this Colony, shall be recovered from those that have transgressed the same, according to the Intent and Tenor of the said Laws, and that strong Clauses shall be made for the effectual Recovery thereof.

Resolved, That the different Duties laid on *Indian* Goods, by an Act passed in *June*, 1726, and enforced by an Act passed in *November* following, shall be continued for one Year and an Half, from and after the 8th of *July*, which will be in the Year 1728.

Resolved, That all the Monies to arise by Means of the Fines and Forfeitures aforesaid, as also by Means of the double Duties on *Indian* Goods, between the 17th of *June* and 8th of *July*, 1726; and likewise the Duties now intended to be continued, shall be employed in the first Place to repay the abovementioned Sum of *Seven Hundred Pounds*, which is then to be replaced to the Account of the Excise, for the Ends and Purposes intended by former Acts of the General Assembly; and that all the Surplus of the said Funds shall be employed and disposed of in such Manner, as by Act or Acts hereafter to be made for that Purpose, shall be directed.

Ordered, That a Bill be brought in according to the several Resolutions above-mentioned; and that the Members for the City of *New-York*, and Mr. Chief Justice, do prepare and bring the same.

Then the House adjourned to *Monday* next.

Die Lunæ, 9 *ho. A. M. Nov.* 6, 1727.

MR. *Van Brugh* (according to Leave) presented to this House, a Bill, entitled, *An Act, to enable the Mayor, Aldermen and Commonalty of the City of* Albany, *to defray the publick and necessary Charge of the said City*; which was read the first Time, and ordered to be read a second Time.

Die Lunæ, 3 *ho. P. M. Nov.* 6, 1727.

MR. *Garretsen* reported from the Committee of Privileges and Elections, That they have examined the Petition of Col. *Myndert Schuyler*, as also another of a great Number of Freeholders and Freemen of the City and County of *Albany*, complaining of

of an undue Election and Return in the ſaid City and County; and likewiſe ſeveral Witneſſes, Affidavits and Certificates to ſupport the ſaid Complaint. That they have on the other Hand heard the returned Members, Mr. *Johannis Cuyler* and Capt. *Peter Van Brugh*, and examined ſeveral Witneſſes, Affidavits and Certificates in Defence of the ſaid Complaint; and do find, there have been many ill Practices in the ſaid Election, and that it was carried on by Ways and Means very different from what had been the conſtant Practice there until that Time. And although the Committee (having maturely conſidered the whole Matter) are not of Opinion, that the ſame are ſufficient to make void the Return, or to diſcharge the ſitting Members, they are nevertheleſs humbly of Opinion, that the Election for the ſaid City and County ought to be put under ſuch Regulations, as may diſcourage and prevent the like indirect Practices for the future, leaſt Corruptions of that Kind ſhould prevail there. And your Committee do in the mean-while crave Leave to obſerve, that by a Memorial offered in Anſwer to Col. *Schuyler's* Petition, he has (in our Opinion) been unjuſtly and undeſervedly treated, becauſe by moſt of their own Experience for many Years in former Aſſemblies, and in his private Dealings, they always found him a good and worthy Member, and fair Trader; which Report being read, was approved of by the Houſe; and it was thereupon

Reſolved, That the ſaid Mr. *Cuyler* and Capt. *Van Brugh*, be continued Members of this Houſe, for the City and County of *Albany*, during the Continuance of this preſent General Aſſembly.

Reſolved, That the Houſe will conſider of proper Methods and Directions to regulate the Elections of Members for the ſaid City and County of *Albany*, for the future, ſo as to prevent ſuch Irregularities and Complaints as have happened concerning the laſt Election there.

Mr. *Beekman* reported from the Committee to whom was referred the Bill, entitled, *An* Act, *to prevent Damages by Swine in the Manor of* Livingſton, *in the County of* Albany; That they had gone through the Bill, and made ſeveral Amendments to the ſame; which being reported and read,

A Motion was made, that the Bill be recommitted; which being carried in the Affirmative;

Ordered, That the Bill be re-committed, and Mr. *Cuyler* being gone Home by Leave, that the Members of *Ulſter* and Mr. *Schuyler*, be added to the Committee, or any 5 of them.

Mr. *Bobin*, laid before this Houſe, an Account of Sums ordered to be paid by Warrants in Council, the firſt Day of *November*, 1727, *viz.*

As to the settling of the Partition and Division Limits, between this and the neighbouring Colonies; Resolved, *That the same shall be taken into Consideration, at the next Meeting of this House, though they are in the mean while of Opinion, that particular Directions and Instructions, ought to be had from his Majesty, before we adventure to settle the Partition Line, betwixt this Colony and that of the* Massachusets, *because the Concessions made to* Connecticut, *cannot be held as a Rule, for as much as* Massachusets, *is vastly broader where they border upon us.*

COL. *Hicks* from the Committee of Grievances, reported, that as well by the Complaints of several People, as by the general Cry of his Majesty's Subjects inhabiting this Colony, they find, that the Court of Chancery as lately assumed to be set up here, renders the Liberties and Properties of the said Subjects extremely precarious; and that by the violent Measures taken in and allowed by it, some have been ruined, others obliged to abandon the Colony, and many restrained in it, either by Imprisonment, or by excessive Bail exacted from them, not to depart even when no Manner of Suits are depending against them; and therefore are of Opinion, that the extraordinary Proceedings of that Court, and the exorbitant Fees and Charges countenanced to be exacted by the Officers and Practitioners thereof, are the greatest Grievance and Oppression this Colony has ever felt; and that for Removal of the fatal Consequences thereof, they had come to several Resolutions; which being read, were approved of by the House, and are as follows, *to wit*,

Resolved, That the erecting or exercising in this Colony a Court of Equity or Chancery, (however it may be termed) without Consent in General Assembly, is unwarrantable, and contrary to the Laws of *England*, a manifest Oppression and Grievance to the Subjects, and of pernicious Consequence to their Liberties and Properties.

Resolved, That this House will, at their next Meeting, prepare and pass an Act, to declare and adjudge all Orders, Ordinances, Decrees and Proceedings of the Court so assumed to be erected and exercised as abovementioned, to be illegal, null and void, as by Law and of Right they ought to be.

Resolved, That this House at the same Time will take into Consideration, whether it be

be neceſſary to eſtabliſh a Court of Equity or Chancery in this Colony, in whom the Juriſdiction thereof ought to be veſted, and how far the Powers of it ſhall be preſcribed and limitted.

Dirck Egberts, Door-keeper of this Houſe, delivered in an Account for white-waſhing and cleaning the Aſſembly Chamber and Lobby, and for mending the Glaſs Windows thereof; for the Demand of which, the Houſe are of Opinion, he ought to be paid the Sum of *Fifty Shillings*.

A Meſſage from the Governor, by Mr. *Bobin*, Deputy Clerk of the Council.

Mr. Speaker, His Excellency requires the Attendance of this Houſe at the Council Chamber immediately.

The Speaker and the Houſe went thither accordingly; and it appears in the Council Books, that his Excellency gave his Aſſent to the following Acts, and the ſame were publiſhed at the City-Hall, *to wit*,

THE House waited on his Excellency, to present their said Speaker to him; and being returned, Mr. Speaker resumed the Chair, and reported to the House, That they having presented him as their Speaker, his Excellency was pleased to approve of their Choice: That after a short Apology in Behalf of himself, he had desired of his Excellency in Behalf of the House, that their Words and Actions might always have a favourable Construction; that the Members might from Time to Time have free Access to his Excellency; and that they and their Servants might have the same Privileges and Protections as usual; and that his Excellency had been pleased readily to promise all that had been desired in Behalf of the House; and that then his Excellency was pleased to make a Speech to the House, of which (to prevent Mistakes) he had obtained a Copy.

A Bill, entitled, *An* Act, *to amend the Practice of the Law, and to regulate the giving of special Bail*; was read the first Time, and ordered to be read a second Time.

Ordered, That his Excellency's Speech be read; which being read accordingly, is as followeth, *viz.*

Gentlemen,

'WHEN his Majesty did me the Honour to appoint me Governor of this Province, I was 'very sensible of my Insufficiency for so great a Trust, yet 'I willingly undertook it, thinking it my Duty to serve 'my King and Country, in whatever Station his Majesty 'was pleased to employ me.

'It was no small Encouragement to me, to hear before 'I left *England*, a general good Character of the Inhabi-'tants of this Province, and I hope after being some 'Time longer with you, I shall be able to vouch it by 'Experience.

'You who are the free Choice and Representatives of 'the People, who I have so much Reason to believe are 'well principled, I hope are met together, determined to 'support his Majesty's Government; by settling upon 'him a Revenue, in as ample a Manner, and at as least 'for as long a Time, as former Assemblies have given it 'to his Predecessors. By so doing you will express your 'Loyalty and Gratitude to the best of Kings, who is able 'and willing to secure to you your Religion, Laws, Li-'berties and Properties; is ready to protect the Trade you 'are at present possessed of, and is graciously resolved to 'encourage the Increase of your Commerce, and the 'Flourishing of your Manufactures.

'I am fully instructed to concur with you in every 'Thing, that is for the real Good and Interest of the 'Province, and to take particular Care that you enjoy your 'Rights and Privileges in their full Extent. At the same 'Time, I am commanded to support his Majesty's royal 'Prerogative, which I will do with the greatest Zeal, 'and if any factious and presumptuous Attempt be made 'against so essential a Part of the Constitution, I expect 'that you will oppose it.

'*Gentlemen*, I confide so much in the good Intentions 'of this Assembly, that I shall not propose to you any 'particular Method of supporting the Government or se-'curing the Province and its Frontier, where all the Gar-'risons are in a ruinous Condition. The Things I re-'commend to you, are for your Honour and Safety, and 'and your doing them effectually, will confirm his Ma-'jesty in the good Opinion he has of his Subjects here.'

UPON a Motion made, That of the General Aſſembly, which was abruptly diſſolved in *November* laſt, the Members thereof were at the ſame Time very ruffly uſed, and

and that afterwards, ſeveral of the ſaid Members were called by an high Hand, to give an Account of the Proceedings of that Houſe, and one of them kept under Confinement, for inſiſting that he conceived himſelf accountable to the Houſe, only for any Act done in it; and the ſame having been duly conſidered, It is the unanimous Opinion of this Houſe, That ſuch Attempts are the higheſt Violation of the Privileges of General Aſſemblies, and that the Liberties and Properties of the People would be rendered extream precarious, if even thoſe who repreſent them ſhould be called to an Account, for what they do when they are convened in General Aſſembly, and therefore, came to the following Reſolutions.

Reſolved, That for any Act, Matter or Thing, done in the General Aſſembly, the Members thereof are accountable and anſwerable to the Houſe only, and to no other Perſon or Perſons whatever.

Reſolved, That the calling or preſuming to call, Members of the General Aſſembly to an Account for any Act, Matter or Thing, done in the Houſe, as an Act thereof (except by the Houſe itſelf) is the higheſt Violation and Breach of the Privileges due, and of right belonging to General Aſſemblies, and of pernicious and dangerous Conſequence to the Liberties of the People.

Reſolved, That this Houſe take proper and effectual Meaſures, as well to have Reparation for ſuch unprecedented and unwarrantable Infractions of the undoubted Privileges of General Aſſemblies, as to prevent the Infringement thereof for the future.

Ordered, That the Clerk of the Council, deliver to this Houſe, all the Proceedings had againſt ſome of the Members of that Aſſembly, which was diſſolved in *November* laſt, or a Copy thereof, and that the Clerk of this Houſe ſerve him with a Copy of this Order for that Purpoſe.

Ordered, That the Committee of Grievances, examine into the ſaid Proceedings, what Members were ſo uſed and called to an Account as aforeſaid, by whom, in what Manner, and upon what Colour, Pretence or Motive; and that they ſtate the ſame, and make Report thereof to this Houſe, together with their Opinion thereon, as ſoon as they have fully examined and conſidered the whole Matter; and that they have Power to ſend for Perſons, Papers and Records.

The Petition of ſeveral Coopers inhabiting in the City of *New-York*, was preſented to the Houſe, and read, ſetting forth, that ſince the Act for laying a Duty on empty Caſks, imported from the neighbouring Colonies into the ſaid City has been expired, ſundry empty Caſks have been imported, as well to the great Damage of the Merchants as to the maniſeſt Prejudice of the Coopers, inhabiting the ſaid City, who are thereby put to great Difficulties to ſupport their Families, and therefore prayed Relief therein.

Ordered, The ſame lie on the Table for the Members to peruſe.

A Motion was made, That whereas Flour is the ſtaple Commodity of this Colony, and has of late (as 'tis ſaid) loſt much of its Reputation abroad; it's the Opinion of this Houſe, that the ſame is, in a great Meaſure, occaſioned by the Want of a due Regulation and Inſpection of the Flour tranſported from this Colony; and it is therefore,

Ordered, That a Bill be brought in to prevent the Exportation of unmerchantable Flour; and that the Members of the City of *New-York*, prepare and bring in the ſame.

Reſolved, That this Houſe will, *Friday* next, reſolve into a Committee of the whole Houſe, to conſider further of his Excellency's Speech.

Gentlemen,

AT *the Opening of this Session, I acquainted you with the ruinous Condition of the frontier Garrisons; I do not doubt your repairing, and also supporting them, for without doing so, no Part of the Province will be in Safety; your Trade with the* Indians *will be lost, and your Treaties and Alliances with the Six Nations, will become despicable.*

I take this Opportunity of telling you, that I have carefully inspected the Fort here, where the Fortifications, the Carriages of the Cannon, the Barracks and the Magazines are all in a bad Condition; that the ordinary Allowance for supporting them, will be far from being sufficient to put them in good Order; but if they are once thoroughly repaired, I hope by good Management to keep them so, without exceeding the Sum annually given for that Service.

They think the Houſe at Oſwego, *which has been built, and hitherto ſupported by you, of ſo great Conſequence to themſelves and us, that they expect you will keep a Garriſon there; and we ſhall appear very contemptable in the Eyes of the World, if you do not ſeaſonably and amply provide for the Maintenance and Support of it, which I earneſtly and heartily recommend to you. The* Indians, *on their Part, promiſe to aſſiſt us againſt any Power that dares to attack it.*

I am ſorry that the Expences of that Place has been ſo burthenſome to the Province; but I believe there will be Methods propoſed to you, of doing it at far leſs Charge than what it has hitherto coſt you: I leave that entirely to your Conſideration, not doubting but you will provide for it effectually; and the leſs Expence the Province is at, it will be the more pleaſing to me.

I have one Thing more to recommend to you, which is, appointing an Agent to ſollicit your Affairs at the Court of Great-Britain; *and I muſt take this Occaſion of doing Juſtice to the Gentleman you laſt employed, by telling you, that to my certain Knowledge, he ſerved you diligently and honeſtly, and very well deſerves the Continuance of the Truſt you repoſed in him.*

And the House being of Opinion, as to the several Taxes before-mentioned, That the Arrearages thereof are occasioned, either by the Neglect of the respective Collectors who were to gather the said several Taxes, as the same became due and payable, or that they have detained the Money in their Hands, or perhaps converted the same to their own Use; conceive it absolutly necessary and high Time to recover those Arrears, as well to preserve the publick Credit of this Colony, as to prevent such Neglect and Abuses for the future. And it is therefore,

Ordered, That an Abstract of the Treasurer's Accounts, how much the City of *New-York* is in Arrear of each of the said Taxes, be delivered by the Clerk of this House, to the Mayor of the said City, who is upon the Receipt thereof, to convene the Recorder, Aldermen and Town Clerk, and examine by the several Assessments of the aforesaid Taxes, how much each respective Ward and what Collectors thereof are in Arrear; and that they thereupon take due Care, that such Arrears may effectually be paid into the Treasury, by such Collectors respectively, who have or were to receive the same, or by their respective Heirs, Executors or Administrators, within the Space of three Months; and the better to enable the said Mayor, *&c.* for the Purposes aforesaid, that the Clerk of this House, do (if required) deliver to the said Town Clerk, the Treasurer's Accounts of the said Taxes, so far as they relate to the said City and County, provided the same be returned within fourteen Days after the Delivery thereof.

Ordered, That the respective Members of this House, for the several Counties in this Colony, do take Abstracts of the Treasurer's Accounts aforesaid, so far as it relates to their own County, and transmit the same with all convenient Speed, to the first Justice of the Peace in that County; who upon Receipt thereof, is to convene the other Justices or the major Part of them, and taking the County Clerk to their Assistance, examine by the several Assessments of the before-mentioned Taxes, how much each Town, Manor or Precinct, and what Collector or Collectors thereof are in Arrear, and that they do thereupon take due Care that such Arrears, may effectually be paid into the Treasury by the respective Collectors, who have or were to receive the same, or by their respective Heirs, Executors or Administrators, within 3 Months, and the better to enable the said Justices for the Purposes aforesaid, that the Clerk of this House, (if applied to) deliver to the said first Justice the Treasurer's Accounts of the aforesaid Taxes, so far as the same relate to that County, provided they are returned within 28 Days after the Delivery thereof.

And forasmuch as it may so happen, that some of the respective Collectors aforesaid, might still be remiss in paying into the Treasury, the Money they have or ought to have received on the several Taxes before-mentioned, within the Time above limitted, notwithstanding the foregoing easy Method prescribed to prevent Prosecution;

Resolved,

Reſolved, That a Bill be brought in, to oblige and proſecute to Effect, ſuch of the aforeſaid Collectors, their Heirs, Executors or Adminiſtrators, as ſhall not actually pay unto the Treaſurer of this Colony, within the Time above-mentioned, the Money which they reſpectively have or ought to have collected, by Virtue of the ſeveral Acts before-mentioned.

Ordered, That Capt. *Rutgers*, Major *Philipſe*, Major *Plat* and Col. *Philip Schuyler*, prepare and bring in ſuch a Bill accordingly; and that it be an Inſtruction to them, to put proper Clauſes therein, to make the ſaid Payments effectual, and likewiſe, that ſuch Part thereof as might not be recovered in that Manner, ſhall be raiſed and levied in the particular Wards, Manors, Towns and Precincts, which choſe ſuch Collectors.

And as to the Arrears of the Exciſe, the Houſe being of Opinion, that the Arrears thereof, ought no longer to be detained for the Reaſons before-mentioned;

Ordered, That the reſpective Members of this Houſe, take an Abſtract of the State thereof, and to deliver the ſame to one of the Commiſſioners, that has been appointed in the City or County, for which they are Members, and to acquaint them, that if they, their Heirs, Executors or Adminiſtrators, ſhall not reſpectively pay into the Treaſury, what they are in Arrear on the ſaid Exciſe, within three Months, they ſhall be proceeded againſt without any further Delay, as in that Behalf is directed, in and by an Act, entitled, *An* Act, *for continuing an Act*, entitled, *An* Act *appointing Commiſſioners to let to Farm the Exciſe of ſtrong Liquors, in the Cities and Counties in this Colony, and for changing ſome Commiſſioners, and for recovering the Arrears of Exciſe; paſſed in the firſt Year of his preſent Majeſty's Reign*; and leaſt a failure happen therein,

Ordered, That it be a further Inſtruction to the before named Committee, to add proper Clauſes for the effectual Recovery of the ſaid Exciſe, after the Expiration of the aforeſaid three Months.

And whereas the Houſe has been credibly informed, that ſeveral *Negroes* and other Slaves, have been brought into ſeveral Parts of this Colony, beſides the City of *New-York*, without paying the Duties impoſed thereon, by Acts of the General Aſſembly; which being a Diſcouragement to the fair Traders, and a leſſening of the Duties appropriated for ſupporting his Majeſty's Government in this Colony;

Ordered, That it be likewiſe an Inſtruction to the aforeſaid Committee, to add a Clauſe, impowering the Treaſurer of this Colony, to depute proper Perſons in ſuch Cities or Counties, where *Negroes* or other Slaves have been or ſhall be brought, or imported, either by Land or Water, for receiving or recovering the neat Duties thereof, with a reaſonable Allowance for their Trouble therein; and that upon refuſal of paying the ſaid Duties, the ſaid Deputies be impowered to ſeize ſuch *Negro* and other Slaves, and to proceed thereon in ſuch Manner, as in and by the Act or Acts is directed, which impoſed the ſaid Duties.

Major *Philipſe* from the Committee, appointed to examine what Laws are expired, *&c.* and what new Acts they judge proper to be made, for the Benefit of the Colony or the Inhabitants thereof; reported, That they conceive the Importation of Salt from *Europe* in this Colony, would be a vaſt Advantage to the Country and the Navigation thereof: Whereupon it was,

Reſolved, That Mr. Speaker, Mr. *De Lancey* and Major *Philipſe*, wait on his Excellency, to deſire that he and the Gentlemen of the Council, would be pleaſed to join with this Houſe, in a proper Repreſentation to obtain an Act of Parliament for the Purpoſe aforeſaid.

Then the Houſe adjourned till 3 of the Clock in the Afternoon.

THE Bill, entitled, *An* Act, *for licenſing Hawkers and Pedlers, within this Colony*; was read the ſecond Time, and committed to a Committee of the whole Houſe.

A Motion being made, That in as much as by the great Numbers of Perſons which have ſet up to practiſe the Law, Actions and Suits at Law, in the ſeveral Courts of this Colony, have been very much multiplied, and many of them ſtirred up and encouraged by unwarrantable Methods, to the great Hurt, Vexation, and Damage of his Majeſty's good Subjects, it deſerved the Conſideration of this Houſe, how to check that Evil, and to prevent it afterwards; and the Houſe being ſenſible thereof,

Ordered,

Ordered, That the Committee of this House, which were at the last Conference, do draw up Reasons, why this House cannot agree to the said Amendments, notwithstanding the said Reasons.

The Speaker (at the Request of his Excellency) communicated to this House, a Letter from Mr. *David Humphreys*, Secretary to the Society for the Propagation of the Gospel in foreign Parts, dated in *London*, the 23d of *September* last, directed to his said Excellency; importing, that whereas a large and valuable Library of Books, consisting of about a thousand Volumes, had been bequeathed to them, by the late Dr. *Millington*, Rector of *Newington*; and that the Society being desirous to place the same, where it might be most useful abroad, had agreed to fix it in the City of *New-York*. But it being their Intention it should be established a Library, from which the Clergy and Gentlemen of this Government, and *Jersey*, *Pennsylvania* and *Connecticut*, might borrow Books to read, upon giving Security to return them within a limitted Time; it was their Desire that a proper Method should be taken for the Preservation of the Books, before they send them over; and therefore, desired it might be recommended to the Assembly, that a proper Place may be provided, wherein this Library may be reposited for the publick Use, and that an Act be made, providing for the due Preservation of these Books, and all others, which shall be added to them.

Which Letter being read, the House do in the most grateful Manner, acknowledge the favourable Intention of the Society towards this Place, in prefering it before any of his Majesty's other Plantations on this Continent, to reposite a Library in, which will not only redound to the Reputation of this Colony, but be vastly useful and beneficial to the Inhabitants thereof. But before the House proceed to take any Resolutions thereon; it is,

Ordered, That the Clerk deliver a Copy of this Minute to the Mayor of the City of *New-York*, who is desired to convene the Common Council upon the Subject Matter thereof, and that they make return to this House, whether that Corporation already have a proper and convenient Place for such a Library, and are willing to make it suitable for that Use.

Mr. *Livingston* reported from the Committee, appointed to consider the Reasons of the Council, for their Amendments to the Bill, entitled, *An* Act, *for the more easy Acknowledgement of Deeds*, That they are of Opinion, this House cannot agree to the said Amendments.

First, For that both the Title and Scope of the Bill, is only for making the Acknowledgement of Deeds easy to the Subjects; And,

To the Honourable the House of Representatives of the Colony of New-York, *in General Assembly convened.*

Mr. Speaker,

WE the Mayor, Recorder, Aldermen and Assistants, of the City of *New-York*, convened in Common Council, are very thankful for the Message sent down to us by the honourable House, concerning a proper Repository for the Library of the Reverend Dr. *Millington*, offered to this Province by the Venerable the Society, for Propagation of the Gospel. We are truly sensible of the great Advantages which may arise from so generous and seasonable a Present, and we are zealously disposed to receive the same; and in Order thereto, we do resolve to provide a large Room for their Accommodation, which shall be at any Time hereafter, ready for that Purpose; but as we are ignorant at present of what Volumes the said Library does consist, we cannot put that Room into the necessary Order, by preparing Shelves, Desks, Seats and other Accommodations, as we are inclined to do.

The Confirmation and Enjoyment of this Favour we hope for, from the Recommendations and Assistance of his Excellency the Governor and the honourable House, and we will not be wanting on our Parts, to deserve the same. Mr. *Bobin*, Deputy Clerk of the Council, brought to this Houſe, the engroſſed Repreſentation, to the Right Honourable the Lords of the Treaſury, and a Duplicate thereof, ſigned by his Excellency and the Gentlemen of the Council.

Ordered, That the ſame be entered at Length in the Journal of this Houſe; being in the Words following.

To the Right Honourable the Lords Commiſſioners of the Treaſury, the Repreſentation of his Excellency the Governor, Council, and General Aſſembly of the Colony of *New-York*, in *North-America*.

May it pleaſe your Lordſhips,

THE Inhabitants of this Colony have generally applied themſelves to Tillage and Huſbandry, and Bread and Flour being

being their ſtaple Commodities, which at preſent, bears ſo great a Price, as that neither the Merchant or Farmer, can find his Account therein; and we having no Means ſo open to View, for the Enlargement of our Trade and Commerce, as by applying ourſelves to the Eſtabliſhment of a Fiſhery, being moſt commodiouſly ſituated for the ſame; which nevertheleſs we cannot preſume to attempt, leaſt the Statute of the 5th of King Charles, *the IId.* entitled, *An* Act, for the Encouragement of Trade, confining the Importation of Salt to *Newfoundland*, and *New-England*; *ſhould at any Time be conſtrued to our Diſadvantage.*

We therefore addreſs ourſelves to your Lordſhips, intreating the Right Honourable Board to take the following Circumſtances into Conſideration, in order to our obtaining your Lordſhips Mediation, with the Legiſlature, for the ſame Privilege to be granted to his Majeſty's moſt dutiful and loyal Colony, as is given to the Colonies above-mentioned; together with Pennſylvania, *(many Leagues to the Southward of us) by a Statute of the firſt Year of his preſent moſt excellent Majeſty.*

May it pleaſe your Lordſhips,

Connecticut *is on all Hands, admitted to be a Part of* New-England, *and accordingly enjoys the free Importation of Salt from* Europe; *whereas we are ſuppoſed to be excluded, although* Naſſau, *or* Long-Iſland, *intirely forms the Southern Shore of that Sound, or Arm of the Sea; whereof* Connecticut, *in its full Extent, does not wholly compoſe the Northern Shore; which Sound is their only Fiſhery, unleſs they go out to Sea, for which we are in all Circumſtances much better accommodated; this Sound alſo forming the Port and Harbour of the City of* New-York, *Sandy Point, by which is the more frequented Entrance into this Port; together with* Naſſau, Staten *and* Coney Iſlands, *all Members of this Colony, make a deep and ſpacious Bay, into which* Hudſon's *River, (after paſſing ſome Hundred Miles through this Government; whereof near two Hundred are navigable) empties itſelf; both which River and Bay, afford great Quantities of Baſs, Shad, Herring, Sardine, Sturgeon, and other Kinds of merchantable Fiſh, more than ſufficient to give immediate Encouragement for our propoſed Undertaking, if we were enabled to bring Salt from* Europe; *that of* America *being of too high a Price, and at the ſame Time, of ſo penetrating a Nature, as renders it unfit for the Uſe intended.*

We intreat your Lordſhips will look favourably upon this our Requeſt, as we hope it will ſoon appear to be a general Benefit to the Kingdom of Great-Britain, *by an additional Strength to the Navigation thereof, and the greater Conſumption of the Woolen Manufacture, as this Privilege will enable us to make more direct and advantageous Returns for the ſame.*

Ordered, *That the Members of this Houſe, do ſign the ſaid Repreſentation; which being done,*

Ordered, *That the Speaker tranſmit the ſame to* Peter Leheup, *Eſq; appointed Agent for this Colony at the Court of* Great-Britain, *by an Act paſſed this Seſſions; at the ſame Time, and in the ſame Manner as in the ſaid Act is directed, that Remittances be made to him for defraying the Charge and Expence in obtaining an Act, or a Clauſe in an Act of Parliament, for the free Importation of* European *Salt in this Colony.*

Reſolved, *That the Speaker do at the ſame Time, recommend him to have a due Regard to the Intereſt of this Colony in general, at the ſaid Court; that he do ſolicit his Majeſty's Approbation of the ſeveral Acts paſſed in this, and in former Seſſions; more eſpecially of the Act,* entitled, *An* Act, to amend the Practiſe of the Law, and to regulate the giving ſpecial Bail.

That he endeavour to procure and ſend hither, a Copy of the Reaſons of the Lords for Trade and Plantations, for repealing the Act, entitled, *An* Act, for the eaſier Partition of Lands held in Common, and promoting the Settling and Improvement thereof; and for confirming former Diviſions in the ſettled Townſhips of this Colony; *to the End ſuch Objections might be avoided in framing a new Law for the ſame Purpoſe, it being conceived nothing can tend more to the better Settlement of this Colony, than a Law of that Nature. That he forward and ſolicit all ſuch Affairs, as any of the Inhabitants of this Colony apply to him for, provided that the Expence thereof be borne by ſuch Perſons, and not by the publick. And the ſaid Speaker is likewiſe deſired, that upon the Receſs, Adjournment or Prorogation of the General Aſſembly, he will give ſuch farther Inſtructions to the ſaid Agent, as the Service and Intereſt of this Colony may require.*

Ordered, That the Clerk of this Houſe return to his Excellency, the two Letters from the Governor of the Colony of *Connecticut*, to his Excellency; as likewiſe his Conference with the Six Nations of *Indians* at *Albany*, in *October* laſt.

Ordered, That the ſaid Clerk return into the Secretary's Office, the Book which was lodged there by the Commiſſioners appointed laſt Year, for recovering former Fines and Forfeitures.

Ordered, That the ſaid Clerk deliver to the reſpective Members of this Houſe, the Treaſurer's Accounts of Taxes ſince the Year 1721, to the End it may the better be examined and diſcovered what Cities, Counties, Manors, Precincts, and Wards, and what and how much the ſeveral Collectors thereof are ſtill in arrear in the ſaid Taxes.

Ordered, That the ſaid Clerk deliver to the Treaſurer, all the ſeveral Accounts which have been allowed of and provided for in the Act paſſed this Seſſion, for the Uſe of the Trading Houſe at *Oſwego*.

Reſolved, That this Houſe will, in the next Seſſions, take into Conſideration what is proper to be done for compleating the Partition Lines betwixt this and *Connecticut* Colony, the public Affairs of the Government having prevented the Houſe from doing of it now, eſpecially ſince the Harveſt calls moſt of the Members home; and the Houſe requeſts his Excellency to ſend a Copy of this Minute to Governor *Talcot*, and at the ſame Time to deſire that he will, in the mean while, take proper Meaſures that no Encroachments or Treſpaſſes may be made by their Borderers.

Mr. *Bobin* brought to the Houſe, his Majeſty's Royal Diſallowance of an Act to prevent Proſecutions by Information; which was read, and is as follows, *viz.*

At the COURT at *St. James's*, the 6th Day of *November*, 1728.

Which Act having been peruſed and conſidered, by the Lords Commiſſioners for Trade and Plantations; and by them repreſented as proper to be repealed, his Majeſty is this Day pleaſed, with the Advice of the Privy Council, to declare his Diſallowance thereof; and purſuant to his Royal Pleaſure thereupon expreſſed, the ſaid Act is hereby repealed, declared void and of none Effect; whereof the Governor or Commander in Chief for the Time being of the ſaid Province, and all others whom it may concern, are to take Notice, and govern themſelves accordingly.

Then the Houſe adjourned till 3 of the Clock in the Afternoon.

A Message from the Governor, by Mr. *Bobin*, Deputy Secretary.

Mr. Speaker, His Excellency requires the Attendance of this House, at the Council Chamber immediately.

Then Mr. Speaker left the Chair, and with the House, attended accordingly; being returned, Mr. Speaker resumed the Chair, and informed the House, his Excellency had made a Speech to them; of which (to prevent Mistakes) he had obtained a Copy; which being read, is as follows, *viz.*

Gentlemen,

'THE principal Reason of my calling you together at this Time, is to acquaint you, that his Majesty has disallowed all the Acts you have passed, prohibiting the selling of *Indian* Goods to the *French*, or laying Duties on them from the Year 1720, to the Year 1729; which I believe is what you expect from the late Accounts we have had from *England*.

'By the Repeal of these Acts, which I shall lay before you, the last Provision you made for the Support of the House and Garrison at *Oswego*, is rendered altogether ineffectual.

'Every Man who knows the Interest and Circumstances of this Province, must be very sensible of the Importance of that Place, on which chiefly depends the Prosperity and Success of your *Indian* Trade; the Fidelity and Obedience of the Six Nations to the Crown of *Great-Britain*; and the Protection and Defence of your frontier Settlements. The Season of the Year for transporting Men and Provisions, being now far advanced, I earnestly desire that you will speedily provide effectual and unexceptionable Supplies for this Service.

'I also expect you will take into your serious Consideration, the ruinous Condition of all the other frontier Garrisons, and the miserable State of the Officers Barracks in the Fort at *New-York*.

'It gives me very great Uneasiness to propose any Expence to the Province; but the Things I have mentioned are so absolutely necessary for his Majesty's Service, and the Safety of his Subjects, that I think myself indispensably obliged to recommend them most earnestly to you.

JOHN MONTGOMERIE.

MR. *Garritson* presented to the House, a Bill, entitled, *An* Act, *for the better clearing, regulating, and further laying-out public Highways in* King's *County*; which was read the first Time, and ordered to be read a second Time.

The House (according to Order) resolved into a Committee, on that Part of his Excellency's Speech, relating to the Trading House at *Oswego*; and Mr. *Livingston* reported from the said Committee,

That the last Act passed for it's Support, and for regulat-

ing the Trade there, was generally approved of by the People of *Albany*, even by ſome of the *Indian* Traders themſelves, who allowed that it did afford a fair Proſpect to anſwer the Ends propoſed by it.

That the remote *Indians* which came to trade there, were ſo well pleaſed and ſatisfied with the Care taken, in purſuance of the ſaid Act, to be well uſed, and have the full Freedom of Trading with our People, as left no Room to doubt but a great Part of the other far *Indians*, would likewiſe have come thither to trade with our Traders.

That of the contrary, upon the News of the ſaid Acts being repealed, ſeveral of the ſaid Traders diſregarding the Regulations, under which the aforeſaid Acts put the ſaid Trade, uſed thoſe *Indians* in ſuch rude and compulſive a Manner, as diſcouraged and kept back (as its credibly reported) many others that intended to have come and trade there.

For which Reaſon the Committee is of Opinion, That if the whole Matter was put into a true Light and repreſented to his Majeſty, either by the Houſe, or in Conjunction with his Excellency and the Gentlemen of the Council, it would induce his ſaid Majeſty graciouſly to allow, that the Expence to ſupport the aforeſaid Houſe ſhould be born, either by the Trade itſelf, or by thoſe who reap the only Benefit of it.

But, foraſmuch as the not providing for the ſaid Expence in the mean while, would be a Means to abandon that Houſe, and thereby to render the *Britiſh* Intereſt very mean in the Eyes of the *Indians*, and alienate the Affections of the Six Nations, ſo far at leaſt, as to have much leſs Dependance on the Crown of *Great Britain*, than they have hitherto had.

And that upon theſe Conſiderations, the Committee conceiving it highly neceſſary, that the ſaid Expence ſhould be provided for and defrayed for the Term of one Year, were come to the following Reſolutions, *to wit*.

Reſolved, That there be given and granted to his Majeſty, his Heirs and Succeſſors, to and for defraying the Coſt and Expence of ſupporting the ſaid trading Houſe at *Oſwego*; and to and for no other Uſe or Purpoſe whatever, the following Tax; *that is to ſay*,

UPON a Motion made, that a Memorial to this Houſe of *Lewis Morris*, Eſq; Chief Juſtice of this Colony, ſhould be read; the ſame was read accordingly, ſetting forth, That the late General Aſſembly having made a Reduction of the Salaries of ſeveral Officers of the Government, did reduce his as Chief Juſtice, to *Two Hundred and Fifty Pounds, per Ann.* inſtead of *Three Hundred Pounds*, he had received formerly. That thereupon he applied to them for the Cauſe of ſuch Reduction; who declared it was becauſe himſelf formerly, and all other Chief Juſtices before him, had no greater Salary than *One Hundred and Thirty Pounds, per Ann.* and that the Circumſtances of the Colony made them leſs able to pay exceſſive Salaries at that Time, than they were heretofore. That he hopes neither the Salary of *One Hundred and Thirty Pounds*, nor that of *Three Hundred Pounds, per Ann.* will be deemed exceſſive, or indeed ſufficient to ſupport the Honour and Dignity of that Office. That he conceives, that Aſſembly had rather too low an Opinion of the Circumſtances of the Country at that Time; and that from an Examination into the State thereof, they are now convinced the Country is not unable (and he hopes not unwilling) to pay that Salary. That the Country not being in ſuch neceſſitous Circumſtances as it was then conceived, he hopes this Houſe will conſent to the eſtabliſhing his Salary at *Three Hundred Pounds, per Ann.* and to the Payment of the Arrears thereof. That the ſaid Salary was not impoſed upon the Country by the then Governor, but increaſed at the Deſire of the then Aſſembly. And that as he is one of the oldeſt *Engliſh* Natives of the City of *New-York*, and the only Native of this Colony that ever had the Honour of this Poſt, and his Conduct in it ſuch, that he conceives has given no juſt Reaſon for his Countrymen to complain or be aſhamed of; ſo he hopes that will induce them to conſider him with a greater Mark of their Favour, than perhaps they would grant to a Stranger.

A Debate ariſing thereon, a Motion was made, and the Queſtion was put, whether the ſaid Memorial be taken into Conſideration? It was carried in the Negative.

Then a Motion was made, and the Queſtion was put, whether the ſame be rejected? It was carried in the Affirmative.

Ordered, That the ſaid Memorial be rejected accordingly.

Then the Houſe adjourned to 9 of the Clock To-morrow Morning.

The humble Repreſentation of the Members of his Majeſty's Council, and the General Aſſembly of the Colony of New-York, *in* America.

May it pleaſe your Lordſhips,

AT the Opening of this Seſſion, his Excellency the Honourable *John Montgomerie*, Eſq; Governor of this Colony, was pleaſed to ſignify to us, his Majeſty's Diſallowance of ſeveral Acts in ſaid Diſallowance enumerated, dated at the Court of *St. James's*, the 11th Day of *December* 1729, upon which Occaſion, we humbly beg your Lordſhip's Leave to lay before you, the State of the Beaver and other Fur Trade of this Colony; to which the ſaid Act did chiefly relate, the Circumſtances thereof obliges us to treſpaſs upon your Lordſhip's Time, by going ſome Years back, in Order to give your Lordſhips a more compleat and Satisfactory View of it, than what may have been already laid before, or repreſented to the honourable Board.

May

May it pleaſe your Lordſhips,

Since the laſt Peace between the Crowns of *Great-Britain* and *France*, very great Quantities of Strouds and other *Indian* Goods and Commodities, of the Manufacture of *Great-Britain* and the *Eaſt-Indies*, imported from *England* into this Colony, have been ſold to the *French* Inhabitants of *Canada*; in Return whereof, their Payments have been in Beaver and other Skins, which, together with thoſe purchaſed from our own Six Nations, and other *Indians* coming to *Albany*, enabled our Merchants to carry on a conſiderable Trade with *Great-Britain*, to the mutual Advantage of that Kingdom and this Colony; and although the ſaid Trade with *Canada*, continued to increaſe in ſuch Manner, as that the Bulk of its Fur and Peltry centered in this Colony, yet upon Suggeſtion and amidſt a meer Proſpect, that the *French* cannot at any moderate Rates be ſupplied with Strouds but from *Albany* only, and that without them, they could not carry on any conſiderable Trade with the remote *Indians*; as alſo that if we could prevent their being furniſhed with them from hence, thoſe *Indians* would come to trade perſonally with us; the Legiſlature paſſed a Law, in the Year 1720, prohibiting Strouds and other *Indian* Goods, to be carried, tranſported or ſold to the *French*, or to any Perſons for their Uſe, under ſevere Penalties, which Law was afterwards confirmed, and thoſe Penalties augmented, as by thoſe Acts, reference being thereunto had, does more at large appear; and Strouds did thereupon immediately, and for a few Years after the ſaid Prohibition, riſe to a very high and extraordinary Price amongſt the *French* at *Canada*, which tended only to the Benefit of ſuch, as clandeſtinely, and in Contempt of the ſaid Law, ſupplied them therewith; but it did at the ſame Time, put the *French* upon Meaſures to procure thoſe Goods (if not equal to the *Engliſh*, yet in Imitation of, and ſomewhat near them) from *France* and other Parts, if not directly from *England*, wherein they ſucceeded ſo effectually, that their Storehouſes ſoon filled, and they abounded in Strouds and other *Indian* Goods; after which they forbad the Importation of them from, and the Exportation of Furs to this Colony, under pain of Confiſcation, ſetting very ſtrict and regular Watches upon their Frontiers, in order to the Obſervation of their Prohibition; whereupon that Trade, which conſumed vaſt Quantities of the Manufactures of *Great-Britain*, and was ſupported by return of Beaver, Furs and Peltry, was diverted from its former Channel, and in Danger of being engroſſed by the *French*.

The Legiſlature then taking into Conſideration, the apparent Hazard of the entire Loſs of ſo beneficial a Branch of Trade, found no Means ſo proper to retrieve and inlarge it, as by erecting a Trading Houſe at *Oſwego*, upon a Point at the Mouth of the River *Onondaga*, which there empties itſelf into the Lake *Cataraqui*, by which Point, and very near it the remote *Indians* conſtantly paſs, as well in going to *Canada* as in coming to the Six Nations or to *Albany*. Upon the erecting of this Houſe, the Prohibition by this Colony enacted, was repealed in *June* 1726; it being then conceived reaſonable, that our Traders ſhould be enabled to afford better Pennyworths to the *Indians*, than could be done by the *French*, who labouring under other Diſadvantages beſides the Difficulty of their Navigation up the River of *St. Lawrence*, no longer practicable, than in Part of the three Summer Months, and when their Goods are arrived at *Quebeck*, have a long and difficult Paſſage to *Montreal*, and from thence a rapid Current againſt them, for above 150 Miles, before they reach their Fort or firſt Trading Houſe upon the Lake *Cataraqui*, could not be ſuppoſed to afford them ſo cheap as our Traders, our Navigation being good and ſecure, for nine Months in the Year as far as *Albany*, diſtant no more than 16 Miles from *Schenectady*, through a ſmooth eaſy Road, from whence to *Oſwego*, we have a very advantageous Navigation for large Canoes and Battoes (three ſhort and eaſy Carrying-Places only excepted) and it was conceived, that a moderate Duty impoſed by the Act laſt mentioned, by and with the more particular Advice of the Repreſentatives of *Albany*, moſt experienced and principally concerned in that Affair, would ſtill Leave our Traders Room ſufficient to under-ſell the *French*.

May it pleaſe your Lordſhips,

Upon theſe Conſiderations, and maturely weighing the Intereſt and Trade of this Colony, upon a Point in which both are inſeparably united with the Trade and Intereſt of *Great-Britain*, the Stone trading Houſe was built at *Oſwego*, ſufficient for the Reception and Defence of a neceſſary Part of his Majeſty's Forces, ſtill poſted there by his Excellency's Care and Vigilance, for the Protection of this Trade and the Welfare of his Majeſty's Subjects, who are ſo happy as to be placed under his Adminiſtration, as alſo for the Safety and Entertainment of our *Indian* Traders, who at certain Seaſons reſide at or within Muſquet Shot of that Place, and for the ſole Support of this Houſe and Garriſon, was an Act paſſed, entitled, "An Act for continuing and enforcing the Acts therein-mentioned, for diſcharging the preſent Demands on the trading "Houſe at *Oſwego*, by borrowing Money of the Exciſe for "the effectual Support of it, until the 25th Day of *December* "1733, for continuing ſome Duties, and augmentingothers "until that Time; for regulating thoſe Duties and the "Trade at *Oſwego*, for the gradual Re-payment of Monies "borrowed of the Exciſe, and for reducing former Fines, if "voluntarily paid within the Time therein limited;" paſſed in the third Year of his Majeſty's Reign; all which abovementioned Fines and Forfeitures, ariſing by ſaid Acts, or any other Acts relating to the *Indian* Trade, as likewiſe an additional Duty on Rum carried to *Oſwego*, were appropriated to and for ſupporting the ſaid Houſe and Garriſon, and to no other Uſes and Purpoſes whatſoever; as your Lordſhips have ſeen by the Contents thereof, due and exact Care being alſo taken by certain Regulations in the ſaid Act, for the *Indian* Trade, that as often as the *Indians* came to *Oſwego*, they were at Liberty to trade with whom and for what they pleaſed, which gave them ſo univerſal Satisfaction, afforded a fair Proſpect that moſt of the remote *Indians*, would thereby be prevailed upon to bring their Fur thither, eſpecially ſince they could not purchaſe at ſo eaſy a Price from the *French*. But,

May it pleaſe your Lordſhips,

It hath ſo happened, that upon the Report of his Majeſty's Diſallowance of the Acts before mentioned, which forerun the Arrival of it, many of our young Traders no longer under the Reſtraint of the Laws, looked upon the *Indians* and their Goods, as no longer under the Protection of the Officer placed by his Excellency, for that Purpoſe at *Oſwego* (and till then acting by Virtue of thoſe Laws) did with a ſtrong Hand, take the Beaver and Furs which the *Indians* had brought thither, carrying them to their own Huts, and ſetting their own Prices upon them, which ſurpriſing Behaviour coming to the Knowledge of other *Indians*, then upon their Journey to their former ſafe and good Market, they immediately returned, and as we are informed, diſpoſed of their Effects to the *French*, upon ſuch Terms as could be had; and as the ill Uſage of the *Indians*, can no otherwiſe be prevented, than by legal and ſtrict Regulations, we are under very melancholy Apprehenſions, of the Conſequence which may very ſoon ſpring from this licentious Conduct; where, by and by, theſe diſadvantageous Impreſſions received by the *Indians*, if not ſpeedily effaced, we may for ever be deprived of thoſe great Advantages, we had the ſtrongeſt Reaſon to expect from a Trade ſucceſsfully begun, and fixed at a Place ſo commodiouſly ſituated, in the Loſs of which *Great-Britain*, is likewiſe immediately concerned.

May it pleaſe your Lordſhips,

We are truly ſenſible of, and as truly grateful for the many principal Favours by which his Majeſty and his royal Predeceſſors have diſtinguiſhed this Colony; our Loyalty and Fidelity to his illuſtrious Houſe; our unfeigned Love and Affection for our mother Country, and the happy Dependance which we have upon the Crown and Kingdom of *Great-Britain*, lay us under all natural and civil Obligations, ſo to act in humble Station as may render us uſeful and ſerviceable therein; therefore we moſt humbly, and with all due Submiſſion to your Lordſhips great Wiſdom and Judgment, deſire Leave to lay the following Propoſals before your Lordſhips; ſuch as we from long Experience, have Reaſon to believe are the beſt Expedients now remaining for the Enlargement of the Fur Trade to *Great-Britain*, and the Conſumption of its Manufactures here, for the ſecuring the Dependance of the near and far *Indians* to the Crown, and for preſerving our Frontiers in Tranquility. Though we are unacquainted with the Particulars which have prevailed upon his moſt ſacred Majeſty to diſapprove the Acts mentioned in his Majeſty's Commands, dated at *St. James's*, as above, we are apprehenſive that thoſe Complaints are formed upon Jealouſies, which have by particular and deſigning Men, been infus'd from hence into certain Merchants and Manufactures in *England*, as that theſe late Duties and Regulations had thrown the Fur Trade into foreign Hands, and that thereby theſe Manufactures of Furs and Peltry were reduced and impoveriſhed; thoſe Complainants, not well conſidering (as not being truly informed of the Importance of *Oſwego* to this Trade) that a moderate Duty on *Indian* Goods is not an Obſtruction to that Trade, and that without it probably it may at ſometime hereafter be found impracticable to ſupport that Houſe and Garriſon abſolutely neceſſary for its Preſervation, nor could the Complainnants (unleſs their Informers had deſigned the Deſtruction of their own partial and ſelf-intereſted Scheme) be truly apprized that the Six Nations of *Indians*, firm and ſtedfaſt Friends to the *Britiſh* Intereſt, and who upon all Occaſions have, with great Bravery and Conſtancy, oppos'd the Incurſions of the *French*, and *Indians* of their Alliance, when any Attempts of that Kind have been made againſt this or the neighbouring Colonies, are, by this Houſe and Garriſon, in a great Meaſure ſecure from any

Surprize upon the ſudden or firſt opening of a War between the two Crowns, or that theſe Nations look upon *Oſwego* as a moſt honourable Mark of his Majeſty's Favour as a Reward, of their Fidelity, and a Sanctuary in any unexpected Diſtreſs, whereupon any Emergency they can have Recourſe to one of his Majeſty's Officers, with ſome of the regular Troops to lead and conduct them; and that they eſteem it as the ſweet Pledge of his Majeſty's Reſolutions to protect and ſupport ſo diſtant Bounds of his Territories, while they ſee his own Forces poſted on an advanced Frontier, and upon that important Paſs which before lay open to Enemies who have often attempted their utter Extirpation.

May it pleaſe your Lordſhips,

Not only this Colony, but *Virginia*, *Maryland*, *Pennſylvania*, *Jerſey*, *Connecticut*, and *New-England*, feel the good Effects of this Diſpoſition; theſe *Indians* are daily growing into a nearer Confidence with us all, and all rejoice in ſo fair an Opportunity to improve and cultivate an univerſal Friendſhip with them; though this Colony as their firſt and oldeſt Allies, claims and enjoys all their Trade and firſt and beſt Services, theſe *Indians* have a great Share of natural Senſe, improved by their Situation between the two greateſt Powers upon the Continent, and have for above one Centry, preſerved their Liberties and Poſſeſſions with that Skill and Dexterity which is often mentioned to the Honour of the moſt civilized People: They are not ſo ignorant as to believe that the Walls of *Oſwego* are a ſufficient Security or Protection to us or themſelves, but they remember the Fear and Aſtoniſhment of the *French*, when *Quebeck* was threatned with the Terror of the *Britiſh* Arms, and never will be perſuaded but that any Inſult upon a royal Garriſon, however inconſiderable in it ſelf, would pull down the general Reſentment and Indignation of all his Majeſty's Dominions, upon the Heads of theſe who offered it; but if we of this Colony, who are the firſt that animated them, and thus raiſed their Spirits, ſhall, upon any Motive whatſoever, ſuffer a Suſpicion to prevail, that we cannot, or will not ſupport *Oſwego*, the *French* Emiſſaries, who have long ſince foretold its Fall, will impute it to Cowardice, Weakneſs, and Poverty; will forge the falſeſt and moſt diſhonourable Reaſons for it, and ſpare neither Pains, Flattery, or Rewards to incline them to a Revolt upon the firſt plauſable Occaſion; a Breach which would ſoon be inlarged by ſecret or open Acts of Hoſtility, the Conſequence of which, we ſuppoſe we need not inlarge upon to your Lordſhips. The *French* Fortreſs at *Niagara*, ſituated on the Southweſt, as *Oſwego*, is near the Eaſt End of the Lake *Cadaraqui*, and two armed Barks of conſiderable Burthen, conſtantly maintained thereon, being more than ſufficient at ſuch a Juncture to intimidate a People by Fact, convinced that they are deſerted and forſaken by their Friends.

May it pleaſe your Lordſhips,

As we are no Strangers to the Benefit and neceſſary Conduct of this Trade, and that its Regulation may hereafter be ſo eſtabliſhed as to leave no Room for any Complaints, we humbly conceive that if his Majeſty was graciouſly pleaſed to give his royal Permiſſion to us to ſupport this Trade by a Duty either upon the Goods, or Perſons of thoſe who receive the ſole Benefit and Advantage thereof, or to order and incorporate a certain Company or Number of Merchants and other Traders, who with their Agents and Factors, ſhould have the ſole Benefit of the Fur Trade, and of ſelling and diſpoſing of *Indian* Goods at *Oſwego*, excluſive of all other Perſons whatſoever for a certain Term of Years; and in Conſideration thereof, to pay an annual Sum ſufficient for the ſupport of that Houſe and Garriſon only, it might be a Means to preſerve that Trade to *Great-Britain*, and to anſwer all the good Ends and Purpoſes by us before purpoſed, which we have very near our Hearts. We deſire Leave to inform your Lordſhips that the Legiſlature (with the moſt humble and reſpectful Submiſſion, to what they apprehend from the Diſallowance of their Acts, to be his Majeſty's Will and Pleaſure) has in this Seſſion determined to defray the Expence of that Houſe and Garriſon, by a general Tax for the Term of one Year, leaſt the abandoning a Place of ſo great Conſequence, ſhould for the Reaſon above recited, render us mean and contemptable in the Eye of a People with whom no Acts are left untry'd, to reduce them to an abſolute and ſlaviſh Dependance upon the *French*; leaſt the valuable Manufacture of Beaver, Furs, and Peltry, ſhould ſuffer any Deminuation for the Exportation of *Indian* Goods, be loſt to the Nation; the *Britiſh* Merchants and our own, be deprived of a moſt profitable Branch of Trade, and a great Number of young Men, their Agents and Carriers, be compelled to ſeek their Bread by Huſbandry, to which their former Way of living hath made them utter Strangers: But if it be our Misfortune that your Lordſhips are not pleaſed to condeſcend to intercede for us with his Majeſty, either that a moderate Duty be impoſed upon ſuch as receive the ſole Benefit and Advantage of this Commerce, or that a Company be incorporated as aboveſaid, for the Support of this Trade. We are in no wiſe able to anſwer for the Conduct of future Aſſemblies, who we fear will hardly be inclined to burthen their Conſtituents in order to uphold this Place and the Trade depending on it; from neither of which they can be ſaid to receive any ſenſible Advantage; and if your Lordſhips are pleaſed to conſider the general Satisfaction of this Colony, we hope that theſe our Apprehenſions, will not appear ill grounded. *Naſſau*, or *Long-Iſland*, which is the moſt Populace and wealthy Part of the Government, (the Cities of *New-York* and *Albany*, excepted) and containing *King's*, *Queen's*, and *Suffolk* Counties, is peopled by Huſbandmen, little or not at all concerned in any Trade or Navigation; its neareſt Diſtance is 150 Miles from *Albany*, and more than 400 from *Oſwego*; *Richmond* County, or *Staten-Iſland*, the ſame; and the Counties of *Ulſter* and *Dutcheſs*, *Orange* and *Weſtcheſter*, under equal Diſadvantages, as to any Benefit or Profit ariſing from the before-mentioned *Indians*, or their Correſpondence; and thoſe Counties ſend Seventeen Members of Twenty Six, which compoſe the Houſe of Repreſentatives. And we intreat Leave to aſſure your Lordſhips, that for theſe Reaſons, no Tax or Impoſition but what can be levied upon the Perſons or Goods of thoſe only to whom ſo great and manifold Advantages and conſiderable Fortunes and Eſtates ariſe, by the Support and Eſtabliſhment of *Oſwego*, and the Trade depending thereon, can, probably in many Years, become ſo popular as to afford any reaſonable and ſufficient Security for its Continuance.

May it pleaſe your Lordſhips to pardon, and with your Lordſhips wanted Goodneſs, to accept this our plain and humble Repreſentation, as we apprehend it to be the true and impartial State of our Caſe; which is with all Duty, Reſpect, and Eſteem, moſt humbly ſubmited to the right honourable Board, by,

May it pleaſe your Lordſhips,
Your Lordſhips moſt obedient,
And moſt humble Servant, *&c.*

Ordered, That the ſaid Repreſentation be likewiſe ſigned by the Members of this Houſe, and then delivered to his Excellency; and that the Speaker requeſt him that he will be pleaſed to tranſmit the ſame by the two firſt Conveniences to the Board of Trade, and employ his Intereſt with their Lordſhips, and the Miniſters of State, that it may have its due Weight and deſired Effect.

And the Houſe conceiving proper Solicitations ought likewiſe to be made in behalf of this Colony, *Reſolved*, That *Peter Le Heup*, Eſq; the preſent Agent for this Colony at the Court of *Great-Britain*, be continued in that Station for one Year longer, from the firſt Day of *January* next, and allowed the Sum for a Salary for Solicitations, as he has been allowed for that Service by Virtue of former Acts of the General Aſſembly.

Reſolved, That the Speaker recommend him to have a due Regard to all Matters relating to this Colony, and to promote every Thing tending to its Intereſt at the ſaid Court in general, and in particular, to make proper Solicitations to the Repreſentation of the Council and General Aſſembly, to the right honourable the Lords Commiſſioners for Trade and Plantations, may have its due Effect; and to obſerve ſuch other Directions as he ſhall from Time to Time receive in behalf of this Colony, from the ſaid Speaker, during the Receſs, Adjournment, or Prorogation of this Houſe.

Reſolved, That his Excellency be addreſſed to iſſue his Warrants in Council, for the Sum of *Twelve Pounds*, *Eighteen Shillings*, payable to *Gabriel Ludlow*, for the Uſes following: *That is to ſay*, to the ſaid Mr. *Ludlow* for extraordinary Services, the Sum of *Five Pounds*; to *Dirck Egberts*, for cleaning and white-waſhing the Aſſembly Chamber and Lobby, Smiths Work and Glazing, the Sum of *Three Pounds*, *Fourten Shillings*; for the Uſe of *Abraham Lodge*, for Services for the Houſe, the Sum of *Three Pounds*; and for Mr. *Abraham Governeur*, *Twenty-four Shillings*, for the like Services.

Reſolved, That the Table in the Aſſembly Chamber, be lengthened and inlarged, and new covered with green or black Cloth, and the Speaker is hereby deſired to cauſe the ſame to be done before the next Seſſions.

A Meſſage from the Governor, by Mr. *Morris*, Deputy Clerk of the Council.

Mr. Speaker, His Excellency requires the Attendance of this Houſe, at the Council Chamber immediately.

The Speaker and the Houſe, went accordingly; and being returned, Mr. Speaker reſumed the Chair, and reported that his Excellency had, in Preſence of the Council and this Houſe, been pleaſed to give his Aſſent to eight Acts, paſſed this Seſſions, and that the ſame were publiſhed at the City-Hall in

in the usual Manner; the Titles whereof are as followeth, *to-wit.*

1. *An* Act, *for the better clearing, regulating, and further laying-out public High Ways in* King's *County*, Queen's *County*, Richmond *County*, *and* Orange *County*.
2. *An* Act, *to prevent the Destruction of Sheep by Dogs, in the City and County of* Albany, *the County of* Westchester, *the County of* Suffolk, Queen's *County*, King's *County*, Richmond *County*, *and* Orange *County*.
3. *An* Act, *for the Relief of insolvent Debtors within the Colony of* New-York, *with Respect to the Imprisonment of their Persons.*
4. *An* Act, *to prevent the taking or levying on Specialties more than the Principal, Interest and Cost of Suit, and other Purposes therein-mentioned.*
5. *An* Act, *for the more effectual preventing and punishing the Conspiracy and Insurrection of* Negroes, *and other Slaves, for the better regulating them, and for repealing the Acts therein-mentioned*, &c.
6. *An* Act, *to defray the Charge of victualing his Majesty's Troops posted at* Oswego, *and for other the Purposes therein-mentioned.*
7. *An* Act, *for paying* Richard Bradley, *Esq*; One Hundred *and* Fifty Pounds; *and* Henry Beekman, *Esq*; *the Sum of* Seventeen Pounds, Ten Shillings.
8. *An* Act, *for naturalizing* Harman Winkler, *and other the Persons therein-named.*

The Speaker acquainted the House likewise, that he had (according to Order) desired his Excellency to transmit the Representation before-mentioned, to the Board of Trade; and that his Excellency was pleased to declare he would imploy all his Interest at home, that it might obtain its desired Effect.

And the Speaker did further inform them, that his Excellency had recommended to the House, to adjourn itself until the 2d *Tuesday* in *March* next; and the House was adjourned accordingly to the said 2d *Tuesday* in *March* next ensuing.

[Here begins the 5th of *George* the second.]

Die Mercurij, 10 *ho. A. M. Aug.* 25, 1731.

THE General Assembly having on the 29th of *October* last, adjourned itself until the second *Tuesday* in *March*, then next ensuing, the same was by several Proclamations of our late Governor *John Montgomerie*, Esq; (who departed this Life on the first Day of *July* 1731) and after his Death, by the honourable *Rip Van Dam*, Esq; President of his Majesty's Council for this Colony, from Time to Time further adjourned, and by the last of them, to meet on this Day at the House of Mr. *Harmanus Rutgers*, near the Fresh Water.

In pursuance whereof, fifteen Members being met there, the Speaker took the Chair, and the House being informed that his honour the President, and the Gentlemen of the Council, were met at the House where Capt. *Kippen* now lives in;

Ordered, That Mr. *De Lancey*, and Col. *Myndert Schuyler*, acquaint the said President that the House was met at the Place to which he had been pleased to adjourn them.

Mr. *De Lancey* reported, that himself and Col. *Schuyler*, having accordingly waited on the President, he had been pleased to say that he would send a Message to the House immediately.

A Message from his Honour the President, by *Frederick Morris*, Deputy Clerk of the Council.

Mr. Speaker, His Honour the President, requires the immediate Attendance of this House, at Capt. Kippin's.

Then the Speaker left the Chair, and with the House, attended accordingly; being returned, Mr. Speaker resumed the Chair, and informed the House, his Honour had made a Speech to them, of which, to prevent Mistakes, he had obtained a Copy; which being read, is as followeth, *viz.*

Gentlemen,

UPON the Death of our late Governor John Montgomerie, *Esq; the Powers and Authorities by his Majesty's Commission and Instruction given to him, devolving on me, I have thought fit, by and with the Advice of his Majesty's Council, to call you together at this Time, to make such Acts and such Provision, as are immediately necessary for his Majesty's Service, the Security of the Province, and the Preservation of the Peace thereof.*

I must in a particular Manner, recommend that timely and effectual Provision may be made for supporting that Post of Oswego, *and the Troops posted in it, and regulate the* Indian *Trade there, as the most probable Method to increase the Fur Trade, and to draw the remote* Indians, *and to confirm the Six Nations in their Fidelity and Obedience to the Crown of* Great-Britain.

I must likewise recommend to your serious Consideration, the ruinous and bad Condition of our Frontier Garrisons, which requires your particular Care; especially the building of a Fort at Albany, *according to your Resolve in your last Session.*

I need not put you in Mind that a new Act ought to be made for letting to Farm the Excise of strong Liquors retailed in this Province, that Act being nigh expired; and if you think other Acts shall be immediately necessary for his Majesty's Service, or the Good of this Province, you shall find me ready to concur with you therein.

The Nature of the Business to be before you, requires Dispatch, and your good Understanding will, I doubt not, produce a suitable Unanimity, that neither you nor the Country may be burthened by a long Session.

RIP VAN DAM.

Ordered, That his Excellency's Speech be forthwith printed.

Ordered, That the Votes and Proceedings of this House, be likewise printed; being first perused and signed by the Speaker.

Resolved, That this House will, *Friday* next, take his Honour's Speech into Consideration.

Then the House adjourned to 9 of the Clock, To-morrow Morning.

Die Jovis, 9 *ho. A. M. Aug.* 26, 1731.

THE Speaker, from the Chair, communicated to the House, the several Letters hereunder-mentioned, (which he had received since the last Session,) from *Peter Le Heup*, of *Great-Britain*, relating to the Affairs of the said Colony, dated, *viz.*

March the 5th and 9th.
1731. *May* the 10th.

And also a Letter from Messieurs *Samuel Baker*, *Samuel Starke*, *Richard Jenieway*, and *Joseph Low*, in behalf of themselves and other Merchants in *London*, trading to this Colony, directed to Mr. *Stephen De Lancey*; dated the first Day of *May* last.

The Speaker did likewise communicate to the House, Copies of the several Letters he had wrote to the said Mr. *Le Heup*, since the last Sessions, pursuant to a Resolve of this House on the 29th of *October* last past; the Date of which Letters are as follows, *to-wit.*

December the 23d and 25th.
1730-1. *January* the 30th.

Which being read, were entirely approved of by the House; and,

Ordered, That the Thanks of this House be given to the Speaker, for the Trouble he has taken in writing the said Letters, wherein he has in a handsome Manner, and with cogent Reason, fully expressed the Sentiments of this House; and for his Care and Diligence in transmitting the same.

Ordered, That all the said several Letters, lie on the Table for the perusal of the Members of the House, and that at the Close of this Session, the same be returned to, and lodged with the said Speaker.

Resolved, That Mr. Speaker, and eleven Members, have Power to adjourn the House, during this Sessions.

A Bill, entitled, *An* Act, *to naturalize* Hero Ellis; was read the second Time, and committed to the Members for the City of *New-York*, Mr. *Gerretsen*, Major *Philipse*, and Mr. *Livingston*, or any five of them.

Upon Information given to the House, by some of the Members thereof, that on a Rumour spread in the Country, that a Person is seized of the Small-Pox, in the very House they now sit, the Members who have not had that Distemper (being above one third of the whole Number) are determined not to appear any more in the House during this Session; it was conceived on the one Hand, unreasonable to compel them thereto; and on the other, that under these Circumstances it would be much more for the Conveniency of all the Parts of the Legislature, and moreover contribute much to the Dispatch of Business, if the House met at the City-Hall, in *New-York*.

And the Speaker informing the House, that he having, this Morning, acquainted his Honour the President, with the Inclination of the House to remove to the said City-Hall, in *New-York*, and of the Reasons which induced them thereto: His Honour readily approved thereof.

Resolved, That the House be adjourned to the said City-Hall, accordingly, and that the Clerk acquaint his Honour the President therewith.

Then the House adjourned to 3 of the Clock, in the Afternoon.

Die Mercurij, 3 *ho. P. M. Sept.* 1, 1731.

THE House taking into Consideration, That a Bill refered to the Parliament of *Great-Britain*, in their last Session, by the Sugar Islands, would have been of the utmost Prejudice to all the *British* Northern Colonies in general, and in particular, to this, if the same had passed into a Law. And that tho' it happily dropped by a Prorogation, it is very probable the Promoters of that Bill, will renew the like Attempts in the next Session. The whole House is therefore of Opinion, that it behoves the Legislature at this Time, not only to represent what vast Detriment a Law of that Kind would prove to this Colony, but likewise to cause proper Application and Solicitations to be made against such a Law.

Ordered, Nemine Contradicente, That Capt. *Van Horne* and Capt. *Rutgers*, desire his Honour the President, that a Committee of the Gentlemen of the Council, may be appointed to join a Committee of this House, in order to represent in the humblest Manner, either to his Majesty or to his Ministers of State, or to the Lords for Trade and Plantations (as the said Committees shall judge most proper) That in Case such a Law passed, as we have seen by a printed Bill, entitled, *An* Act, *for the better Securing and Encouraging the Trade of his Majesty's Sugar Colonies in* America; it would deprive us of the Means to vend the Produce of this Colony, cramp and diminish our Navigation, lay it under unreasonable Clogs and Hardships, and disable us from taking off and consuming such large Quantities of the *British* Manufactures, as we annually do already, and will increase to do, as we grow in Wealth and Numbers, and humbly to request, that whatever Indulgence may be granted to the Sugar Islands, it may not be at the Cost and Ruin of a far greater Number of his Majesty's loyal and dutiful Subjects in the Northern Colonies.

And that they likewise desire his Honour to join in the Representation, that may be drawn in pursuance hereof.

Ordered, That a Bill be brought in for the further continuing an Act, entitled, *An* Act, *for settling and regulating the Militia in this Province, and making the same useful for the Security and Defence thereof, and for repealing all other Acts relating to the same*; and that Col. *Philipse* and Col. *Beekman*, do prepare and bring in the same.

The Petition of *Sarah Het*, the Daughter of *Rene Het*, was preſented to the Houſe, and read, ſetting forth, That ſhe was arreſted in *July* 1727, by Virtue of a *Ne exeat Provinciam*, on an Affidavit of one *Rodrigo Pacheco*, and confined, although under Age, and in a very dangerous State of Health, until ſhe gave Security of *Two Thouſand Pounds*, to procure her Enlargement, that there never was, nor hitherto is, any Suit depending againſt her, nor ſhe made Party to any Suit; that the ſaid *Pacheco* is departed this Province, and your Petitioner's Securities being uneaſy till diſcharged, prays this Houſe to take her Caſe into Conſideration, and find ſuch Relief for the Petitioner, and clearing her Securities, as the Juſtice of her Caſe requires.

WE your Majeſty's moſt dutiful and loyal Subjects, the Preſident and Council, and General Aſſembly of your Majeſty's Colony of *New-York*, beg Leave to repreſent, That,

With Grief and Concern we have heard of the Monopoly aimed at by the Sugar Colonies, which if obtained, will, we conceive, tend to the Ruin of this Colony, and be prejudicial to the Trade and Navigation of *Great-Britain*. For,

There is imported yearly into, and conſumed in this Colony, a very large Quantity of the Woollen Manufacture of *Great-Britain*, for our Cloathing and Preſervation from the exceſſive Cold of our Winters; and ſo great is our Conſumption of thoſe Commodities, that we have Reaſon to believe the whole Sugar Colonies (excepting *Jamaica*, on Account of the *Spaniſh* Trade) do not conſume the like Quantity, and ſhould we be diſabled to pay for that Manufacture, we muſt be reduced to Nakedneſs or to make our own Cloathing.

The Product of this, and the neighbouring Colonies of *New-Jerſey* and *Pennſylvania*, is Proviſions, Horſes and Lumber, which are exported to *Britiſh* and foreign Sugar Colonies, and in Exchange for them, are had Monies, Rum, Sugars, Molaſſes, Cocoa, Indigo, Cotton-Wool, *&c.* whereof the Rum and Molaſſes are chiefly conſumed in this Colony, and the Monies and other Merchandize are moſtly applied to make good the Ballance of our Trade to *Great-Britain*, and ſo great a Part of that Ballance is paid in Money, that we have Reaſon to believe that all the *Britiſh* Colonies together (excepting *Jamaica*) do not import ſo much Silver and Gold into *Great-Britain*, as this ſingle Colony.

We are well aſſured, that the *Britiſh* Sugar Colonies cannot take off the one Half of the Proviſions, which this and the other two Bread Colonies do export, nor are they able to ſupply the Northern Colonies, with the Rum there conſumed, without vaſtly diminiſhing the Quantity of Sugar which they now make; and though we be not by expreſs Words in the Monopoly aimed at, reſtrained from ſending our Proviſions to the foreign Sugar Colonies, yet the reſtraining us from taking any Part of their Product in Exchange, will as effectually do it.

Wherefore we have Reaſon to apprehend, that if the Monopoly aimed at, be obtained, our Product now exported to the foreign Sugar Colonies, will be as loſt to us, and that we ſhall have little more from the *Britiſh* Sugar

Sugar Colonies for all our Provisions, that they can consume, than the Rum, Molasses and Sugar, which we want to consume among ourselves; seeing the Glut of our Product, with them must greatly lower the Price thereof, and the great Demand of Rum and Molasses, must vastly enhance the Price of them, and disable us to pay for the *British* Manufactures we have already had, and owe for, and pay for any more; must diminish the Consumption of the *British* Woollen Manufacture, and the Navigation now employed in bringing it us, and in carrying our Product to the foreign Sugar Colonies, and in carrying what it got in Exchange for it to *Britain*; must diminish the Quantity of Sugars made in the *British* Sugar Colonies, and enhance the Price thereof so much, that *Britain* will probably be disabled to export any Part of it.

Most gracious Sovereign,

We implore your most sacred Majesty, the Father of all your Subjects, who has the Care and Prosperity of all of them equally at Heart, and who will be far from countenancing any Endeavours to make Part of them the Slaves and Bondmen of another, with whatever specious Pretences it may be aimed at, to have Pity and Compassion upon us, your poor, but most loyal and dutiful Subjects of these Bread Colonies, upon the Merchants of *Great-Britain*, to whom we are greatly indebted; upon them, and the many Tradesmen and Seamen of *Great-Britain*, who get their living by the *British* Trade with us, and to grant us your most gracious Protection as against this Attempt; which, in its Consequences would tend, we humbly conceive, to deprive them of their just Debts and future Support, and cut off from being of any other Use to our Mother Country, than to be the Bondmen and Slaves of her Sugar Colonies, by confining us to them, for the Vent of the Produce of our Industry, and in Consequence obliging us to take what Price for it they please, and to give what Price they please, for what we have in Exchange for them.

We crave Pardon for trespassing so long on your royal Time, and Leave to subscribe ourselves, as we sincerely are,

May it please your Majesty,

Your Majesty's most humble,

Most dutiful and most loyal Subjects.

And the said Representation being accordingly signed by the Members of this House,

Ordered, That the Clerk carry two of the said Copies to the President, and desire him, that he will be pleased to transmit one, to one of his Majesty's principal Secretaries of State, and the other to the Lords Commissioners for Trade and Plantations.

Ordered, That the Speaker transmit the other two by the first next Conveyances, either directly, or by Way of *Boston*, to the Gentlemen in *London*, who shall be appointed and desired, either by themselves or by other proper Persons to be employed by them, to make suitable and vigilant Solicitations, that the said Representation may have its desired Effect.

Resolved, That Messieurs *Samuel Baker*, *George Streatfield*, *Samuel Storks*, *Richard Janeway*, *Joseph Low* and *Rodrigo Pacheco*, be by an Act, authorized and impowered, to make or cause such Solicitations to be made against such Monopoly, in Case the same should again be attempted, since the Consequence thereof, would prove the utmost Prejudice to this Colony and its Navigation.

Ordered, That the Members for the City and County of *New-York*, and the County of *Westchester*, prepare and bring in a Bill accordingly,

But the House being sensible, That such Solicitation and Applications, will require Money to defray the Expence, which will necessarily attend it; and considering that none can readily be procured, but out of that which stands appropriated for the Support of his Majesty's Government here; and it appearing that there is a large Ballance due thereon, in Favour of this Colony, more than the Salaries and contingent Charge do amount to;

Ordered, That Col. *Philipse*, one of the above-mentioned Members, desire his Honour the President, and the Gentlemen of the Council, to approve and agree, That so much may be imployed out of the said Fund, as will purchase a Bill of Exchange, for the Sum of *Two Hundred Pounds*, Sterling, the same being intended for a Service, tending solely for the Benefit of this Government and Colony.

COL. *Myndert Schuyler*, brought from the Preſident, a Letter from the Commiſſioners of *Indian* Affairs, at *Albany*; as alſo a Minute of their Meeting, dated the 25th Inſt. importing, that the *French*, with about eighty Men, had built a Fort, and incloſed it with Stockadoes, at the *Crown Point*, on the South End of *Corlar*'s Lake, near the Carrying Place above *Saratoga*: That they had alſo built a Houſe of forty Feet, and were buſy to erect two more there, and that the Perſons who brought this Account, did add, that they were credibly informed in *Canada*, that the *French* deſigned to incloſe the ſaid Fort, and Buildings, with a Stone Wall, next Spring; and that they poſitively deſigned to go up at the ſame Time with 200 Men, to *Fiederodequat*, lying on the South Side of *Cadaraqua* Lake, above *Oſwego*, near the *Seneka*'s Country, in order to ſtop the *Engliſh* Trade at *Oſwego*.

The Houſe taking the ſame into Conſideration, are juſtly apprehenſive that if thoſe Attempts and Encroachments are not prevented, they may prove of the laſt Conſequence, not only to this Colony, but alſo to ſeveral other of his Majeſty's Colonies on this Continent. In as much as the *French* can march from *Crown Point*, in three Days to *Albany* itſelf, (whereby the Frontiers would be extreamly expoſed) in Caſe a Rupture ſhould happen between that Crown and *Great-Britain*, and in the mean while, they may at *Fiederondequat*, obſtruct the Beaver and Fur Trade at *Oſwego*, which has been acquired there at a vaſt Expence; and therefore came to the following Reſolutions, *to wit.*

Reſolved, That the Preſident be addreſſed (as the Houſe hereby humbly do) to repreſent theſe Attempts of Encroachments, of the *French*, and the fatal Conſequences the ſame may be attended with, unto his Majeſty, or his Miniſters of State, in order to obtain ſuch Relief and Directions therein, as to his ſaid Majeſty, in his great Wiſdom, ſhall ſeem meet.

Reſolved, That his Honour be likewiſe addreſſed, that the Commiſſioners of *Indian* Affairs, at *Albany*, be directed to employ proper Perſons, and ſuch as have an Intereſt among the Six Nations, particularly among the *Senekas*, to diſpoſe them, to prevent the *French* from annoying them, or obſtructing our Trade with the *Indians*, either at *Fiederondequat*, or at any other Place in the Countries belonging to them: And that the Charge attending that Service, be defrayed out of the Money appropriated for the Support of this Government.

Reſolved, That his Honour be further addreſſed, that he will be pleaſed to ſend Copies of the above-mentioned Letter, and Minute, to the Governor of *Connecticut*, the *Maſſachuſetts*, and *Pennſylvania*, in as much as the aforeſaid Attempts, may affect them likewiſe.

Ordered, That the Clerk return the ſaid Letter, and Minute, to the Preſident.

A Meſſage from the Preſident, by Mr. *Morris*, Deputy Clerk of the Council.

Mr. Speaker, His Honour the Preſident, requires the Attendance of this Houſe, at the Council Chamber, immediately.

The Speaker, and the Houſe, went thither accordingly; and being returned, the Speaker reſumed the Chair, and reported, that his Honour had been pleaſed, in Preſence of this Houſe, to give his Aſſent to the nine following Acts, paſſed this Seſſions, and that the ſame were accordingly publiſhed at the City-Hall, in the uſual Manner, *That is to ſay*,

1. *An* Act, *for the further Continuance of an Act*, entitled, *An* Act, *for ſettling and regulating the Militia, in this Province, and making the ſame uſeful for the Safety and Defence thereof, and for repealing all other Acts relating to the ſame, during the Time therein-mentioned.*
2. *An* Act, *for the further continuing an Act*, entitled, *An* Act, *to let to Farm the Exciſe of ſtrong Liquors, retailed in this Colony, for the Time therein-mentioned; and for declaring ſhrub liable to the ſame Duties as diſtilled Liquors.*
3. *An* Act, *to provide able Pilots, and to eſtabliſh their Pilotage between* Sandy Hook, *and the Port of* New-York.
4. *An* Act, *to continue an Act*, entitled, *An* Act, *to prevent Damages by Swine, in the Precinct of* Tappan, *and ſome other Parts contiguous thereto, in the County of* Orange.
5. *An* Act, *to explain ſome Part of an Act*, entitled, *An* Act, *to repeal ſome Parts, and to continue and inforce other Parts of the Act therein-mentioned; and for granting ſeveral Duties to his Majeſty, for ſupporting his Government in the Colony of* New-York, *from the firſt Day of* September, 1728, *until the firſt Day of* September, *which will be in the Year* 1733.
6. *An* Act, *to ſupport the Troops at* Oſwego, *and to regulate the* Indian *Trade there.*
7. *An* Act, *for fortifying the City of* Albany.
8. *An* Act, *to impower* Samuel Baker, *and others, to imploy proper Perſons for the Service of this Colony, at the Court, or in the Parliament of* Great-Britain. And,

9. *An*

9. *An Act, to inlarge and releaſe* Andrew Law, *jun. upon ſurrendering his Eſtate in the Manner, and for the Uſe thereinmentioned.*

The Speaker likewiſe acquainted the Houſe, that the Preſident had made a Speech to them, of which, to prevent Miſtakes, he had obtained a Copy; which was ordered to be read, and is in the Words following.

Gentlemen,

AS I have now given my Aſſent to ſuch Laws, as, at this Time, ſeemed to be of abſolute Neceſſity for the Welfare of this Province, ſo I have conſidered, that by Reaſon of the Diſtemper (I mean the Small-Pox) now ſpread amongſt us, which has hindred ſome of the Members of the General Aſſembly, to meet this Seſſion; and cauſed others that were met, to deſire Leave to withdraw; you would be glad of a Receſs, have therefore thought fit, by, and with the Advice of his Majeſty's Council, to direct the General Aſſembly, to adjourn themſelves until the ſecond Tueſday *in* December *next enſuing*, Annoq; Dom. 1731.

New-York, 30*th* of September, 1731. RIP VAN DAM.

Gentlemen,

'WHEN his Majeſty was graciouſly pleaſed to appoint me Governor of this Province, I intend-
'ed to embark early in the Spring; but upon the Appli-
'cation of your Agents, I quitted that Reſolution, in
'order to give the beſt Aſſiſtance I was able, towards
'defeating the Bill then depending in Parliament, in
'Favour of the Sugar Iſlands: What Succeſs it has had,
'you very well know.

Gentlemen,

'I am extreamly pleaſed to ſee you ſo ſoon in Aſſembly,
'after my Arrival; the Seaſon of the Year, and Exigence
'of Affairs, requiring not only a ſpeedy Application, but
'your utmoſt Attention; and I do not in the leaſt doubt
'but you are met together determined to ſupport his
'Majeſty's Government, by ſettling upon him a Re-
'venue, in as full and ample a Manner, and at leaſt, for
'as long a Time as you, or any former Aſſemblies have
'at any Time given it; and to make ſuch Proviſion for
'the Maintenance of the Garriſon of *Oſwego*, and for the
'Repairs of that Place, as well as the Reſt of the Garri-
'ſons, as their ruinous Condition requires. This will
'encourage the Soldiers to do their Duty cheartully, give
'the five Nations a full Aſſurance of Protection, and
'make your Trade more extenſive amongſt the remote
'*Indians*, and in all Things, anſwer the End to which
'it is deſigned: Thoſe Things his Majeſty, the beſt of
'Kings, whoſe univerſal Care of his Subjects, he makes
'his greateſt Glory, thinks, for your own Sakes, you
'ſhould do; therefore expects it from this Aſſembly, of
'whoſe Loyalty, and dutiful Affection to his Perſon and
'Government, he is fully ſatisfied.

Gentlemen,

'I am commanded to aſſure you of his Majeſty's Pro-
'tection in your Religion, and all your juſt Rights and
'Liberties, and of his gracious Inclination to encourage
'your Trade, on which the Strength and Proſperity of
'the Province, does in a great Meaſure depend. If any
'new Laws are neceſſary for the Encouragement and
'enlarging of your Trade, in any of its Branches, you may
'depend upon my concurring with you; and if there be
'any Thing wanting to make you a flouriſhing and happy
'People, you may be aſſured I will uſe my utmoſt Power
'and Intereſt, to ſerve you.

Gentlemen,

THE *Season of the Year being so far advanced, I shall only at this Time, recommend to your Consideration, a thorough Repair of the Barracks in this Fort. There are some temporary Laws expired, or near expiring, which it will be necessary to revive or to continue; I need not point them out to you; you know them, and the Usefulness of them. These, and whatever else, are necessary for the Welfare of the Province, I will readily concur in.

Mr. Speaker, His Excellency requires the Attendance of this House, at the Council Chamber, in a quarter of an Hour.

Then Mr. Speaker left the Chair, and with the House attended accordingly; and being returned, he resumed the Chair, and informed the House, his Excellency had made a Speech to them of which (to prevent Mistakes) he had obtained a Copy, and being read, is as followeth, *viz.*

Gentlemen,

'AS I knew there was nothing of greater Concern or higher Importance to the Prosperity of the 'Province, than the Encouragement of Trade, whereon 'the Welfare, and even the Subsistence, both of the Far- 'mer and Tradesmen depends; I have made it my Busines 'to inform myself of its present Situation, and of the Discou- 'ragements it labours under, hoping that by discovering 'the Causes of its Decay, I might find a Remedy: I 'will first Point out some of the principal Causes of the 'Decay of Trade, and then propose some Remedies for 'them.

'The first and principal Cause is, that your Neigh- 'bours, especially the *Bermudians*, have, by Degrees, got 'such Footing, that they are now become your common 'Carriers, whereby not only building, which is a vast 'Advantage to a Country, is discouraged, and almost wholly 'disused; Artificers without Imploy, their Familie reduced 'to great Necessities at present, and no Prospect before 'them, but extream Poverty, or a forsaking their Country; 'but likewise vast Sums of Money are yearly carried out 'of the Province by Strangers, who, as I am well informed, 'spend hardly any Thing even for their daily Subsistence 'while here, nor import any Thing useful or profitable 'into it.

'Another Cause of the Decay of Trade is owing to 'the Want of having your Flour, the staple Commodity 'of the Country, put under such Essays, and strict Search 'and Inspection, as may be necessary to prevent the Ex- 'portation of any, but such as may equal in Goodness, 'the best that is exported from your neighbouring Pro- 'vinces, whose Flour has gained a Reputation superior to 'yours, from the wholesome Laws they have made to 'prevent Frauds and Abuses.

'I propose therefore, and earnestly recommend to you, 'Gentlemen, to pass some Law or Laws, for the Encou- 'ragement of your own Building and Navigation, for the 'Discouragement of those who supplant you in your 'Navigation, by laying a Duty of Tonnage on them, 'and for putting all Flour to be exported, under a strict 'Essay and Inspection; this will prevent Frauds and A- 'buses in bolting, give Life to the expiring Hopes of 'your Ship Carpenters and other Tradesmen; recall their 'unwilling Resolutions to depart the Province, and en- 'courage others to come into it; fill your Harbours with 'Vessels of your own, inspire the Youth with warm In- 'clinations to become Seamen; and by giving new Vi- 'gour to a declining Trade, fill your Country with 'Riches, and spread its Reputation far and wide: Nor 'are these the only Things of high Concern, that I have 'to recommend to you, the Safety and Protection of the 'Harbour and Town of *New-York*, and of the Frontiers, 'are greatly necessary; nor is any Time so fit to guard 'against our future Enemies, as a Time of Peace; how 'long the present Peace may continue, is uncertain. I 'therefore, earnestly recommend to you to make Use of 'the present Time, and to give a sufficient Sum for the 'Erecting of a Battery at the Point of Rocks by *White- 'Hall*, and of new Forts at *Albany* and *Schenectady*: I 'have drawn such Plans for those Purposes, as I think 'will best answer the End, and made an Estimate of the 'Expence, which I will order to be laid before you; if 'these Expences appear large, consider the Benefits that 'you are to receive from them, which are no less than 'the Defence of your Country, and Protection of your 'Families, and let the Management of the Money, be 'put into honest and frugal Hands, such as reside con- 'stantly in the respective Places; and who more proper 'than the Representatives, or some of the Corporation 'of the two Cities, and some of the most substantial In- 'habitants of the other Town, where there is no Cor- 'poration? And let a strict Account be required and ren- 'dered of the disposal of it; and I am persuaded you will 'think your Money well laid out.

'If any Branches of your Trade be overladen with 'Duties, I wish some effectual Method could be taken 'to ease them, by an Imposition on some other Parts bet- 'ter able to bear it, or on something that may not at all 'affect Trade: For my own Part, I think a Duty upon 'Paper to be used in the Law, and in all Conveyances 'and Deeds of every Denomination, may, if rightly ma- 'naged, bring a considerable Sum of Money yearly to 'the Treasury; and if upon Trial, you find it will answer 'your Expectations, you may then ease such Branches 'of Trade as most want it, of so much as that Duty 'will amount to; I propose it as an Experiment, with no 'other View than for the Ease and Encouragement of 'Trade, in the Prosperity whereof, every one of you is 'concerned: But as it is uncertain what such a Duty will 'amount unto clear of all Charges, you may direct the 'Money arising from it to be paid into the Hands of the 'Treasurer, and there lodged, till by an Act you apply 'it to some particular Uses.

'I see with Concern, that whilst the neighbouring Pro- 'vinces are filled with honest, useful and laborious white 'People, the truest Riches, and surest Strength of a 'Country, this Province seems Regardless of the vast Ad- 'vantage which such Acquisitious might bring them, 'and of the Disadvantages that attend the too great Im- 'portation of Negroes and Convicts; these Things are 'worthy your Consideration, and require your speedy 'Attention; as the greatest Good is to be expected from 'one, and the greatest Evil to be apprehended from the 'other.

'The six Nations of *Indians*, are often in want of 'Smiths, and their proper Tools to mend their Arms; 'I recommend it to you to make Provision for that Pur- 'pose; the *French* not only do that, but constantly send 'some Men of Art and Interest to reside among them, 'furnished with Brandy, Lead and Powder, which they 'give from Time to Time to the *Indians*, whereby they 'ingratiate themselves with them, and alienate their Af- 'fections from us; it is our Interest to defeat the At- 'tempts of the *French* by the like Arts, and to preserve 'the Friendship of the six Nations though at a greater 'Expence.

'If there are any other Laws wanting for the Defence 'of the Province, for the Advancement of Trade, for the 'Encouragement of Husbandry, or for promoting Ma- 'nufactures, Arts and Sciences among you, you may de- 'pend upon my chearful Concurrence with you; well 'knowing, that I cannot recommend myself to his Ma- 'jesty, the best of Kings, more effectually, than by pro- 'moting the Happiness and Prosperity of the Province, 'who being full of Affection to his People, and tender 'of their civil and religious Rights, expects from them 'the grateful Return of Loyalty and Duty to his Per- 'son, and Reverence and Submission to his just Prero- 'gative and Authority.

W. COSBY.

The humble Addreſs of his Majeſty's Council and the General Aſſembly of this his Colony of New-York.

May it pleaſe your Excellency,

THE Experience we have had of your Excellency's Regard for this Colony, throughout the whole Buſineſs of this Seſſion, during which you have been pleaſed to recommend to us ſuch Things only, as are abſolutely neceſſary for our immediate Safety and Defence, and our future Welfare and Proſperity, without propoſing to yourſelf any other Intereſt therein, than that Pleaſure which your Excellency receives in promoting the publick Good; we have great Reaſon to hope that the ſame generous Motives will induce your Excellency to favour us yet further; we therefore beg Leave to Requeſt your Excellency, that by your Aſſent to the Bill, entitled, *An* Act, *to ſtrike and make current Bills of Credit, to the Value of* Twelve Thouſand Pounds, *on the Funds, and for the Uſes therein-mentioned*; you would be pleaſed to put the laſt Hand, to the Erecting thoſe Fortifications, which we hope to ſee riſe under your Direction, and which will remain to our Poſterity, as Monuments of your Excellency's Care, for the Safety and Security of this Colony, over which it hath pleaſed his Majeſty, to appoint you Captain General and Governor.

And ſince ſeveral good Funds are granted and applied for ſinking of the ſaid Bills, we are well aſſured they will keep up their Reputation and Credit.

Sir, The preſent War in *Europe*, the Diligence of the *French* our Neighbours, the decayed Forts and defenceleſs State of our principal trading City and Frontiers, compel us to beſeech your Excellency to paſs this Bill; and we flatter our ſelves, that when his Majeſty ſhall be graciouſly pleaſed to conſider the naked and defenceleſs Condition of this Colony, he will be convinced of the Loyalty and Zeal of his Subjects, to put it in a Poſture of Defence by the only Method in their Power.

Ordered, That the Speaker ſign the ſaid Addreſs in Behalf of the Houſe, and that he deliver the ſame to the Council, they being firſt mentioned therein.

Gentlemen,

THIS Meſſage is ſome what out of the ordinary Courſe, the Houſe muſt know, that it is the undoubted Prerogative of the Crown, to adjourn, prorogue or diſſolve the Aſſembly; and ſince his Majeſty has been pleaſed to intruſt me with that Power, I ſhall always make Uſe of it, as I find it conducive to his Majeſty's Service, and for the Benefit of this Province, which I cannot apprehend it to be at this Time.

Die Mercurij, 9 *ho. A. M. Oct.* 29, 1735.

THE House taking into Consideration, that the Bills of Credit, struck and issued by Virtue of the Act for paying several Debts claimed as Debts of this Colony, commonly called the first long Bill, passed in the Month of *July*, *Anno* 1714, were enacted to be current for the Term of 21 Years only, in Expectation that the Duty of Excise (upon which the said Bills were struck, and by which the same were gradually to be sunk) would have been sufficient to sink and cancel them before the End of those Years.

And that although the said Fund has not proved sufficient to sink all the said Bills, yet such Part of them as remains uncancelled, pass as current between Man and Man as they did at their first Emission.

But in as much as a Dispute upon that Head, might occasion Contensions among the good People of this Colony, which might moreover in some Measure, affect the Credit and Reputation which our Paper Currency has hitherto entirely preserved, it is the Opinion of this House, that such Inconveniences ought to be prevented.

And the House taking into further Consideration, That the Bills of Credit, struck and issued by Virtue of the Act commonly called the second Long Bill, passed in the Year 1717, were enacted to be current until the End of the Year 1739, are of Opinion, that it cannot exactly be known how much the Deficiency may prove in the Funds upon which both the said Bills of Credit were struck for the entire sinking of them, until the End of the said Year.

And that as the Emissions, and the Funds to sink them, are in a Manner of the same Nature, a Supply to make good such Deficiency as may happen in those Funds, can more effectually be provided at the End of the Year last mentioned than at present.

And for these Reasons it is by the House

Resolved,

Resolved, That a Bill be brought in to revive, and inforce, and continue the Currency of the Bills of Credit, issued in the Year 1714, until the End of the Year 1739.

And that at the Expiration thereof, or as soon as it can be known how much the Deficiences aforesaid may amount to, the General Assembly will provide Ways and Means to supply the same, to the End, that not only the Bills emitted in the Year 1714, but likewise those issued in the Year 1717, may effectually be sunk and cancelled.

Gentlemen,

I Find by the Treaſurer's Accounts of the preſent State of the Revenue, that there is already a large Deficiency, and from the enſuing Seaſon of the Year, it may be apprehended, that it will be much augmented before your next Meeting, if ſome timely and effectual Proviſion be not now made: Juſtice and your own Honour oblige you to it, and the Officers of the Government, whoſe Subſiſtence depends upon it, and his Majeſty's Service, make it my indiſpenſible Duty to recommend it to you in the ſtrongeſt Manner: Things of this Nature grow worſe by Delay; the Ways and Means to pay a large Debt, may become burthenſome to the Country, whereas a timely Proviſion will not be felt.

Had I known of this at your firſt Meeting, I had then mentioned it to you, and not have troubled you at this Time.

SINCE your preſent Meſſages take Notice that the Houſe applied to me in *November* laſt, for the ſame Thing, they now deſire, they muſt allow it is ſtill more out of the ordinary Courſe now, than it was at that Time.

I muſt therefore, again Anſwer, that as the adjourning, proroguing and diſſolving of the Aſſembly, is the undoubted Prerogative of the Crown, and that as his Majeſty has been pleaſed to intruſt me with that Power, ſo I ſhall make uſe of it, as I find it for the Service of his Majeſty, and the Benefit of the Province, which I do not yet apprehend it to be.

A Message from the President, by the Deputy Clerk of the Council.

Mr. Speaker, His Honour requires the Attendance of this House, at the Council Chamber immediately.

Then the Speaker left the Chair, and with the House, attended accordingly; and being returned, he resumed the Chair, and reported to the House, that his Honour had made a Speech to them; of which (to prevent Mistakes) he had obtained a Copy; and being read, is as follows, *to wit.*

Gentlemen,

THERE never was a Time, wherein your Sitting was more necessary than the Present; to heal the unhappy Divisions that have sprung up in this Province, to provide for the Safety, the Defence and Prosperity of it, to encourage Trade and Navigation, and to promote the raising and manufacturing such Commodities, as may be advantageous to yourselves, and useful to Great-Britain.

You have by a Resolve of your House, engaged the publick Faith (which ought to be sacred) to make good the Deficiences of the Revenue; and I promise myself, from your well-known Loyalty and Duty to his Majesty, that you will now chearfully and effectually provide for it, and it requires your earliest Attention.

Ship Building, which in some of your neighbouring Provinces, is carried on to a large Extent, and is become a considerable Part of their Returns to Great-Britain, *has for many Years been much neglected and little used in this Province; and yet Nature has been as bountiful to us as to them, in giving us as many Materials for that Use, a fruitful Soil for the Production of Hemp, and a cheap and safe Navigation for all, from most Parts of the Province to this City; as this is of the greatest Importance to you, I earnestly recommend it to your present Consideration, that by a timely and effectual Provision, you may retrieve that beneficial Branch of Trade, and carry it to a heighth superior to any other Province.*

The Markets for your Flour (the present Staple of the Province) are already so much overdone, by the great Importations that are made to them, from this and the other Northern Colonies, that unless some Manufactures be set on Foot, that are wanted in Great-Briain, *or do not interfere with theirs, there will be no Way to imploy the People to any Advantage;* Great-Britain, *has long extended her Bounty to us, in the Article of Hemp, but we have not yet taken hold on it, it wants some further Encouragement, and it is your Interest, though with a present Expence, to lay a Foundation for that useful and valuable Manufacture; some of your neighbouring Provinces have done it, and reap the happy Fruits of it.*

I heartily recommend to your Consideration, the Fortifications now on Foot, that if upon Inspection of the Accounts, you find the Money already given will fall short, you may effectually provide for the finishing of them.

Fort Hunter, *is in a very ruinous Condition, the Palisadoes, the Block Houses and Barrack are tumbling down, and hardly to be repaired at a less Charge than would build a new one, the principal End for which it was built, being to cover the Christian Settlements then made, and to encourage others to be made in that Part of the* Mohawk's *Country, is happily attained; and we may reasonably expect the like good Effects in settling the Rest, which is much the greatest Part of the* Mohawk's *Country; if a new Fort be built on the Carrying-Place, at the upper End of the* Mohawk's *Country, and the Garrison of* Fort Hunter, *be removed thither; this will cover the whole* Mohawk's *Country, fix an easier Communication between all the frontier Garrisons from* Albany *to* Oswego, *be a safe Repository for the Goods that must be landed there, in passing to and from* Oswego, *and be a sure Protection to that Trade and Country at all Times; a small Sum of Money will do the Work.*

The House at Oswego, *wants some present Repairs, and the upholding it, is of such Consequence to the Trade of the Province, that I am persuaded you will think it highly necessary, to put it in such a Condition against the Winter, as the Officers and Soldiers may be screened from the Inclemency of the Weather.*

The Commissioners for Indian *Affairs, having represented to me, that there was a necessity of sending a Smith and some other Persons to reside for a Year, in the* Seneka's *Country with some small Presents, to secure the Fidelity of that Nation to us, I hope, you will make proper Provision, to defray that Expence.*

These Things that I have recommended to you, being for his Majesty's Honour and Service, for the Encouragement and Advancement of Trade, and the general Good of the Country, I can safely and will chearfully concur with you in them, as I shall in all others of the like Tendency; they deserve your utmost Attention, and I hope you will give them Dispatch.

I make no doubt, but that you are come with Minds disposed to consult his Majesty's Honour, and the true Interest and Quiet of the Province; let therefore your Debates be quitted by Moderation, make Things of a private and inferior Nature give Way to those of a Publick, and your Electors will thank you, Posterity bless you, and future Assemblies make your Actions a Rule for theirs.

Oct. 14, 1736. GEORGE CLARKE.

Mr. Speaker, His Honour having been afflicted for about a Month last past, with the Gout in his Feet, is prevented from coming to the Council Chamber at the City Hall, and therefore requires the Attendance of this House, at the Council Chamber in Fort George, *immediately.*

Then the Speaker left the Chair, and with the House, attended the Lieutenant Governor accordingly; and being returned, the Speaker resumed the Chair, and reported that his Honour had made a Speech to them; of which (to prevent Mistakes) he had obtained a Copy; which being read, is as follows, *to wit.*

Gentlemen;

THE Season of the Year having obliged me to put at End to your last Session, before several Matters by me recommended to you, were provided for, you came to a Resolution, before you broke up, to take them into Consideration, and to give them their due Weight at your next Meeting, and I hope you are now come together with Resolutions to make good your Engagements; both His Majesty's Honour and Service, and the Happiness and Prosperity of the Province, require it of you.

You will see by the Treasurer's Accounts, that there is a great Deficiency of the Revenue, under which not only the Officers of the Government groan, but their Creditors also suffer extreamly: This is a Debt contracted during this present Assembly, by the Insufficiency of the Funds given for Support of Government, and it is but reasonable to expect from you such speedy Provision, as may soon and effectually pay it; your own Honour is plighted for it, and I am persuaded, that you will not leave that to be done by another Assembly, which you ought to do your selves, nor suffer a Debt to grow greater, which you have the Power and Opportunity to discharge; the Eyes of the Province are upon you, expecting a speedy Event, and I assure myself, that you will make all your Actions of a Piece with your beginning, honourable and worthy, befitting your Characters of dutiful, affectionate and loyal Subjects, to the best of Kings, whom God long preserve.

The Determination of the present Revenue drawing nigh, I earnestly recommend it to you, to give a further and honourable Revenue to his Majesty, for the Support of his Government, nor do I doubt of your Chearfulness to do it. I hope, however, that you will take some Methods to ease the Merchant, that the whole Burthen may not lie on Trade: It is necessary, and the Planters will soon find the Benefit of it, for it is on the Increase and the flourishing Condition of Trade that they must grow rich.

I recommended to you the last Session, to give some proper Encouragement for the raising of Hemp, and promoting of Ship Building; I now add to them, that of Iron; they are Things that deserve your utmost Attention, and call for a speedy Help.

I recommended likewise to you, the Fort in the Mohawk's *Country, the House at* Oswego, *and the new Fortifications. The First is tumbling down, the Second in a ruinous Condition, the Third calls for the finishing Hand; and all require your effectual and immediate Care.*

These being Things, that his Majesty's Honour and Service, and the Defence, Security and Prosperity of the Province, require at your Hands: I persuade myself, that you will now chearfully and effectually provide for them, and that you will likewise give a Sum sufficient to put in good Repair, that Part of the Barracks, in his Majesty's Fort in this Town, which were left unfinished, when the Rest of the Barracks were repaired.

The Artificers complain, and with too much Reason, of the pernicious Custom of breeding Slaves to Trades, whereby the honest and industrious Tradesmen, are reduced to Poverty, for Want of Employ, and many of them forced to leave us, to seek their Living in other Countries. It deserves your Consideration, and I hope will receive a present Remedy.

Gentlemen,

We have the Pleasure to see Peace restored to this once divided Province; and I hope, that by your Assistance, I shall be able to put it in a more flourishing and prosperous Condition, than ever it has been; my best Endeavours shall be directed to it, and I make no Doubt, that you are met with Resolutions to contribute every Thing in your Power towards it.

You have it now in your Power to set on foot, to encourage to raise, and to carry to a great heighth, several Commodities that are wanted in England; *such as will imploy great Numbers of People here, give Life and Vigour to your declining Trade and Navigation, raise the Price of Lands, inrich the Farmer, make you useful to your Mother Country, and strongly recommend you to his Majesty's Grace and Favour; and I promise myself, that you will not let slip the present Opportunity.*

Whatever else is necessary for the Prosperity of the Province, wherein my Concurrence may be given, you may assuredly expect from me; let your Actions be guided by Moderation, let the publick Good have the first and principal Place in your Deliberations; and then your Country may hope to see themselves raised from their present Condition, to an Heighth of Riches and Felicity as yet unknown to them.

The Committee do further find, that besides the before-mentioned unpaid Warrants, there will accrue and become due for five Quarters more, on the aforesaid Act, until the Determination thereof, which will be on the first Day of *September*, in this present Year 1737; the several Salaries and Services here-under-mentioned, *to wit*.

For Presents to the Six Nations of *Indians*, until the same Time, to be laid out in proper Goods, and actually presented to them -	400	0	0

To the Clerk of the General Assembly, for the last Sessions	18	12	0	
To the Door Keeper, during the same Time	8	5	0	
For the said Clerk, during the present Session computed at about	36	0	0	
For the said Door Keeper, during the same Time, computed at about	15	0	0	

The Committee do also find, by an Account of Mr. *Samuel Baker*, that over and above the *Two Hundred and Fifty Pounds* Sterling, remitted to him, out of the support Act, to oppose the Attempts of the Sugar Colonies, he is in advance, *Twelve Pounds, Nine Shillings and Five-pence* Sterling; which they are of Opinion, ought to be paid to his Correspondent, Mr. *Stephen De Lancey*, amounting with the Exchange thereon, to the Sum of - 20 12 0

And that there is due to *John De Honeur*, for Expences of several Committees of the General Assembly, during sundry Sessions, the Sum of - 7 19 4

The Committee likewise find, that Bills of Credit, issued by an Act, passed in the Year 1720, and directed to be sunk by the Funds of the before-mentioned support Act, do remain uncancelled, and for that Reason, ought to be allowed as Part of the Deficiency in the said Support, being to the Value of - 2000 0 0

So that they find, the whole Deficiency will amount to - - 8697 13 8 ¼

And the said Committee do also find, that there must be deducted out of the said whole Amount, the two following Sums, *to wit*.

For the before-mentioned Ballance due to the Colony, until the 25th of *March* last, *One Thousand, Six Hundred and Seventy Five Pounds, One Shilling and One Penny Farthing*.

And they compute, that the Funds to arise by Virtue of the said Support Act, from the 25th of *March* last, to the 1st of *September* next ensuing, may amount to a Sum of about *One Thousand Pounds* - - 2675 11 ¼

£. 6022 12 7 ½

So that the Committee, do conceive the whole Deficiency of the said Support, until the first Day of *September* next ensuing, will amount to the Sum of *Six Thousand, Twenty Two Pounds, Twelve Shillings and Seven-pence Farthing*; and are of Opinion, that if the Funds of the said Support, do on the said first of *September*, exceed the Computation above-mentioned, such Surplus ought to be applied in such Manner, and to such Uses, as shall be directed in and by an Act of the General Assembly of this Colony, to be made for that Purpose, and not otherwise.

Which Report being read, was approved of by the House; who came to the following Resolutions thereon, *to wit*.

Resolved, That this House, will provide Ways and Means, to raise the Sum of *Six Thousand, Twenty Two Pounds, Twelve Shillings and Seven-pence Farthing*, to supply the Deficiences of the Funds appropriated for the Support of his Majesty's Government in this Colony; until the first Day of *September*, in this present Year 1737.

Resolved, That the Money so to be raised, shall be by the Act, for raising the same, applied for and towards paying and discharging the several and particular Salaries and Services before-mentioned, in the same Course and Order as the same are set down in the foregoing List, and not otherwise, nor to any other Use or Purpose whatever.

Ordered, That Leave be given accordingly.

The Bill, entitled, *An Act, for settling and regulating the Fees of the several Officers within this Colony*; was read the second Time, and committed to a Committee of the whole House.

Which being read and allowed of, the said Col. *Morris*, did then (according to Leave) present to the House, a Bill, entitled, *An Act, to impower* Simon Johnson, *Esq*; *and* John Aubenian, *and* James Favier, *of the City of* New-York, *and the Survivor of them, to sell a certain Island, called* Little Barn's Island, *and all the other Lands, lying within the Bounds of* Harlem, *which were lately conveyed to them by* Elias Pipon; which was read the first Time, and ordered to be read the second Time.

A Message from the Lieutenant Governor, by the Deputy Clerk of the Council.

Mr. Speaker, His Honour requires the immediate Attendance of this House, at the Council Chamber in Fort George, *by Reason the Gout disables him from coming to the Council Chamber in the City Hall.*

Then the Speaker, and the House went thither accordingly; when his Honour was pleased by the following Speech, to dissolve the General Assembly.

Gentlemen,

YOUR solemn Promises, in repeated Resolves of your House, to make good the Deficiences of the Revenue, obliged me to give you an Opportunity of performing them, and at the same Time of making such Laws as are much wanted to rescue this Province from its declining Condition, and to put it in a more flourishing State; they are equally necessary, and ought to go Hand in Hand; but since you have not the proper Use of that Opportunity, but have passed some Resolves, highly derogatory to his Majesty's Honour and just Prerogative, which I am bound to maintain and support; I am no longer constrained, to delay my gratifying the Desires of the People, with a new choice of Representatives; sooner I could not do it, without subjecting myself to Censure; I have therefore thought fit now to dissolve you, and I do accordingly dissolve you.

To the Honourable *George Clarke*, Esq; Lieut. Governor and Commander in Chief of the Province of *New-York*.

May it please your Honour,

WE agree with you, that his Majesty's Honour and the Interest and Prosperity of this Colony, required the Dissolution of the late General Assembly, and our Constituents were highly pleased with the Opportunity you gave them of choosing such Persons to represent them, as they believed had the Interest of the Country truly at Heart; and we do assure your Honour we will endeavour so to behave ourselves as to give them no Reason to repent of their Choice.

As this good Beginning has very plainly shewn the Unanimity of their Inclinations, so we persuade ourselves it will have its proper Effects upon all concerned, and prove the Beginning of an Harmony (hitherto with Impatience wish'd for) which we hope will long subsist amongst us.

Your Honour can be only the judge what Credit is to be given to the Informations you have received concerning the Indians, *and how far the Damage is real or not, and we doubt not the Concern a Person in your Station ought to have for his Majesty's Honour and the Safety of the Colony, will induce one of your known Sagacity, to act as becomes you on this Occasion; we therefore wish you a good Passage and a safe Return.*

The nigh Approach of Harvest, and after that of Seed Time, makes the defering of our Meeting to a further Day necessary, and we hope we more than flatter ourselves that our next Meeting will be attended with all the good Consequences suitable to the Occasion of it.

By Order of the House, *&c.*

Mr. Speaker, his Honour the Lieut. Governor requires the Attendance of this House in the Council Room, in the City-Hall, immediately.

The Speaker left the Chair, and the House went thither accordingly; and being returned, he resumed the Chair, and reported to the House, that his Honour the Lieut. Governor, had made a Speech to them; of which (to prevent Mistakes) he had obtained a Copy; which being read, is as follows, *to wit.*

Gentlemen,

WITH Pleasure I perceive, by the Resolves of your House in June, *that you did in your short sitting of two Days, enter in Part upon the Consideration of the present State and Circumstances of the Province: This early Beginning has prevented my recommending several Things to you, and gives me Hopes that the future Course of your Proceedings, will be directed to his Majesty's Honour and the true Interest of the Province; when they are jointly considered, as they ought to be inseperable, we may promise ourselves the utmost Felicity; every Man's private Interest must partake of publick Blessings, and that small Portion that I have among you, will naturally lead me to grant every Thing that may promote the common good; every Thing I mean that is in my Power to grant, more than that you are too reasonable to expect, nor can I give into without departing from my Duty to his Majesty, and betraying the Trust reposed in me, nor can you receive any Benefit by it; could I be drawn to such a Conduct, since all your Bills are subject to his Majesty's Disallowance, my Duty, my Honour, and my Inclination, bind me both to a strict Obedience of his Majesty's just Commands and royal Instructions, to maintain and support his right full Prerogative, and to the proper Administration and right End of Government in protecting his Majesty's Subjects of this Province, in the full Enjoyment of their civil and sacred Rights and Liberties, wherein it shall be my constant Study and unwearied Endeavour to preserve.*

The

The Deficiences of the Revenue under which the Officers of the Government and their Creditors groan, call for your early Attention, and from your Justice and Honour, I hope to see speedy and ample Provision made for them.

The well-known Loyalty of this Province to the Crown, and their zealous Affection to his present Majesty, the best of Kings, and his royal and illustrious House, have appeared conspicuous on every Occasion, and in nothing more than in the Support of Government, which the Assemblies have at all Times given to his Majesty; and I assure myself, that your Loyalty, Zeal, and Affection, are nothing short of theirs who have gone before you: In this Confidence I do, with most assured Hopes of Success, earnestly recommend to you to give to his Majesty a further and honourable Revenue for the Support of his Government; such, and for such Time at least, as former Assemblies have given; wherein I hope that a due Regard will be had to Trade.

The House at Oswego, *is in a ruinous Condition, and wants a present and thorough Repair. I daily expect a more particular Account of its present Condition, from the Officer whom I have sent to command there; and when I receive it, I will order it to be laid before you, that you may the better judge of the Sum it will require to repair it. It is a Place of great Importance to the Fur Trade, which under a better Oeconomy, may be carried to a greater Extent, and I hope you will make further Provision for the Support and Maintenance of the House and Garrison.*

When I went to Albany, *to meet the Six Nations, I was not without Hopes of getting them to revoke the Promise of Leave which they had given to the* French *Interpreter, to build an House at* Tierondequat, *in the* Senekas *Country, and of obtaining from them an absolute Conveyance of some Land to build a Fort on, in that Place, and of as much more as might be sufficient to raise Provision for the victualing that Garrison and* Oswego *too, which would save the Country much Money, and secure to us the Fidelity of the Six Nations in all Events: How I have succeeded in Part, and how in another Part, my Intentions have been defeated, will appear by the Papers which I shall order to be laid before you; all that I could then do, was to send the Interpreter, a Smith, and three other Men to the* Senekas *Country, there to reside the ensuing Year, to keep the* Indians *steady to their Promise, not to suffer any* Frenchman *to build in their Country; and I hope you will make suitable Provision for that Expence.*

Fort Hunter, *in the* Mohawks *Country, is tumbling down, and that Part of the Barracks in* Fort George, *which for want of Money was left unfinished when the Rest of the Barracks were repaired, will soon be in as bad a Condition, if some Care be not speedily taken to repair it; I therefore earnestly recommend them to your present Consideration, as I do likewise the new Fortifications which want the finishing Hand.*

Whatever else you may judge necessary for the Tranquility, Prosperity, and Security of the Province, wherein my Concurrence may be necessary, and which I may safely give, you may with Confidence expect, for it will be an inexpressible Pleasure to me, to see Trade, Navigation, and Ship-building, increase and flourish; Manufactures that may be useful to Great-Britain, *and beneficial to the Province, set on foot and carried to Perfection; the Country replenished with white People, and a general Benevolence and Harmony take Place again throughout the Province. These are Things that are much wanted and universally wished for, hitherto neglected, or not enough thought of, for want of that public Spirit which is absolutely necessary to make a Country flourish; they are greatly in your Power, and if the good Understanding that is happily begun, continues to subsist between the several Parts of the Legislature, as I hope it will, I make no doubt but that the Province will soon reap the Fruits of it, and find their Expectations (from the Choice they have made of you their Representatives) fully answered; Posterity feel the happy Effects of it, and we shall all recommend ourselves to his Majesty's Grace and Favour, who makes the Happiness of his People his first Care and greatest Glory.*

2d of September, 1737. GEORGE CLARKE.

To the Honourable GEORGE CLARKE, *Eſq; Lieutenant Governor and Commander in Chief of the Province of* New-York.

The humble Addreſs of the General Aſſembly.

May it pleaſe your Honour,

'THE Pleaſure you expreſs concerning our Conduct the laſt ſhort Time of our Sitting, gives us no 'ſmall Satisfaction to find that the Bills we have given 'Leave to be brought in are agreeable to you, as we are 'ſure they are to the Colony we have the Honour to re'preſent; and ſince we know from yourſelf, they are 'pleaſing to you, we reaſonably conclude, they will not 'fail of receiving your Aſſent to them, when they are 'prepared for it, which we ſhall endeavour to do with all 'convenient Expedition; and pleaſe ourſelves with the 'Hopes that no unreaſonable Oppoſition, will be attempt'ed, or (if attempted) ſuffered to defeat or prevent thoſe 'Bills from being paſſed into Laws, upon which we 'think the Safety and well-being of the Colony ſo much 'depends.

'Perſons that are fairly and freely choſen, have only 'right to repreſent the People, and are moſt likely to do 'the moſt effectual, as well as the moſt acceptable Ser'vice to the Publick: Whereas thoſe who have recourſe 'to Frauds and unbecoming Arts, to procure themſelves 'to be raiſed to thoſe Stations, muſt be under the Go'vernment of narrow and ſelfiſh Views, unworthy any 'Repreſentation of a free People, and will no doubt baſe'ly ſubmit to the ſame deteſtable Meaſures, to continue 'themſelves (by any Means) in the Exerciſe of a Truſt 'unjuſtly acquired. It is by ſuch as theſe, that the Li'berties of the moſt free People have been in various 'Ages of the World, undermined and ſubverted: And it 'is to prevent this, as much as we may, that we gave 'Leave to bring in the Bill, for regulating of Elections.

'The Miſchief that is by it endeavoured to be prevent'ed, has been but too generally practiſed, and the many 'Laws of that Kind, both in *England* and the Plantati'ons, that have had the Royal Aſſent in different Reigns, 'proves that our Kings did not at any Time think, that 'Bills of that Nature, were Attempts upon their royal 'and juſt Prerogatives, but juſt and neceſſary to ſecure 'the Liberties of their Subjects; which it always was 'and ever will be their Honour, as well as their true 'Intereſt, to preſerve and maintain.

'As it is abſolutely neceſſary in the Nature of Things, 'that Elections of Repreſentatives ſhould be free, other'wiſe they cannot with any Propriety of Speech be called 'Elections, ſo it ſeems equally neceſſary for the Safety of 'the People, that they ſhould be frequent, for which Rea'ſon, we gave Leave to bring in a Bill for that Purpoſe.

'No Government can be ſafe without proper Checks 'upon thoſe intruſted with Power, and the wiſeſt Go'vernments where the Chief Magiſtrates were Elective, 'took eſpecial Care, that it ſhould not continue long, in 'the ſame Hands, Experience having taught them, that 'Men, how much ſo ever eſteemed, had really not Virtue 'enough for ſo great a Truſt, and generally uſed it ill 'when they had it.

'The Experience of *England* has ſhewn, that long 'Parliaments have been dangerous to their Chooſers, as 'well as to their Kings, and whatever Advantages may 'be hoped from any Set of Men properly diſpoſed to come 'into particular Meaſures, the Succeſs has ſeldom (if 'ever) anſwered the Expectation; for Men being Men, 'and as ſuch changeable, according to the different Ap'pearances of Things by which they have been affected; 'it has not ſeldom been found, that thoſe very Men on 'whom was the greateſt Dependence, have acted a quite 'contrary Part from what has been expected from them; 'and therefore in our Mother Country, frequent Parlia'ments, were antiently judged neceſſary to preſerve that 'juſt Ballance of Power, without which, the State and 'Conſtitution it ſelf could not long be preſerved. This

'the

'the Legislature of *England* saw, when they enacted 'trianeal Parliaments, and though for evident and good 'Reasons, that Term has been there since that Time 'prolonged, yet that they should be often elected, seems 'to be a Point agreed upon as a Thing in itself necessa-'ry. If it may be lawful to compare small Things with 'great, this Country has not been without its Uneasi-'ness, at the long Continuance of an Assembly; which 'your Honour found it necessary, for his Majesty's Ho-'nour and the Interest and Prosperity of the Province to 'dissolve; for doing of which, we in the Name of our 'Constituents return you our Thanks, and doubt not 'that above nineteen Twentieths of the People of this 'Colony, heartily join with us in doing so. By that 'Dissolution, you gave the Country an Opportunity of 'a new Choice, which they and the Assembly themselves, 'had long and earnestly desired, and often in vain at-'tempted to procure; and in Justice to you, we think 'ourselves obliged to acknowledge, that this Choice has 'been the most free that we have known, from any In-'terposition of the Government; neither yourself nor any 'Body by the Directions, or Countenance, that we know 'or ever heard of; having at all intermedled in the Elec-'tions; this is a Behaviour highly becoming the Chief 'Magistrate of a Country, and truly acting agreeable to 'the Trust reposed in you; and if your future Conduct, 'and that of your Successors in the Government, prove 'agreeable to this good Beginning, it is likely to be pro-'ductive of a Harmony, though long wished for, yet very 'lately little expected.

'Though none can have more warm and hearty Af-'fections for the Interest of our Country than we have, or 'would do more for its Service according to our Know-'ledge and Abilities; yet from what we have observed 'in others, we have some Reason to distrust ourselves, 'and fear a long Continuance in Assembly, will render us, 'as unfit to answer the Ends of our Choice, as it has done 'others before us. We doubt not from your late Conduct, 'that you have seen and observed the Inconvenience of 'long Assemblies, and are fully persuaded of the Necessi-'ty and Use of frequent Elections, as the most likely 'Way of inducing them to act as becomes them to do. 'Frequent Elections is what all our neighbouring Charter 'Governments enjoy, and the Benefits conceived to ac-'crue by such a Constitution, has been the great, if not 'the only Cause of the superior Numbers of Inhabitants 'in those Colonies; and we believe the want of it, no 'small Inducement to Numbers of our own to remove; 'it has been a Constitution indulged to most of the King's 'Plantations in *America*, and (as we conceive) not found 'to be prejudicial to his Majesty's Service, or destructive 'of his just Prerogatives; and therefore, we hope your 'Honour's Assent to this Bill, will be readily given when 'it comes before you.

Your Honour cannot be unacquainted with the Use 'and Necessity of an Agent, to solicit the publick Af-'fairs of this Colony, at the Court of *Great-Britain*, as 'well with Respect to such Bills as shall pass our House, 'and be made into Laws here, as to obviate any Misre-'presentation of the People of this Colony, and their 'Conduct to his Majesty's Ministers. This has been done 'and may be done again, and to deny our making an A-'gent, when we shall judge it proper to be done, will 'be denying us the Means of making a Defence when 'necessary, and subjecting us to suffer those Inconveni-'ences, which are the natural Effects of ill Impressions, 'unjustly made upon our Superiors; we have therefore 'given Leave to bring in a Bill for that Purpose, and 'hope the Reasonableness and Justice of the Thing, will 'be a sufficient Inducement to obtain your Assent to it, 'when it comes before you.

'The settling and establishing of Courts of general 'Jurisdiction, for the due Administration of Justice, is 'necessary in every Country; and we conceive, they ought 'to be settled and established, by the Acts of the whole 'Legislature and their several Jurisdictions and Powers, 'by that Authority limited and appointed, especially, 'Courts that are to take Cognizance of Matters in a 'Course of Equity: This has been the constant Practice 'in *England*, when new Courts were to be erected, or old 'ones to be abolished or altered, and the several King's 'of *England*, in whose Reigns those Acts were made, 'never conceived, that the settling, erecting or abolishing 'Courts by Acts of Legislature, had any Tendency to de-'stroy, or in the least to diminish their just and regal 'Prerogatives.

'It was the Method in use here, both before and since 'the Revolution, and particularly recommended to the 'Assembly to be done, in that Manner, by a Message 'from Governor *Slaughter* and Council, on the 15th Day 'of *April*, 1691. He was the first Governor since the 'Revolution, and the Governors that since that Time 'assented to those Acts, we suppose, never in the least 'imagined they were giving up the Prerogative of their 'Masters, when they gave that Assent, nor did we ever 'learn that they were censured for doing so; on the con-'trary, the constant Instructions that have from Time 'to Time, been given to the Governors of this Province, 'seem clearly to point out the doing of it by Acts of the 'Legislature, and not otherwise; as may be gathered 'from the Instruction, for erecting of a Court for the 'determining of small Causes, by which there are posi-'tive Directions given to the Governors, to recommend 'it to the Assembly, that a Law should be passed for that 'Purpose; but notwithstanding these Directions given in 'direct and express Terms, the Governors never would 'apply for such an Act; but erected that Court by an 'Ordinance of themselves and Council, as they did the 'Court of Chancery, which had before that Time, been 'erected by Acts of the Legislature, in another Manner: 'They could not be ignorant what Dissatisfaction the Erec-'ting of a Court of Chancery in that Manner, gave to 'the Generality of the People; this was very manifest by 'the Resolves of the General Assembly, at the Time of 'its first being so erected, and often since, declaring the 'Illegality of such a Proceeding, and though these Re-'solves, have been as often as made, treated by the Go-'vernors, with an unreasonable Disregard and Contempt 'of them; yet to Men of Prudence, they might have been 'effectual to have made them decline persisting in a Pro-'ceedure so illegal and so generally dissatisfactory; and 'which (as they managed it) proved of no use to the 'Publick, or benefit to themselves; for as few of them 'had Talents equal to the Task of a Chancellor, which 'they had undertaken to perform; so it was executed 'accordingly, some of them being willing to hold such a 'Court, others not, according as they happened to be 'influenced by those about them; so that were it really 'established in the most legal Manner (as it was not) 'yet being in the Hands of a Person, not compellable to 'do his Duty, it was so managed, that the extraordinary 'Delays and fruitless Expence attending it, rendered it 'not only useless, but a Grievance to the Inhabitants, es-'pecially those who were so unfortuante as to be concern-'ed in it; which we hope, you think with us, that it is 'high Time should be redressed.

'Your Honour well knows, that the establishing that 'Court, in the Manner is has been done, has been a 'Subject of Contention between the Governors and the 'Assembly; and since it is confessed by all, that the Esta-'blishing both of that and other Courts, by Act of the 'Legislature, is indisputably legal, and gives them the 'most uncontrovertable Authority, and if unquestionably 'legal, what is so, cannot be destructive of his Majesty's 'Prerogative; we therefore hope you will make no Scru-'ple of assenting to this Bill, to put an End to a Con-'tention, that has not been nor will not be, while it con-'tinues beneficial to his Majesty's Service, the settling and 'establishing of Fees, or what Rewards shall be taken for 'Services done by Clerks, and all other Officers of the 'Government, by any other Authority than that of the 'whole Legislature, seems to be a Disposition of the Pros-'perity of the Subject, otherwise than by established and 'known Laws, which we are very sure his Majesty, by 'no Instruction ever intended should be done, or we be-'lieve, will in the least Countenance the doing of; the 'great and general Complaint of Abuses on that Score, 'and the grievous and unwarrantable Exactions and Ex-'tortions that are daily made, call loudly for Relief, and 'require Laws to be made for the putting a Stop to them, 'and preventing them for the future; this, the whole 'Country who are sufferers by it, have very much at 'Heart; and we persuade ourselves, the Justice and great 'Necessity of redressing so crying a Grievance, will pre-

'vail upon your Honour, to assent to the Bill brought in 'for that Purpose, when it comes before you. The other 'Laws mentioned in our Proceedings in *June* last (which 'you seem also to approve of) we take to be for the 'Good of the Inhabitants, and generally necessary; but 'these we have in this particular Manner recommended, 'we take to be absolutely so, and do not conceieve ourselves, 'or our Constituents safe, in the Enjoyment of their Liber-'ties and Properties without them; which hint we hope, 'will have its due Weight, on every Branch of our Le-'gislature, by whom they are to be considered, where the 'Laws are silent, his Majesty's high and kingly Office, 'intitles him to make use of all the great Powers natu-'rally and legally annexed to it, for the Benefit of those 'he governs, and his just and legal Prerogatives, are only 'to be employed to, and for those Purposes, for which 'they are vested in his sacred Person, *viz.* To answer the 'true Ends of Government, by the Protection of his 'Subjects, in the full and uninterrupted Enjoyment of 'their civil and religious Rights and Liberties (as your 'Honour has very justly expressed it) which we hope, 'while you have the Honour to continue in your present 'Station, it will be your constant Endeavour (as you 'have promised) to preserve, and that you will make 'Use of what Influence you will have, that your Succes-'sor may do so also; that being the only true Method 'to render both himself, and those he governs, easy and 'happy; and we take Leave on this Head to observe to 'you, that the Irregularities and Oppressions of some 'Plantation Governors, not very becoming the Representa-'tives of a *British* Monarch, governing a free People tho' 'acted with Impunity (and without any Censure that we 'know of) under the Pretence of asserting his Majesty's 'royal Prerogatives, are far from asserting any Preroga-'tives, that our gracious King will encourage the doing 'of, and though buoyed up and bloated with the fulsome 'Addresses and servile Flatteries of the Instruments of 'their Misrule and Oppression, is an abuse of the sacred 'Name of Prerogative, in Order to support Practices de-'structive to true Prerogative, and the just Liberties of 'those they are sent to govern. We cannot suppose, 'that his Majesty has given you, or will give to any Per-'son, he shall think fit to trust with the Government of 'this Colony, any unreasonable Commands, nor shall 'we offer any Bills to have your Assent, but what we 'conceive will be for the general Good, and fit and rea-'sonable for you to pass, and his Majesty to approve of; 'if represented to him with that Candour and Impartial-'lity the Nature of the Thing requires, we are far from 'any Intention of invading or lessening his just Preroga-'tives, but believe we have a Right to be protected in 'the Enjoyment of our Liberties and Properties; and 'would secure that Enjoyment to ourselves and our Pos-'terity, by such Laws as may prevent our being deprived of 'those valuable Blessings, by the groundless Claims of un-'known Prerogatives, or any other feigned and unreason-'able Pretences whatsoever, and this being highly reason-'able, we doubt not his Majesty's Goodness, will induce 'him to approve of such Laws, as shall be made for that 'Purpose.

'His Majesty's royal Instructions are (as we take it) 'either founded upon Laws that were obliging Antece-'dent to the giving of them, or (where the Laws are 'silent) are prudential Directions to regulate the Con-'duct of a Governor, in the Exercise of the Powers 'given by his Commission, and the great Trust reposed 'in him by the giver, and should be in the Nature of 'Laws to him, to whom (we suppose) they are given 'with that Intent; and had they been closely adhered to, 'by those most concerned to obey them, or the threatned 'Punishments inflicted, for the Breach of them, there 'would not have been so general Reason for Complaints. 'But if we are to Form a Judgement of the Nature of 'them, from the Behaviour of those they have been di-'rected to, they seem to be understood by them, in a 'quite different Manner, and are not deemed by them to 'be in the Nature of Laws, and like them Obligatory; 'but Directions given to a Governor, which he may put 'what Construction upon he thinks most fit for his Pur-'poses; and obey, or not, as he thinks proper, and most 'conducive to promote his own particular Ends; besides 'the Instance already mentioned, concerning the Court 'for determining small Causes; nothing can be more 'plain and expres, than the Instruction directed to be 'communicated to the Council and Assembly, forbiding 'the Governor's taking of Presents, upon the Penalty of 'his Majesty's highest Displeasure, and the being recalled 'from his Government; yet how well this Instruction 'has been obeyed by many Governors, notwithstanding 'the severe Penalty threatned for the Breach of it, is too 'well known to be passed by unobserved by us; we might 'multiply Instances of Instructions disobeyed with Impu-'nity, but these are sufficient to shew, that Governors, 'whatever they may pretend of being restrained by them, 'from doing any Thing, never thought themselves o-'bliged to comply with them farther than they thought 'proper, and when they have been by them given as Rea-'sons for not complying with what has been desired of 'them, it was but a softer Form of denying to do what (it 'may not unreasonably be supposed themselves under-'stood) they could safely enough have done, if they would, 'notwithstanding any Instruction, pretended or real to 'the Contrary. We doubt not his Majesty's Instructions 'will always have their proper Weight with you, and we 'shall not knowingly desire any Thing of you, incon-'sistent with your Duty and the Trust reposed in you; 'but we beg Leave to say, that the Safety of those under 'their Government and Laws, necessary for the Protecti-'on of them, in the secure Enjoyment of their Rights 'and Liberties (being the true Ends, for which the 'Powers you have were given) we hope from your Pro-'mises, that the Means most conducive to those Ends, 'will have the principle Place in your Thoughts.

'The true Causes of the Deficiency in the Revenue, 'we believe, are too well-known to your Honour, to 'make it necessary for us to say much on that Head; 'had the conspicuous Loyalty of the Inhabitants of this 'Province, met with a suitable Treatment in Return, it 'is not unlikely, that we should now be weak enough to 'act like others before us; in being lavish beyond our 'Abilities, and raising Sums unnecessary to be given, and 'continued the Donation like them, for a longer Time, 'than what was convenient for the Safety of the Inhabi-'tants; but Experience has shewn the Imprudence of 'such a Conduct, and the miserable Condition to which 'the Province is reduced, renders the raising of large 'Sums very difficult, if not impracticable; we therefore 'beg Leave to be plain with your Honour, and hope you 'will not take it amiss, when we tell you, that you are not 'to expect, that we either will raise Sums unfit to be raised, 'or put what we shall raise, into the Power of a Gover-'nor to misapply, if we can prevent it; nor shall we 'make up any other Deficiences, than what we conceive 'are fit and just to be paid, or continue what Support 'or Revenue we shall raise for any longer Time than one 'Year, nor do we think it convenient to do even that, 'until such Laws are passed, as we conceive necessary for 'the Safety of the Inhabitants of this Colony, who have 'reposed a Trust in us, for that only Purpose, and which 'we are sure you will think it reasonable, we should act 'agreeable to, and by the Grace of God, we will endea-'vour not to deceive them.

'We can say little concerning the House at *Oswego*, 'and the Fur Trade that is there carried on, we are in-'clined to believe it is of great Importance, to manage the 'Trade, Commerce and Correspondence, with the re-'mote *Indian* Nations, with an Openness and Honour, 'suitable to a *British* Colony, and the Professors of the 'Christian Religion; and hope with a good OEconomy, 'it may be farther extended, and if put under the Ma-'nagement of proper Direction, improved to greater Pur-'poses than it has already been. We hope your Meeting 'with the six Nations, has in Part already had, and will 'in Time, have its desired Effect; we are at present much 'Strangers, and in the Dark, with Respect to *Indian* Af-'fairs, but believe, that the Papers you will lay before 'us, will gives us so much Light, as to prevent us from 'mistaking concerning them, and hope the Benefit aris-'ing by that Trade, is able at least, to defray all the Ex-'pence, necessary for the carrying it on and managing 'of it.

'We thank you for the kind Promises you have made, 'and

'and perſuade ourſelves, you think it neceſſary to carry 'them into all the Performances in your Power, as the 'only proper Means to preſerve and continue the general 'good Harmony ſo lately begun, and in ſuch Caſe ſo like-'ly to ſubſiſt between all the Branches of the Legiſlature, 'and to create that ſuitable Confidence in each other, 'that is ſo neceſſary for his Majeſty's Service, and natu-'rally productive of all the good Effects, reaſonably to 'be expected from it, both to us and our Poſterity. This 'will be acting up fully to the true Tenor of all his 'Majeſty's Commands and Inſtructions, becauſe it is 'acting agreeably to his royal Example, who makes the 'Good and Happineſs of his Subjects his chiefeſt Care, 'and eſteems the doing ſo, his greateſt Glory.'

By Order of the Houſe.

Ordered, That Mr. Speaker ſign the ingroſſed Addreſs.

Ordered, That Mr. *Le Count* and Mr. *Jones*, wait on his Honour the Lieutenant Governor, to know when and where he will be attended with the ingroſſed Addreſs.

The Houſe proceeded (according to Order) to the Hearing of the Matter of the Petition of Mr. *Haaſbrook*, complaining of an undue Election and Return for the County of *Ulſter*, whereupon the Council were called in, and the ſaid Petition was read; after ſome Time, the Council were deſired to withdraw, and the Houſe having taken the Matter into Conſideration, the Council were again called in, and were acquainted that no Scrutiny at the Time of the Election, or the Conſent of the Parties, was ſufficient to debar any Perſon from petitioning the Houſe to be relieved againſt any undue Election; and after ſome Debate, it was ordered that the further hearing thereof be this Afternoon at 4 o'Clock.

Reſolved, That Mr. Speaker, and the Houſe, wait on his Honour the Lieutenant Governor, with their ingroſſed Addreſs immediately.

Gentlemen,

'SINCE we were laſt together, we have had the moſt afflicting News of the Death of her Majeſty Queen *Caroline*, a Princeſs endowed with ſo many royal, beneficent and amiable Virtues, that no Diſtance of Time can efface the Remembrance of them; though your Meeting together now, gives a late Opportunity of dutifully and gratefully declaring the Senſe, the People of this Province, have of their irreparable Loſs: I am confident, none of his Majeſty's moſt dutiful Subjects, who have made the earlieſt Declarations of their Grief, are more ſincere in their Condolance, with our moſt gracious SOVEREIGN, on this ever to be lamented Event.

Gentlemen of the Aſſembly,

'You know, that more than a Year is now expired, without any Support of his Majeſty's Government in this Province, by a Practice not warranted by the Uſage of former Aſſemblies, nor conſonant to the grateful Returns, which a dutiful People owe to the paternal and indulgent Care and Affection, that the King has on all Occaſions manifeſted, in promoting the Welfare of his People, and in ſecuring their religious and civil Rights and Liberties; his Majeſty expects that you give a Revenue as large, and for as long a Time as former Aſſemblies have done.

'It appears by the Treaſurer's Accounts, that the Funds for ſinking the Bills of Credit, ſtruck in the Years 1714 and 1717, are now about *Seventeen Thouſand Pounds* deficient, which Fund will expire next Year.

'The ſecuring the Credit of your Paper Money, deſerves your immediate Conſideration, as it is a Matter of the higheſt Concern to the Province.

'I will give my Aſſent to an Act, to continue the Exciſe, for ſinking of thoſe Bills, when at the ſame Time, you give his Majeſty as ample a Revenue, for ſupporting his Government here, and for as long a Time as former Aſſemblies have done; more than that cannot be expected from me, nor dare I give into; as the Paper Money of this Province, receives it's Currency and Credit from the Authority of his Majeſty's Government, that Credit cannot be ſupported, without ſupporting the Government; they muſt go Hand in Hand.

'*Gentlemen*, I muſt acquaint you, that there is a ſtanding Order of the Plantation Board, that no Perſon be heard there in Support of Bills paſſed in the Plantations, unleſs he makes it appear, that he be Agent for the Colony, in whoſe Behalf he applies: Your Bills will be liable to be rejected, upon the Application of any other Colony, who ſhall think themſelves aggrieved by any Act paſſed here, if no Perſon be authorized to appear for you on ſuch Occaſions; this lately was like to have been the Caſe of the Tonnage Act, paſſed in the Year 1734, and which may ſtill be rejected, unleſs you appoint and furniſh an Agent with ſufficient Reaſons in Support of that Act; it is therefore neceſſary, for you to have an Agent ready on all Occaſions, to appear in behalf of the Province.

Gentlemen of the Aſſembly,

'I muſt recommend to you, the finiſhing of the New Fortifications, that they may in all Events be in a Condition of Defence, and to repair that Part of the Barracks in the Fort, which were left unrepaired, when the others were repaired.

'I muſt likewiſe recommend to you, the Payment of thoſe Perſons, whom I ſent to reſide in the *Seneka's* County, to keep the *Indian* Nations ſteady in their Fidelity to this Government; I mean, the Payment of thoſe who have reſided twelve Months there, as well as of the others, that are now ſent upon the ſame Service for the preſent Year.

Gentlemen,

'In the laſt Place, I recommend you, Unanimity and Harmony, in diſpatching thoſe Things, which your Duty to your KING and COUNTRY requires of you.

Gentlemen,

'HAVING in my Speech of the 5th of laſt Month, recommended to you thoſe Things that I thought 'neceſſary to be done by you this Fall, I now refer you 'to what I then ſaid; ſince that Time I have received 'Information that the *French* intend ſpeedily to make 'ſome Settlements at or near the Wood Creek. It is 'your Intereſt to defeat their Deſigns, by the moſt ſpee-'dy and effectual Means, which I think can only be done 'by your enabling me to build a Fort there, and by en-'couraging ſome People to ſettle in that Part of the Coun-'try. There are ſeveral now in this Town who lately 'arrived from *North-Britain*, willing to ſettle with their 'Families at the Wood Creek, but being poor and un-'able to do it without ſome Aſſiſtance, I therefore recom-'mend to you to provide for their Support: Upon ſuch 'Encouragement, I have a fair Proſpect of ſeeing many 'more Families imported hither from that Country, to 'ſettle at the ſame Place.

'I am likewiſe informed that ſeveral Sachems, of the '*Senekas*, are gone to *Quebec* to treat with the Governor 'of *Canada*, as it is apprehended about admitting the '*French* to ſettle at *Tieonderoquat*, in their Country; If this 'be done, there's an End of the *Oſwego* Trade, for the '*French* may ſtop almoſt every Cannoe in their Voyage to '*Oſwego*, and will, without Doubt, in Time, become 'Maſters of all the Six Nations, the Conſequences where-'of are but too obvious; I am perſuaded this may be 'prevented, and the *Senekas* brought to give us Poſſeſſion 'of *Tieonderoquat*, for a ſmall Conſideration, if it be tendered 'to them before the *French* are actually poſſeſt of the 'Place. It is a Thing of high Importance, and requires 'your preſent Aid.

October 13th, 1738. GEORGE CLARKE.

THE Bill, entitled, *An* Act, *to revive an Act*, entitled, *An* Act *to impower the Juſtices of the Peace in the County of* Albany, *living or dwelling in the Townſhip of* Schenectady *in the ſaid County, to regulate the Streets and Highways, and to prevent Accidents by Fire in the ſaid Town*; was read the ſecond Time, and committed to the Members of *Albany*, or any three of them; and that they prepare a proper Clauſe, to raiſe a Sum, not exceeding the Sum of *Thirty Pounds*, on the Inhabitants of the ſaid Town.

The Bill, entitled, *An* Act, *for reviving an Act*, entitled, *An* Act *for the Relief of inſolvent Debtors, within the Colony of* New-York, *with Reſpect to the Impriſonment of their Perſons, and for other Purpoſes therein-mentioned*; was preſented to the Houſe, and read the firſt Time, and ordered to be read the ſecond Time.

Mr. Speaker from the Chair, acquainted this Houſe, that his Honour the Lieutenant Governor, had ſent for him this Morning, and acquainted him, that he was informed, that the Houſe intended to tack the Bill for the Continuance of the Paper Money, to the Bill for the Support of the Government; which he was pleaſed to ſay, he could not paſs, becauſe it was contrary to his Inſtructions, and ordered him to lay before this Houſe, Part of the 12th Inſtruction, which he then gave him; he further told him, that in Caſe the Aſſembly would Support his Majeſty's Government for five Years, he would continue the Exciſe for that Time; and the ſaid Inſtruction, being laid before the Houſe, and read, is in the following Words.

Part of the 12*th Inſtruction*,

You are to obſerve in the paſſing of Laws, that the Style of enacting the ſame be, by the Governor, Council and Aſſembly, and no other; you are alſo as much as poſſible, to obſerve in the paſſing of all Laws, that whatever may be requiſite upon each different Matter, be accordingly provided for by a different Law, without intermixing in one and the ſame Act, ſuch Things as have no proper Relation to each other.

And the ſaid Meſſage and Inſtruction, being taken into Conſideration by this Houſe;

It's unanimouſly reſolved, Not to paſs any Bill for the Grant of Monies for Support of Government, but with Aſſurance that the Bills ſtruck and iſſued in the Years 1714, and 1717, as alſo the Exciſe Act, be continued from the firſt Day of *November*, 1739, for a ſufficient Number of Years to cancel and deſtroy them Bills.

Ordered, That Col. *Schuyler*, and *Simon Johnſon*, Eſq; do acquaint his Honour the Lieutenant Governor, with the above Reſolution.

Col. *Schuyler*, and *Simon Johnſon*, Eſq; being returned, acquainted this Houſe, that in Purſuance of the above Order, they had waited on the Lieut. Governor, and acquainted him with the above Reſolution of this Houſe, on the Meſſage and Inſtruction aforeſaid, and that his Honour was pleaſed to anſwer, that he could not give his Aſſent to ſuch a Bill unleſs this Houſe would ſettle a Support for as long a Time, and in as ample a Manner as had been given to former Governors, neither could he conſent to the Appropriation of the Money.

Then the Houſe adjourned till 3 of the Clock in the Afternoon.

Die Jovis, 3 *ho. P. M. Oct.* 19, 1738.

WHEREAS upon a Complaint of Col. *Chambers*, on the 20th of *September* laſt, that one *Samuel Bevier*, had calumniated him, by ſaying he was a Rogue, and Lyar, and likewiſe, that he was a Fool, and no fit Perſon to be an Aſſembly Man, and that he was always drunk, and that the other Aſſembly Men could always make him do as they had a mind; the Houſe iſſued a Warrant to the Serjeant at Arms, to take the ſaid *Samuel Bevier* into Cuſtody, and bring him to the Bar of this Houſe, and by Reaſon of a Prorogation, the Serjeant at Arms not being able to make a Return of his Warrant, the ſaid Col. *Chambers* moved, that the Houſe would certify and declare how his Conduct and Behaviour

haviour has been in this House; whereupon the House do hereby unanimously certify, That the said Col. *Chambers* has duly attended the Service of this House, in a sober and discreet Manner, and that he (as far as is known to the other Members) always acted as a free Representative for the publick Service of this Colony.

Resolved, That in the Bill ordered to be brought in for the farther supporting this Government until the 31st of *December*, which will be in the Year 1739, and for paying the Salaries and Allowances, in the Year 1737, there shall be added one or more Clauses, to continue the Act, entitled, *An* Act, *for laying an Excise on all strong Liquors retailed in this Colony*, passed in the 12th Year of her late Majesty Queen *Anne*, from the first Day of *November*, 1739, for such Number of Years as the House shall conceive sufficient to sink and cancel the Bills of Credit which were struck and issued by Virtue of the two Acts commonly called the Long Bills, passed in the Years 1714, and 1717, and that the Money to arise by the Excise, to be so continued, shall be applied for sinking and cancelling the said Bills, and that the said Bills shall remain current during the Time the said Excise is now intended to be continued.

Ordered, That the Committee appointed to prepare the Bill first mentioned, do add proper Clauses therein, for the Purposes mentioned in the foregoing Resolution.

Resolved, That his Honour's Speech be taken into Consideration To-morrow.

Then the House adjourned till 9 of the Clock, To-morrow Morning.

Die Veneris, 9 *ho. A. M. Oct.* 20, 1738.

COL. *Schuyler*, and Capt. *Winne*, acquainted the House, that they had (according to Order) waited on the Lieut. Governor, and delivered their Message of the 18th Inst. upon which he was pleased to say, that he would do any Thing that was for the Good of *Indian* Affairs.

A Petition of the Trustees of the Corporation of *Kingston*, in the County of *Ulster*, was presented to the House, and read, complaining of some undue Practices and Proceedings, of some Supervisors and Justices, in the electing and approving of *James Stringham* as a Loan Officer; as also of some undue Proceedings of the said *James Stringham*, in that Office.

Ordered, That the several Persons complained of, be served with a Copy of the said Petition.

A Message from his Honour the Lieut. Governor, by *Frederick Morris*, Deputy Clerk of the Council.

Mr. Speaker, The Governor requires the Attendance of this House, in the Council Chamber in the City-Hall, immediately.

The Speaker left the Chair, and with the House, went thither accordingly.

Gentlemen,

WHEN you came together this Fall, I was not without Hopes that you brought with you hearty Dispositions to consult the true Interest of your Country, which can only be attained by a loyal and dutiful Regard to his Majesty's Honour, in the Support of his Government, since it is from thence only that you can hope for my Assent to such Laws, as the People whom you represent expect you will prepare for it.

You cannot but know that there are many Things of great Importance to the Province, that called for your early Help, for I recommended them to your Consideration. On some of them the Welfare (I was going to say the Fate) of your Country, in a great Measure depends; but how unconcerned you have been about them, the People whom you represent, will see by your Votes.

Ever since the Revolution, the Æra from whence we may date our present Happiness in the full Enjoyment of our civil and sacred Rights and Liberties, the Assemblies of this Province have, from Time to Time, given to his Majesty, and his Royal Predecessors, a Revenue for the Support of Government for a Term of Years: What I asked of you is no more; other Assemblies, prompted only by their Duty, and their Zeal and Affection to his Majesty and his royal Predecessors, have given such a Revenue as I have mentioned; but you had, besides these, other Inducements to do it; you have a large Sum of Paper Money subsisting, which will be next Year without any Fund to sink it; its Currency will cease, it will no longer pass, but become as waste Paper, and hundreds of People will then be Losers by it, for it will probably be in so many Hands. I offered to continue the sinking Fund if you would give such a Revenue as former Assemblies have all along given, nor was there any Thing new or unreasonable in the Demand. The Example of former Assemblies, your Duty to his Majesty, and Gratitude for his constant Protection of your Trade and Country, both by Land and Sea, at a vast Expence, the Fruits whereof you reap, ought to have determined you to accept of my Offer; but, instead of expressing your Gratitude and Duty, by supporting his Majesty's Goverment as former Assemblies have done, you sent Yesterday two of your Members to acquaint me, that it was unanimously resolved by your House, not to pass any Bill for the Grant of Monies for the Support of Government, but with Assurance that the Bills struck and issued in the Years 1714, and 1717, as also the Excise Act, should be continued from the first Day of *November*, 1739, for a sufficient Number of Years to cancel and destroy them Bills. I see too in your Votes of Yesterday, in the Afternoon, a Resolve of your House in the following Words, *to wit*.

"*Resolved*, That in the Bill ordered to be brought in for the further supporting this Government until the 31st of *December*, which will be in the Year 1739, and for paying the Salaries and Allowances in the Year 1737, there shall be added one or more Clauses to continue the Act, entitled, *An* Act, *for laying an Excise on all strong Liquors retailed*

in this Colony, paſſed in the twelfth Year of her late Majeſty Queen *Anne*, from the firſt Day of *November*, 1739, for ſuch Number of Years as the Houſe ſhould conceive ſufficient to ſink and cancel the Bills of Credit which were ſtruck and iſſued by Virtue of the two Acts commonly called the Long Bills, paſſed in the Years 1714, and 1717, and that the Money to ariſe by the Exciſe, to be ſo continued, ſhall be applied for ſinking and cancelling the ſaid Bills, and that the ſaid Bills ſhall remain current during the Time the ſaid Exciſe is now intended to be continued."

On this Reſolve you ordered that the Committee appointed to prepare the Bill firſt mentioned, do add proper Clauſes therein for the Purpoſes mentioned in the aforegoing Reſolution: Theſe are ſuch preſumptuous, daring, and unprecedented Steps, that I could not look upon them without Aſtoniſhment, nor with Honour, ſuffer you to ſit any longer; I have therefore thought fit, with the unanimous Advice of his Majeſty's Council, to diſſolve you, and you are accordingly diſſolved.

Die Martis, 11 *ho. A. M. March* 27, 1739.

FOURTEEN of the said Members (*to wit*, those marked thus*) appearing in the Assembly Chamber in the City-Hall, they desired Col. *Morris* and Col. *Moore*, to wait on his Honour the Lieut. Governor, and acquaint him with the Number met, and that they attend his Directions.

Col. *Morris* and Col. *Moore*, being returned, reported to the Members, that his Honour had been pleased to say, he would come up to the Council Chamber in the City-Hall, and there would send for them.

Mr. *Morris*, Deputy Clerk of the Council, acquainted the Members, *That his Honour the Lieutenant Governor, required their immediate Attendance at the Council Chamber, in the City-Hall.*

Then the said Members, repaired to the Council Chamber, in

in the City-Hall, accordingly; and there took the Oaths, and made and ſubſcribed the Declaration, and took and ſubſcribed the Oath of Abjuration, purſuant to the Laws made for thoſe Purpoſes, before his Honour in Council: After which, his Honour directed them to return to their Houſe and chooſe a Speaker, and preſent him to his Honour, for his Approbation; and they being returned to the Aſſembly Chamber, unanimouſly choſe *Adolph Philipſe*, Eſq; their Speaker, and conducted him to, and placed him in the Chair accordingly.

Then the Houſe waited on his Honour, and preſented their Speaker, who was pleaſed to approve of their Choice; and after a ſhort Apology in behalf of himſelf, and deſiring the uſual Privileges and Protection of the Members and their Servants, he acquainted his Honour, that many of the Members who have not had the Small Pox, were afraid to come to the Houſe at this Time, when that Diſtemper was ſo rife in this City; and therefore were deſirous, that either the Meeting might be adjourned for ſome Time, or that the Aſſembly might meet at ſome other Place. Whereupon his Honour was pleaſed to ſay, that he was ready to conſent, that they ſhould ſit at ſome convenient Place near this City, and that he would ſend a *Dedimus* to qualify them there; after which his Honour was pleaſed to make a Speech to the Houſe, of which (to prevent Miſtakes) he had obtained a Copy, which was read in the Houſe, and is as follows;

Gentlemen,

'I Take this firſt Oportunity to congratulate you, on the Birth of a Prince of his Majeſty's royal and illuſtrious Houſe, an Event, propitious to the Proteſtant World in general, and more eſpecially to all his Majeſty's Dominions.

Gentlemen of the Aſſembly,

'I iſſued Writs for the Election of this Aſſembly, and for their Meeting ſo ſoon as the Seaſon of the Year would admit of it, there being many Things, that require your early Attention; and I hope you have brought with you Diſpoſitions, equal to your Abilities, to conſult his Majeſty's Honour, and the true Intereſt of the People whom you repreſent; which are ſo linked together, that they cannot be ſeparated, without evident Injury to your Country; your Duty and Allegiance exact the firſt, and the other is expected from you by the People; you have beſides theſe Obligations, many other that ought to excite your Gratitude to the beſt of Kings; your Trade and Navigation are ſecured by a Guard Ship, your Frontiers and Settlements by a Land Force, which are maintained at a great Expence to *England*, while you reap the Benefit of this his Majeſty's Bounty and Goodneſs, both in the Protection they give you, and in the large Sums of Money that they expend yearly among you; you are happy in the full Enjoyment of your ſacred and civil Rights and Liberties; in a Word, you are poſſeſſed of all thoſe ineſtimable Bleſſings, that are peculiar to *Engliſhmen*, and which the People of other Countries would purchaſe at the Expence of all they are worth; being in this happy Situation, it ought to be your principal Care to ſhew your Gratitude, in ſupporting his Majeſty's Government, by which you are protected in the Enjoyment of thoſe Felicities; look up then to the great Example of a *Britiſh* Parliament, who expreſs their Duty, their Zeal and Affection to his Majeſty, by devoting their firſt Counſels to his Service, in giving him an honourable Revenue; do you ſo likewiſe, and then you may with Confidence hope for the Continuance of his royal Favour in all Things reaſonable, the ſureſt Means to make you a flouriſhing People.

'There is now a long Arrear due for the Support of Government, the yearly Amount whereof you well know; I therefore earneſtly recommend it to you, to make ſpeedy and ample Proviſion for the Payment of it, and to give to his Majeſty, for ſuch Term of Years as former Aſſemblies have done before you, an ample and honourable Revenue for the future Support of his Government, which his Majeſty expects from you; former Aſſemblies have done this ever ſince the happy Revolution, and ſome of them at a Time, when the Province was far leſs populous, when your Trade was much inferior to what it now is, and when a Detachment of the Militia, was yearly ſent to *Albany*, at a large Expence to the Colony, to defend the Frontiers againſt the *French*, with whom we were then at War, a Situation widely different from the happy peaceful State wherein you now are; and which, I hope you will long enjoy by the powerful Influence of his Majeſty's juſt and ſteady Meaſures, guided by the moſt conſummate Wiſdom.

'The Fort in the *Séneka*'s Country, and one Part of the Barracks in *Fort George*, will tumble down, if they be not ſpeedily repaired; I therefore recommend it to you, to make effectual Proviſion for thoſe Purpoſes; your own Intereſt requires it, as it will be much leſs Expence to repair, than to rebuild them.

'I have again, ſent ſome Perſons to reſide in the *Séneka*'s Country this Year, to defeat the Attempts of the *French*, who are always induſtrious to alienate the Affections of the *Indians* from us, and I make no doubt (if you will enable me) of obtaining from the *Séneka*'s ſome Land at *Tierondequat*, ſufficient to erect a Fort on, and to raiſe Proviſions to victual a Garriſon, which will be of great Uſe in that Place, both in ſecuring your Fur Trade, and the Fidelity of the Six Nations; and as they are Matters of great Importance to you, they require your preſent Attention.

'This is the Year that the Six Nations, expect of Courſe to meet me at Albany; but as the late Aſſembly neglected to give the uſual Sums of Money for that Service, I recommend it to you; I for my Part, will be ready to meet them there, if you enable me, and I hope you will do it in Time, leaſt a Diſappointment of their Expectations, ſhould ſhake their Fidelity to his Majeſty, the Conſequences whereof, may prove fatal to the Province.

'The Peopling of that Part of the Country to the Northward of *Saraghtoga*, will be of great Advantage to the Province, as well in ſtrengthening the Frontier, as inlarging your Trade; ſeveral Families arrived here the laſt Fall from North *Britain*, who are willing to ſettle there, and more expected from thence this Year, but as they are poor, they will want ſome Help to enable them to ſubſiſt their Families, until by their Labour they can raiſe Proviſions to ſubſiſt themſelves, and I am perſuaded, that you will give them ſome needful Aſſiſtance.

Gentlemen,

'I have received his Majeſty's Diſapprobation of the Act of Aſſembly, paſſed in the Year 1737, *for the frequent Election of Repreſentatives to ſerve in General Aſſembly, and for the frequent Meeting of the General Aſſembly ſo elected*; a Copy whereof, I have ordered to be laid before you, that it may be entered in your Journals.

'The Act paſſed in the Year 1699, *for the regulating and returning able and ſufficient Jurors*, being expired, I recommend it to you, to paſs a Bill for the like Purpoſe; and that it may be more effectual, you will do well to conſult the Laws of *England*, on that Head; and to make it as agreeable thereto, as the Circumſtances of the Province will admit of; ſuch a Law will be of great Advantage to the Province, in guarding and fencing the Lives, Liberties and Properties of the People, from the Dangers that may otherwiſe threaten them, and ſuch a Law too, ought to be perpetual.

Gentlemen of the Aſſembly,

'The making good the Deficiences of the Revenue, and giving a future Support for a Term of Years; require at this Time, your moſt ſerious Conſideration, as the Tranquility and Proſperity of the Province, do in the higheſt Degree depend thereon; nor is your own Reputation and Honour leſs concerned therein, ſince your Actions, not Words, muſt be the Meaſure of your Zeal and Affection to his Majeſty's Perſon and Government. You have now an Opportunity, to ſhew that your Zeal and Affection are nothing ſhort of that, which former Aſſemblies have manifeſted on the like Occaſions; you will thereby too, have Opportunities to eſtabliſh a perfect and laſting Harmony in the Province, and to gain the Applauſe of every Well-Wiſher to the Country, by paſſing ſuch Bills, as may conduce to make you an opulent People; do you what is incumbent on you, and you will find me ready to aſſent to ſuch Bills as are not inconſiſtent with his Majeſty's Honour and my Duty.'

WE his Majesty's most dutiful and loyal Subjects, the General Assembly of this Colony, do, with Hearts full of Joy, sincerely congratulate your Honour on the Birth of a Prince of his Majesty's Royal House, as an Event very propitious for the British *Nation in general.*

We embrace this Opportunity to assure you, that the several Matters recommended to us by your Honour, shall, in the Course of our Proceedings, be maturely considered, and have their due Weight adequate to the Reasonableness of the Things and to the Circumstances of the Colony.

We were in no small Hopes from the Declaration your Honour had been pleased to make to the late Assembly, that the Act for the frequent Elections of Representatives, would have received the royal Assent, and though you have acquainted us that his Majesty has thought fit to disapprove thereof, we flatter ourselves, that if a new Act was prepared for that Purpose, agreeable to the Laws of Great-Britain, *his Majesty would be graciously pleased to approve of it.*

As for our Parts, we are met with a real Disposition to discharge our Duty as well for the Good and Benefit of the Colony, as for the Service of his Majesty.

SEVERAL Members appearing in the House more than did Yesterday;

Ordered, That Col. *Rensselaer*, and Mr. *Clarkson*, wait on the Lieut. Governor, and acquaint his Honour, that there are a sufficient

ſufficient Number of Members in the Houſe to proceed upon Buſineſs.

Mr. *Clarkſon*, reported that he and Col. *Renſſelaer*, had delivered the above-mentioned Meſſage to the Lieut. Governor, and that his Honour ſaid he would immediately come to the Council Chamber in the City-Hall.

A Meſſage from his Honour the Lieutenant Governor, by *Frederick Morris*, Deputy Clerk of the Council.

Mr. Speaker, His Honour the Lieut. Governor, requires the immediate Attendance of this Houſe, in the Council Chamber, in the City-Hall.

The Speaker left the Chair, and with the Houſe, went thither accordingly; and being returned, he reſumed the Chair, and reported to the Houſe, that his Honour was pleaſed to make a Speech to them; of which (to prevent Miſtakes) he had obtained a Copy; and the ſame being read, is as follows, *viz.*

Gentlemen,

'AT the Opening of this Seſſion, I recommended to 'you many Things of high Importance to his Ma'jeſty's Honour and Service, and the true Intereſt of the 'Province, which I hope you will now moſt ſeriouſly 'conſider; and at the ſame Time, provide for the finiſh'ing of the Battery in this City, that before it be too 'late it may be put in ſuch a Condition as may ſecure you 'from the Attempts of an Enemy. The *Mohawks* are 'very uneaſy that *Fort-Hunter* has been ſo much neglec'ted, and if it be not out of Hand, rebuilt or repaired, 'I fear they may take a Reſolution to leave their Country, 'and go to *Canada*.

'As my Thoughts are always imployed to make this a 'more flouriſhing Country, I have reflected on the Decay 'of Ship-building, which for many Years has been much 'regreted, but little attempted to be retrieved: Nature 'has been very bountiful in giving you (in a better Mea'ſure than to your Neighbours) all Things neceſſary for 'ſo beneficial a Branch of Trade; beneficial to all De'grees of Men, and yet almoſt wholly unthought of or 'neglected. I am not ignorant that many Cauſes may be 'aſſigned for its decay, ſome of which, and particularly 'one, it is not in the Power of the Merchant, or Buil'der, at preſent, to remove, nor do I ſee any other way, 'whereby a Remedy may be applied, than by your Aid. 'If the Demands of the Builder, be higher than in the 'neighbouring Provinces, the Merchant will not, cannot 'build here without injuring himſelf; if the Builder un'dertakes the Work at the ſame Rate that is given in the 'neighbouring Provinces, he complains, (and I fear with 'too much Truth) that he labours only to be undone, for 'the exceſſive Wages of Carpenters, which he muſt be 'obliged to hire, for want of Apprentices, being unable 'in his preſent Poverty, to maintain them: It is you 'alone who can apply a Remedy to this Evil, and you 'may do it at a very ſmall annual Expence; for I am per'ſuaded that *Two Hundred Pounds*, a Year, given to Ship'builders with Apprentices, at the Rate of *Eight Pounds*, 'a Year, with each Apprentice, for ſix or ſeven Years, 'will ſoon revive that neceſſary and uſeful Work: It 'will make Ship-builders willing to take Apprentices, 'enable them in their preſent Neceſſities, to maintain 'them, and to build for the Merchant, at as low a Rate, 'as in the neighbouring Provinces; and from ſuch a 'Nurſery of Ship-carpenters, you may in a reaſonable 'Time, hope to ſee that Branch of Trade, grow to a 'great Heighth. You will then keep among you many 'Thouſand Pounds which are now yearly exported out of 'this Province by your Neighbours, who are at preſent 'your Carriers; it will enable the Merchants and Factors, 'to make quicker Remittances to *England*, and give new 'Life and Vigour to Trade in general; the good Effects 'whereof, every Man in the Province will ſoon feel, nor 'will any Part of the Money thus given by you, be loſt 'to the Province, ſince it will all remain and circulate 'in it: Something is abſolutely neceſſary to be done to 'revive this withering Branch of Trade; and if you can 'fall upon any Method more eaſy, more practicable, and 'more conducive to that End, I will moſt heartily concur 'with you in it. Your own immediate Intereſt requires 'a ſpeedy and effectual Remedy, and I hope you will 'not let this Seſſion wear away without applying it.

'*Gentlemen*,

'The Governor of the Province of the *Maſſachuſetts-Bay*, having ſent me a Vote of the Aſſembly of that 'Province, and wrote to me himſelf, ſignifying his and 'their Deſire to have the Boundaries of the two Provinces, 'ſettled by Commiſſioners; I now lay thoſe Papers be'fore you, hoping that you will enable me to defray the 'Expence of that Work, on the Part of this Province, 'that the People of the *Maſſachuſetts* may be confined 'within their proper Bounds; the Peace on the Frontiers 'preſerved, and the Inhabitants of thoſe Parts, know 'more preciſely to whom they owe their Obedience.

'If you do this, it will be neceſſary that a Law be paſſed 'in each Province, to make the Agreement of the Com'miſſioners concluſive to both; and when I know your 'Reſolutions, I will write to the Governor of the *Maſſa'chuſetts* upon it.

'The Soldiers in the reſpective Garriſons, being at 'preſent, without Bedding, Kettles, Bowles, or Platters, 'I earneſtly recommend it to you, to make at this Junc'ture, ſome Proviſion for it, as well as for Powder, till 'Stores are ſent from *England*.

GEORGE CLARKE.

Ordered, That his Honour's Speech be forthwith printed.

The Speaker deliverd likewiſe to the Houſe, the Papers refered to in the ſaid Speech, *to wit*.

A Letter from his Excellency Governor *Belcher*, to his Honour, dated the 26th of *March* laſt, and a Vote of the Aſſembly of the *Maſſachuſetts*, dated the 29th Day of *November* laſt; which being read,

Ordered, That the ſaid Vote be entered at large in the Journal of this Houſe, being in the Words following, *viz.*

'At a great and general Court, or Aſſembly, for his Maje'ſty's Province of the *Maſſachuſets*, in *New-England*, held at '*Boſton*, by Prorogation, the 29th of *November*, 1738.

'In Council, voted, That his Excellency the Governor, be 'deſired to write to the Governor of *New-York*, to propoſe that 'Commiſſioners may be appointed by that Government, to join 'with Commiſſioners of this Government, to ſettle the Boun'daries between the two Provinces.

'In the Houſe of Repreſentatives, read and concurred.

'A true Copy of Record, examined

'Per *Simon Froſt*, Deputy Secretary.'

Reſolved, That his Honour the Lieut. Governor's Speech, be taken into Conſideration on *Monday* next.

Governor will allow the Houſe to adjourn thither.

Ordered, That Col. *Moore*, and Capt. *Livingſton*, wait on the Lieut. Governor, and deſire that his Honour will be pleaſed to agree that the Houſe adjourn to and ſit at the *Freſh-Water*.

Col. *Moore* reported, That Capt. *Livingſton*, and himſelf, had delivered the above-mentioned Meſſage, to the Lieut. Governor, and that his Honour readily conſented that the Houſe might adjourn to, and ſit at the Place above-mentioned.

Ordered, That the Door Keeper, imploy Mr. *Daniel Gautier*, to remove the Table which is now at *Greenwich*, and ſit and fix the ſame in the Houſe of Mr. *Harmanus Rutgers*, near *Freſh-Water*, and that he likewiſe remove thither the Chairs that are in the Aſſembly Chamber.

HErewith I ſend you the Eſtimate that the Houſe requeſted, and now I think you have every Thing before you that is neceſſary for your own Convenience; but I hope when you conſult that, you will not neglect to make honourable Proviſion for the Support of his Majeſty's Government, in as ample a Manner as former Aſſemblies have done: Upon thoſe Terms you ſhall always find me ready to paſs ſuch Laws as may be for the Good of the Country.

The Victuallers at Oſwego, *complain that the Collectors of the Duties for the Support of that Place, have been very dilatory in paying their Warrants, whereby they are great Sufferers: This Evil ſhould be inquired into, redreſſed for the Time paſt, and prevented for the Time to come. Bedding and Ammunition for all the Garriſons, till I am ſupplied from home.

It will be neceſſary to have a Smith, with four or five intelligent Perſons, always reſiding in the *Seneka's* Country, to keep the *Indians* ſteady in our Intereſt.

The Chief of the *Senekas* being gone from their Caſtle, and now actually ſettled at *Tierondequat*, to prevent the *French* from poſſeſſing themſelves of that Place, has given Notice thereof to the Commiſſioners for *Indian* Affairs, with an Invitation for them to ſend ſome Perſons to take Poſſeſſion thereof in the King's Name. Capt. *Winne* presented to the House a Petition of *Johan Joost Herkeman, Henry Van Rensselaer*, jun. and *J. Johannis H. THE House (according to Order) resolved into a Committee of the whole House, upon his Honour the Lieutenant Governor's Speech. After some Time spent on that Part relating to Fortifications, the Committee came to the following Resolution.

Resolved, That there be allowed the Sum of *One Hundred Pounds*, as well for rewarding the *Senekas*, who have prevented the *French* from settling at *Tierondequat*, as for purchasing some Lands from them in the Name of his Majesty, his Heirs, and Successors, to and for the Use and Benefit of this Colony, and for erecting a House of Possession there; and that the said Sum of *One Hundred Pounds* be put into the Hands of *Philip Livingston*, Esq; and all the present Members of the General Assembly, representing the City, or any other Parts of the County of *Albany*, or the major Part of them, to be applied to and for the Uses and Purposes aforesaid.

And the Committee having likewise taken into Consideration that Part of his Honour's Speech, and Estimate, which recommends the providing for the respective Garrisons, Bedding, Kettles, Bowles or Platters, are humbly of Opinion, that his Majesty does not expect his regular Troops should be supplied with those Particulars at the Charge of the Colony; and that the People whom we represent, would be greatly surprised if we should load them with such an unusal Burthen; more especially as we can find no President of that Kind, except to that Detachment which was first sent to *Oswego*.

The Committee are of the same Opinion as to Powder, in as much as the Kings and Queens of *England*, have, ever since this Colony has been under their Dominion, furnished their Forts and Garrisons in it, not only with Powder, but likewise with all other Ammunition and warlike Stores.

And the Committee does conceive that upon proper Application, this Colony will (especially as Affairs are now circumstanced) be as amply supplied with these Stores, as some other on this Continent, in as much as this Colony lies more exposed, and is of as great Consequence to the *British* Dominions in *North-America*, as any other on this Continent; which, from its Situation and Neighbourhood, is obvious and evident.

Then Mr. Speaker resumed the Chair, and Mr. *Jones*, in Behalf of Col. *Morris*, Chairman, reported the foregoing Resolution and Proceedings of the Committee, to have been in the Manner above-mentioned; which Report he read in his Place, and afterwards delivered it in at the Table; where the same was again read, and agreed unto by the House; he likewise reported that the Committee had directed him to move, they may have Leave to sit again.

Resolved, That his Honour's Speech be taken into further Consideration *Monday* next.

to preſerve Peace and good Neighbourhood; your People muſt be anſwerable, if any Inconveniences iſſue upon this Governments proceeding to ſettle ſuch Lands, as they judge they have a juſt Right to; the Aſſembly of this Province is to ſit the 19th Inſtant, and may ſo continue, while I may have your Anſwer; I would therefore again, deſire your Honour to preſs your Aſſembly to comply with what you have moved to them upon this Head.

Die Mercurij, 9 ho. A. M. Oct. 3, 1739.

WHEREAS this Houſe is informed, that notwithſtanding they have already paſſed a Bill, to continue for a ſufficient Term, the Currency of the Bills of Credit, iſſued in the Years 1714 and 1717, and to prolong for the ſame Time, the Fund for the gradual cancelling of them; yet many of the good People of this City and Colony are under Apprehenſions, that if the ſaid Act ſhould not paſs into a Law, the Currency of ſuch of the aforeſaid Bills, as they ſhould be poſſeſſed of at the End of this Year, might be diſputed, which they conceive would not only occaſion great Difficulties to them in particular, but likewiſe affect the Credit, Trade and Commerce of this Colony in general; which the Houſe having maturely conſidered, and being heartily inclined to remove the ſaid Apprehenſions, have unanimouſly come to the following Declaration and Reſolution, *viz.*

Reſolved, Nemine Contradicente, That in Caſe the above-mentioned Bill ſhould not paſs into a Law, this Houſe in general, and every Member of it in particular, will to the utmoſt of his and their Power and Ability, zealouſly endeavour to preſerve effectually, the Credit of all the Bills of Credit of this Colony, and more particularly thoſe emitted in the aforeſaid Years 1714 and 1717, as they make no Manner of Doubt, but all future Aſſemblies will likewiſe do.

Col. *Morris*, moved for Leave to bring in a Bill, for the more effectual collecting his Majeſty's Quit-Rents, and for Partition of Lands in order thereto, and for eaſing the Tenants of Lands within this Colony, of many Hardſhips under which they at preſent Labour.

Ordered, That Leave be given accordingly.

A Meſſage from his Honour the Lieut. Governor, by *Frederick Morris*, Deputy Clerk of the Council.

Mr. Speaker, The Governor requires the Attendance of this Houſe, in the Council Chamber in the City-Hall, at half an Hour after 11 *o'Clock this Morning.*

The Speaker left the Chair, and with the Houſe went thither accordingly.

Then the Houſe adjourned to *Tueſday* next, 3 o'Clock in the Afternoon.

Die Martis, 3 *ho. P. M. Oct.* 9, 1739.

THE Speaker acquainted the Houſe, that in purſuance of a Meſſage from the Lieut. Governor, on *Wedneſday* laſt, himſelf and the Members of this Houſe, had then attended on him, at the Council Chamber in the City-Hall, and that his Honour had there, in the Preſence of the Council, and the ſaid Members, been pleaſed to give his Aſſent to the Bill, entitled,

An Act, *to regulate the Militia of this Colony*, and that after the ſame was publiſhed in the uſual Manner, the Houſe did again attend on him, and the Gentlemen of the Council in the ſaid Chamber, where his Honour prorogued the General Aſſembly to this Day, by a Speech to that Purpoſe; of which a printed Copy being produced, and read,

Ordered, That the ſame be entered in the Journal of the Houſe, and is the Words following, *viz.*

Gentlemen,

I Come to put an End to this Seſſion, and to give you a ſhort Receſs; I was in Hopes, and I believe every reaſonable Man expected, that at this Juncture, you would ſeriouſly have laid to Heart the true Intereſt of your Country, by ſhewing your Duty and Loyalty to his Majeſty, in ſupporting his Government in an honourable Manner, from whence you might aſſuredly expect my Aſſent to ſuch good Laws as you might prepare for it: Your Conſtitution is built upon a Plan, as nearly reſembling that of *England*, as the Nature of the Thing would admit of; why would you not then tread in the Steps of a *Britiſh* Parliament? Wiſe Men make Choice of the beſt Examples for their Conduct; you cannot have a greater or better, nor can your Wiſdom be more conſpicuous, than in taking that of a *Britiſh* Parliament; who though they have ever been jealous of the Rights and Liberties of the People, yet have always been zealous and forward to Support the Government that protects them; they look upon the Obligations to be reciprocal; and as they expect Protection, ſo in the firſt Place they ſupport the Government, that it may be able to give it them; they know the Right and Prerogative of the Crown, nor do they attempt to invade them. They give a groſs Sum for the Civil Liſt, which is here called a Revenue for the Support of Government; they appropriate it to that Uſe, but do not touch upon the Application or Diſpoſition of it; that being the legal and known Prerogative of the Crown, and the Deficiences are made good in the like Manner.

That you may have Time to reflect ſeriouſly on theſe Things, I have thought fit to prorogue you to the 9th Day of this preſent Month of *October*; and I do accordingly prorogue you to the 9th Day of this preſent Month of *October*; on which Day you are to meet at the City-Hall, and proceed on Buſineſs, the Government having been long without a Support, and the People wanting many Things for their Convenience; theſe ought to go, and muſt go Hand in Hand; a proper Revenue is the Sinews of a Government, but if it wants Strength, how can it give Protection?

G. CLARKE.

The Houſe do obſerve, that no Meſſage has been ſent to them by the Council, of their Concurrence to the above-mentioned Bill, entitled,

An Act, *to regulate the Militia of this Colony*; and though a Prorogation has intervened, they conceive themſelves obliged to declare, that ſuch Omiſſions are contrary to former Practice, and not agreeable with the good Correſpondence which ought to ſubſiſt between the two Houſes in their legiſlative Proceedings.

Ordered, That Col. *Lot* and Col. *Renſſelaer*, wait on the Lieut. Governor, and acquaint him, That according to his Prorogation, the Houſe is met to proceed on Buſineſs.

The Bill, entitled, *An* Act, *further to continue the Duty of Exciſe, and the Currency of the Bills of Credit emitted thereon, during the Time therein-mentioned*; was read the firſt Time, and ordered to be read the ſecond Time.

Col. *Lott*, reported that himſelf and Col. *Renſſelaer*, had according to Order, delivered their Meſſage to his Honour the Lieut. Governor; who was pleaſed to ſay, he would come up to the Council Chamber in the City-Hall, preſently.

A Meſſage from his Honour the Lieut. Governor, by *Frederick Morris*, Deputy Clerk of the Council.

Mr. Speaker, *The Governor requires the Attendance of this Houſe, in the Council Chamber in the City-Hall, immediately.*

The Speaker and the Houſe went thither accordingly; and being returned, he reſumed the Chair, and reported to the Houſe, that his Honour the Lieut. Governor, had made a Speech to them, of which (to prevent Miſtakes) he had obtained a Copy, and being read, is as follows:

Gentlemen,

THE ſhort Prorogation you have had, being intended to give you an Opportunity, to re-conſider thoſe Things which at your laſt ſitting I recommended to you, for his Majeſty's Honour, and the Intereſt of the Province; I will not give you the Trouble of a Repetition, but refer you to them; hoping that you will effectually provide for them, wherein, as well as in all other Things, for the Benefit of the Province, you ſhall find my ready Concurrence.

Oct. 9, 1739. G. CLARKE.

Ordered, That Mr. *Clarkſon*, Col. *Philipſe*, Mr. *Ludlow*, Mr. *Abraham Lot*, Col. *Beekman*, Col. *Schuyler*, and Mr. *Hardenbergh*, or any five of them, be, and hereby are appointed a Committee of Privileges and Elections, and all Members that come to have Voices, and that they have Power to ſend for Perſons, Papers, and Records, and that they meet every *Tueſday* and *Friday*, at 5 of the Clock in the Afternoon, in the Houſe, and that they may adjourn to any other Place, and that they report their Proceedings, with their Opinion thereupon, to the Houſe, from Time to Time.

And though the Houſe has ſince been informed, that he lately qualified himſelf for, and acted in that Poſt; it ſeems very improbable to them, That he ſhould not have known or heard of his being ſo appointed for above a Year thereafter, eſpecially as it was ſuggeſted at the Time he was named for the ſaid Office, and that it was at his Requeſt. It is therefore,

Ordered, That he ſignifies to the Houſe, at the Beginning of it's next Meeting, the true and real Cauſe and Reaſon of the Omiſſion above mentioned.

And as the ſaid Mr. *Sylveſter*, is Deputy Collector of his Majeſty's Cuſtoms, in the Diſtrict and County aforeſaid; he cannot but know what dutiable Goods and Merchandizes have been imported there, during the Continuance of the ſaid Act, as well as ſince it's Revival, and to the End the Colony may not be deprived of the Duty which ſuch Goods were juſtly liable to pay;

Ordered, That the Clerk do by the firſt ſafe Conveyance, ſend a Copy of this Minute and of the Orders thereupon, to the ſaid Mr. *Sylveſter*.

The Houſe taking into Conſideration, their Order of the firſt of *September* laſt, directing the Commiſſioners appointed in *Suffolk* County, by an Act, paſſed in the Year 1734, to lay before this Houſe, with all convenient Expedition, an Account, how, or what Part has been imployed by them, of the *One Hundred and Sixty One Pounds, Ten Shillings*, out of the *Two Hundred Pounds*, they received by Virtue of the ſaid Act; are highly ſurpriſed, that no Manner of Account or Anſwer, has hitherto been returned by them, though the Houſe has Reaſon to believe their ſaid Order did come to the Hands of ſome or of one of them.

It is therefore peremtorily Ordered, That the ſaid Commiſſioners, do prepare the above-mentioned Account, and that they or one of them, not only lay the ſame before this Houſe at it's next Meeting, but likewiſe their Reaſons, why the former Order has not been complied with.

Ordered, That the Clerk do by the firſt ſafe Opportunity, ſend to every one of the Commiſſioners named in the ſaid Act, for *Suffolk* County, Copies as well of this Order, as of that on the ſaid firſt of *September* laſt.

An Act, *to encourage the Deſtroying of Wild Cats, and for the Preſervation of Deer, in the County of* Suffolk.

An Act, *to reſtrain Hawkers and Pedlers within this Colony, from ſelling without Licenſe.*

An Act, *to revive an Act*, entitled, *An* Act, *to prevent the penning and folding of Sheep and neat Cattle, feeding on* Hempſtead Plains.

And then was pleaſed to ſay, that after the Acts ſo aſſented to, were publiſhed, the Houſe might repair to the Aſſembly Chamber and adjourn itſelf to the ſecond *Tueſday* in *April* next; and the ſaid Acts being accordingly publiſhed at the City-Hall in the uſual Manner, Mr. Speaker adjourned the Houſe to the ſecond *Tueſday* in *April* next.

And the General Aſſembly is accordingly adjourned until the ſaid ſecond *Tueſday* in *April* next enſuing.

Die Martis, 11 *ho. A. M. April* 8, 1740.

PURSUANT to the Adjournment of the Houſe, on the 17th of *November* laſt, eight Members being met in the Aſſembly Chamber, the Speaker took the Chair; and after ſome Conſultations, they unanimouſly were of Opinion;

That but very few Members more were like to appear at this early Time of the Year, eſpecially, ſince the Houſe of late has not ſat to do Buſineſs, until the latter End of *Auguſt*.

That as the Militia Act is in force, Proviſion made for fortifying the Colony, the Support of the Government thereof ſettled till *December*, and Application of it until *September* next, they do not conceive there is any urgent Neceſſity of ſitting for the Diſpatch of Buſineſs, till after Harveſt and Seed Time.

But if a ſhorter Adjournment ſhould be deemed more proper, by Reaſon of the uncertain State of Affairs in *Europe*, they conceive the ſecond *Tueſday* in *May*, would be eaſly enough.

And they appointed and deſired Col. *Johannis Lott*, and Capt. *Livingſton*, to wait on the Lieut. Governor with a Copy of their Sentiments, in Relation to a further Adjournment, and to requeſt him that he will be pleaſed to ſignify his Opinion and Inclination thereon.

Col. *Lott* reported, that himſelf and Capt. *Livingſton*, had waited on the Lieut. Governor with the above Copy, and that after his reading of it, he approved of the Time therein mentioned for an Adjournment, and deſired that the Houſe would accordingly adjourn itſelf to the ſecond *Tueſday* in *May* next.

And then the Speaker adjourned the Houſe to the ſecond *Tueſday* in *May* next; and the Houſe is accordingly adjourned to the ſaid ſecond *Tueſday* in *May* next enſuing.

Die Martis, 11 *ho. A. M. May* 13, 1740.

PURSUANT to an Adjournment of the Houſe, on the eighth of laſt Month, eleven Members appearing in the Aſſembly Chamber, the Speaker took the Chair, and after ſome Conſideration upon the ſubject Matter of a further Adjournment, they were unanimouſly of Opinion,

That although they do not apprehend, for the Reaſons mentioned at their laſt Adjournment, there will be a Neceſſity of proceeding upon Buſineſs till after Harveſt, yet as his Majeſty is engaged in an actual War, it may be prudent to make a ſhorter Adjournment.

But as the Lieut. Governor intends ſpeedily to renew the Treaty of Friendſhip with the ſix Nations of *Indians*, at *Albany*, they conceive that the Time of ſuch Adjournment ought to be ſo calculated, as to be rather after, than before his Return from thence; and ſince this can better be computed by his Honour, than by us;

Ordered, That Col. *Philipſe*, and Capt. *Winne*, wait on the Lieut. Governor with a Copy of our Sentiments upon this Subject, and to requeſt that he will be pleaſed to ſignify to the Houſe, the Day to which he does judge it proper they ſhould adjourn themſelves.

Col. *Philipſe* reported, that he and Capt. *Winne*, had waited on the Lieut. Governor with the above Copy; and that after his reading it, he was pleaſed to deliver unto them his Anſwer to it in writing; which being read, is in the Words following, *viz.*

I *Agree with this Opinion of the Houſe, but as an Adjutant General is daily expected from* England, *for raiſing Volunteers on this Continent, upon an Expedition againſt ſome* Spaniſh *Settlements in the* Weſt-Indies, *it would be improper that I ſhould be abſent from this City when that Gentleman arrives; for which Reaſon, I have foreborn to appoint a Time for the ſix Nations to meet me at* Albany: *I do however approve of a further Adjournment, and deſire the Houſe will accordingly adjourn itſelf to the third* Tueſday *in* June *next.*

GEORGE CLARKE.

After which the Speaker adjourned the Houſe to the above mentioned third *Tueſday* in *June* next; and the Houſe is accordingly adjourned to the ſaid third *Tueſday* in *June* next enſuing.

Die Martis, 11 *ho. A. M. June* 17, 1740.

[*Here begins the* 14*th of* GEORGE IId.]

PURSUANT to the Adjournment of this Houſe, on the 13th of *May* laſt, eight Members being met in the Aſſembly Chamber, the Speaker took the Chair; and they having conſidered the Time of a further Adjournment, are ſtill of the ſame Opinion as they were upon that Head at the two laſt Adjournments; but as the preſent Circumſtances of Affairs may poſſibly require their proceeding upon ſome Buſineſs ſooner;

Ordered, That Mr. *Clarkſon*, and Mr. *Abraham Lott*, wait on the Lieutenant Governor with a Copy of this Minute, and to deſire him that he will be pleaſed to ſignify unto them the Day to which he thinks it proper the Houſe ſhould be adjourned.

Mr. *Clarkſon* reported, that he and Mr. *Lott*, had waited on the Lieut. Governor with the foregoing Meſſage, and that his Honour had been pleaſed to deſire that the Houſe will adjourn itſelf to the 30th Day of this Month, in order to proceed upon Buſineſs.

And thereupon the Speaker adjourned the Houſe to the above mentioned 30th Day of this Inſt. *June*; and the Houſe is accordingly adjourned to the ſaid 30th Day of this Inſt.

N. B. *The Votes and Proceedings of the General Aſſembly, on the* 12*th* July, 1730, *(when they paſſed an Act, entitled*, An *Act*, for tranſporting and victualling Volunteers inliſted in this Colony, to ſerve in the Expedition therein mentioned) *are miſſing; and as the original manuſcript Votes of the Seſſion, begun on the* 9*th* September, 1740, *and continued till the* 3*d* November *following, are likewiſe miſſing, they are therefore printed from* William Bradford's *Edition.*

Die Martis, 11 *ho. A. M. Sept.* 9, 1740.

PURSUANT to the Adjourment of this Houſe, on the 12th of *July* laſt, ſix Members appearing in the Aſſembly Chamber, the Speaker took the Chair, and they being of Opinion, that but very few more Members are like to come to Town this Day;

Then the Houſe adjourned till 9 of the Clock To-morrow Morning.

Die Mercurij, 9 *ho. A. M. Sept.* 10, 1740.

THE Houſe met, and adjourned to 3 of the Clock in the Afternoon.

Die Mercurij, 3 *ho. P. M. Sept.* 10, 1740.

A Majority of the Houſe being met,

Ordered, That Col. *Philipſe* and Mr. *Clarkſon*, wait on the Lieutenant Governor, and acquaint his Honour, that a ſufficient Number of Members, are met to proceed on Buſineſs.

Col. *Philipſe*, reported that himſelf and Mr. *Clarkſon*, had (according to Order) waited on his Honour the Lieut. Governor, and delivered their Meſſage, upon which, his Honour was pleaſed to ſay, he would come up to the Council Chamber in the City-Hall immediately, and then would ſend for the Houſe.

A Meſſage from his Honour the Lieut. Governor, by Mr. *Robinſon*, Deputy Clerk of the Council.

Mr. Speaker, The Governor requires the Attendance of this Houſe, in the Council Chamber in the City-Hall, immediately.

The

The Speaker left the Chair, and with the Houſe went thither accordingly; and being returned, he reſumed the Chair, and reported to the Houſe, that his Honour the Lieut. Governor, had made a Speech to them, of which (to prevent Miſtakes) he had obtained a Copy, which being read, is in the Words following, *viz.*

Gentlemen,

AT your laſt Sitting you gave a Sum of Money for Tranſporting and Victualing 500 *Men, to be imployed in the Expedition againſt the* Spaniards, *that being the Number you then thought would be raiſed in this Province, for that Service; but there being now another Company of* 100 *Men raiſing, and almoſt compleat; I recommend it to you, in his Majeſty's Name, to give a further Sum for Victualing and Tranſporting them to the Place of Rendezvous; and I perſuade myſelf, that his Majeſty's Honour, the Intereſt of your Country, and a due Reflection on the ſignal and conſtant Benefits you receive from his Majeſty's paternal Care of this Province, will inſpire you with dutiful and grateful Sentiments, and induce you to ſhew your Zeal on this Occaſion with the utmoſt Chearfulneſs.*

The Apprehenſions that the People on the Frontiers were under laſt Fall, of a Rupture with France, *made it neceſſary to have a double Garriſon all the Winter at* Oſwego, *but there being then no Proviſion made for the Victualing of the additional Number of Men, one of the Contractors undertook it, hoping that the Aſſembly would pay him; and I now Recommend it to you.* Oſwego *is a Place of great Importance to you, and ought by all Means to be preſerved, if it can be, without weakening the Garriſons in the other Frontier Places. And I am perſuaded, that if proper Proviſions be made by you, for it now, when the Support of that Garriſon will fall under your Conſideration, the laſt Act being upon the Point of expiring, a ſufficient Number of the Six Nations of* Indians, *may be induced to ſtay there, with the uſual Garriſon, for its Defence, in that Part of the Year, when the Traders leave it, to return to their own Habitations.*

Deſertions from his Majeſty's Ships of War, and Land Forces in this Province, have of late been ſo frequent, that unleſs ſome good Law be paſſed to prevent the like for the future, they may be unable to protect either your Trade or Country; by paſſing ſuch a Law, you will ſhew your Zeal for his Majeſty's Service, and the Welfare of your Country.

The Mohawk *Sachems having repreſented to me the irreparable Condition of the Chaple formerly built for their religious Worſhip, and deſiring to have a new one built, I cannot but earneſtly recommend it to you, as a Thing worthy the Conſideration of a* Chriſtian Aſſembly. *The Progreſs already made by the Reverend Mr.* Barclay, *opens to our View a glorious Proſpect of ſpreading the* Chriſtian Faith *and* Worſhip, *throughout all the ſix Nations, eſpecially if he be enabled by you to proceed in the Work, he has ſo happily and ſucceſsfully begun.*

The Revenue being now expired, I recommend it to you, to give to his Majeſty, for the Support of Government, ſuch an ample one, and for ſuch Term of Years as former Aſſemblies have given, whereby you will ſtrongly recommend yourſelves to his Majeſty's Grace and Favour. At the ſame Time it will be neceſſary to prevent by ſome good Law, all illicit Trade, ſo much complained of by the fair Trader, and ſo injurious to the Revenue. And I hope you will think it high Time to give ſome effectual Encouragement to Ship Building.

G. CLARKE.

Ordered, That his Honour's Speech be forthwith printed.

Reſolved, That this Houſe will, on *Friday* next, take his Honour's Speech into Conſideration.

Then the Houſe adjourned till 9 of the Clock To-morrow Morning.

Die Jovis, 9 *ho. A. M. Sept.* 11, 1740.

MR. *Jones*, from the Committee, appointed to examine what Laws are expired, or near expiring, and which of them they judged proper to be revived; reported, That they are of Opinion, the two following Acts being near expiring, are proper to be further continued, *viz.*

An Act, *for encouraging the returning of neat Cattle and Sheep to their Owners.*

An Act, *to reſtrain Tavern Keepers and Inn-Keepers, from ſelling ſtrong Liquors to Servants and Apprentices, and from giving large Credit to others.*

Which Report he read in his Place, and then delivered it in at the Table; where the ſame being read, was agreed to by the Houſe.

Ordered, That Mr. *Nicoll* and Mr. *Cornell*, prepare and bring in a Bill, for the further continuing of an Act, entitled, *An Act, for the encouraging the returning of neat Cattle and Sheep to their Owners.*

Ordered, That Mr. *Jones* and Mr. *Abraham Lott*, prepare and bring in a Bill to reſtrain Tavern Keepers and Inn-Keepers, from ſelling ſtrong Liquors to Servants and Apprentices, and from giving large Credit to others.

Then the Houſe adjourned 'till 3 of the Clock in the Afternoon.

Die Jovis, 3 *ho. P. M. Sept.* 11, 1740.

THE Speaker from the Chair, communicated to the Houſe, a Letter of Yeſterday's Date, directed to him by the Lieut. Governor, including another of the ſame Date, from Meſſieurs *Robinſon* and *Bayard*, relating to a Company of Volunteers, intended to be tranſported to *Jamaica*, in his Majeſty's Ships, under the Command of Capt. *Warren* and Capt. *Percival*, intimating that the ſaid Captains are willing to take the ſaid Company on board, with the Proviſion allowed them; *Provided*, an Allowance be added to it, of half a Pint of Rum a Day for each Man.

Which Letters being read, were refered to a Committee of the whole Houſe; who accordingly reſolved itſelf into a Committee immediately thereon. And after ſome Time ſpent therein,

Mr. *Clarkſon*, reported from the Committee, That the ſaid Act which appoints the ſaid Meſſieurs *Robinſon* and *Bayard*, Commiſſioners to tranſport and victual the Volunteers of this Colony, for the intended Expedition againſt the *Spaniards*, from hence to the Place that ſhall be appointed for a general Rendezvous in the *Weſt-Indies*, doth likewiſe enjoin them, not to exceed the Sum granted for that Service, and for defraying the neceſſary Contingences that may attend the ſame.

And as the Aſſembly was conſtrained to borrow the Money, ſo granted, from other Funds, to the End immediate Payment might be made for the Expence of that Service, The Committee are humbly of Opinion, that it cannot well be expected the Colony ſhould take any further Burthen upon it, for the Service aforeſaid; and the Committee is in hopes, that by ſaving the Charge of Tranſporting one Company, the Commiſſioners will be enabled to make amplier Proviſion for the ſaid Volunteers, in the Victualing them from hence to the Place above-mentioned.

Which Report he read in his Place, and afterwards delivered it in at the Table; where the ſame being again read, was approved of by the Houſe.

Ordered, That Capt. *Winne* and Mr. *Nicoll*, carry a Copy of theſe Minutes to his Honour the Lieut. Governor, as the Sentiments of this Houſe, in Relation to the ſubject Matter contained in the two Letters above-mentioned.

Ordered, That the Clerk do forthwith deliver to the Treaſurer, and tranſmit by the firſt Opportunity to the ſaid Commiſſioners, a Copy of the ſaid Order reſpectively.

Reſolved, That his Honour's Speech, be taken into Conſideration *Tueſday* next.

Then the Houſe adjourned till 3 of the Clock in the Afternoon.

Die Martis, 3 *ho. P. M. Sept.* 16, 1740.

THE Houſe (according to Order) reſolved itſelf into a Committee, upon the firſt Part of his Honour the Lieutenant Governor's Speech, relating to the raiſing of another Company of Volunteers, to ſerve in an Expedition intended againſt the *Spaniards* in the *Weſt-Indies*, and for giving a further Sum to victual and tranſport them thither. And after the ſame had been maturely conſidered and debated, Mr. *Clarkſon* reported, That the Proceedings and Opinions of the Committee thereon, had been in the Manner and to the Effect following, *to wit*.

That they had in the firſt Place, examined how the ſaid intended Expedition had been repreſented here at the Beginning, and in the next, the State thereof at preſent. And they find, By a Proclamation iſſued by the Lieut. Governor in Council, the 15th of *April* laſt; *That Col.* Blakeney *would bring with him* (beſides Arms, *&c.) what Money or Credit ſhould be judged requiſite for the Performance of that Service.* And in another of the 24th of *June*, nothing was contained to the contrary thereof; though that Gentleman was then arrived here.

And though it ſeemed natural to conclude from hence, That no Part of the Charge of this Undertaking, would have been expected from this Colony, the General Aſſembly did nevertheleſs, when his Majeſty's eighth Inſtruction was communicated to them, chearfully grants the Sum of *Two Thouſand, Five Hundred Pounds*, for victualing and tranſporting to the general Rendezvous in the *Weſt-Indies*, ſuch Levies as were then inliſted, or ſhould voluntarily inliſt themſelves in this Colony, to ſerve in the ſaid Expedition; and we are informed, that the Commiſſioners appointed in the Act which granted that Money, have provided Tranſports and Proviſions ſufficient for that Purpoſe accordingly.

And though the Committee will not take upon them, to inquire whether another Company can be raiſed and compleated to 100 Men, or how many effective Volunteers will be embarked here; they conceive that if there ſhould be a Failure in either, the Money granted will more than ſuffice to anſwer the intended Tranſportation and Victualing, eſpecially as one of the Companies is already embarked in two of his Majeſty's Ships, which they are of Opinion will likewiſe be a Means, to make the better Accommodation for the remaining Companies.

And as well for the ſeveral Reaſons aforeſaid, as by the preſent difficult Circumſtances of the Colony, the Committee do humbly conceive, that it cannot juſtly be expected, they ſhould lay any additional Burden on it, for the Service abovementioned.

Which Report he read in his Place, and afterwards delivered it in at the Table; where the ſame was again read, and approved of by the Houſe.

Ordered, That Col. *Schuyler* and Mr. *Jones*, carry a Copy thereof to the Lieut. Governor, as the Opinion of this Houſe, on the ſubject Matter therein mentioned, to the End an Expectation thereon, may in no wiſe retard the Embarkation of the other Companies.

Reſolved, That his Honour's Speech be taken into Conſideration, To-morrow.

Then the Houſe adjourned to 9 of the Clock, To-morrow Morning.

Die Mercurij, 9 *ho. A. M. Sept.* 17, 1740.

A Petition of *Thomas Tarpy*, was preſented to the Houſe, and read, ſetting forth, That he is an antient Man, and reduced to low Circumſtances by the Inſolvency chiefly of his Debtors; and therefore humbly prays, that he may have the Farming of the Exciſe of the City and County of *Albany*, for the enſuing Year, on ſuch reaſonable Terms as the Houſe ſhall ſeem meet, upon his giving ſufficient Security, as the Law directs for the Payment, as the Houſe ſhall determine therein.

Ordered, That the ſaid Petition be refered to the Conſideration of the Committee, to whom the Bill now read, ſhall be committed.

Mr. *Jones*, from the Committee of the whole Houſe, to whom was refered, the Bill, entitled, *An* Act, *for the further continuing an Act*, entitled, *An* Act, *for the encouraging the returning of neat Cattle and Sheep to their Owners*, reported, That the Committee had gone through the Bill without any Amendment; which they had directed him to report to the Houſe; and he read the Report in his Place, and afterwards delivered the Bill in at the Table; and the ſame was read; but the Houſe conceiving that ſome Defects in the ſaid Bill, may be provided for in a new Bill;

Ordered, That the Bill above mentioned be diſmiſſed, and that Mr. *Jones* and Mr. *Abraham Lott*, prepare and bring in a new one, for the like Purpoſes, and for ſupplying the Defects in the Old one.

Ordered, That the ſaid Mr. *Sylveſter*, be diſmiſſed from any further Attendance upon the Houſe, on the Order abovementioned.

Mr. *Sylveſter*, at the ſame Time laid before the Houſe the following Accounts, *viz.*

And having spent some Time therein, and maturely considered the two following Paragraphs thereof, Mr. *Clarkson* reported the Opinion of the Committee thereon; which he read in his Place, and then delivered it in at the Table; where the same was again read, and approved of by the House.

As to Desertion from his Majesty's Forces, the Committee are humbly of Opinion, that the Acts of Parliament have made sufficient Provisions to prevent the same; and they conceive the Government here have so understood it ever since those Acts were made to extend to the Plantations, in as much as it forbore to recommend the Renewal of any Act of that Kind, since the Time those Acts were so extended.

And as to the present Condition of the Chapel in the *Mohawks* Country, the Committee were in Expectation that one of the Block Houses in the Fort lately built there, would have been made of a Dimension sufficient to contain all the *Indians* remaining there, who have embraced the Christian Religion. But in Case either such Block House will not accommodate them in their religious Meetings, or that the said Chappel is not like to last long for that Service, the Committee are of Opinion, that a new one may be erected by the voluntary Subscriptions of all well disposed Christians, as most of the Edifices for divine Worship have been built in this Colony. And as such a Chapel will open a hopeful Prospect of spreading the Christian Faith and Worship, amongst our other *Indian* Nations, the Committee are persuaded such Subscriptions will not be wanting; especially as the several Members of this House have already subscribed towards it.

As to what is mentioned in a Letter from the Lieut. Governor to the Speaker, and read the 25th paſt, the Committee having duly conſidered the two Articles, recommended therein, to the Houſe, are of Opinion, and came to the Reſolution following thereon, *viz.*

Concerning the Charge of an Order in the Council Office, for Stores which his Majeſty had graciouſly directed to be ſent for the Uſe of this Colony, the Committee cannot find that ſuch a Charge was ever demanded from, or allowed of by the ſaid Colony: But on the contrary, that whenever Stores came hither, it was at the ſole Charge of the Crown; and they are humbly of Opinion, That his Majeſty's paternal Care, will not permit him to let his Forts and Fortifications here, remain longer without Ammunition to defend them; eſpecially as he is now engaged in an actual War. For though the Colony has ſtrained itſelf to erect Forts and Fortifications in moſt of the Places, where they were judged of the greateſt Uſe, the Circumſtances of the Colony, make them altogether unable to procure Ammunition for their Defence; there is, however, no doubt, but they will readily diſcharge the *Fifteen Pounds*, for the Charge of the ſaid Order, when they have the Satisfaction to ſee thoſe Stores arrive here.

Mr. *Clarkſon* reported, that himſelf and Col. *Moore*, had (according to Order) waited on the Lieut. Governor with the above Meſſage, and that his Honour had been pleaſed to ſay, that he would ſend for the Houſe.

A Meſſage from his Honour the Lieut. Governor, by Mr. *George Joſeph Moore*, Deputy Clerk of the Council.

Mr. Speaker, The Governor requires the Attendance of this Houſe immediately, at his preſent Reſidence.

The Speaker left the Chair, and with the Houſe, went thither accordingly; and being returned, he reſumed the Chair, and reported to the Houſe, that his Honour the Lieut. Governor had made a Speech to them; of which, to prevent Miſtakes, he had obtain'd a Copy; which being read, is in the Words following, *viz.*

Gentlemen,

IF you look back to the happy Revolution, and call to Mind the great and conſtant Protection that you have, from Time to Time, received from the gracious and bountiful Hands of his preſent Majeſty, whom God long preſerve, and of his royal Predeceſſors, in the Enjoyment of your civil and ſacred Rights and Privileges, and in the Security of your Trade and Defence of the Country, at a vaſt Expence to the Crown, you will find that you have been more highly favoured than any other of his Majeſty's Provinces; and every thankful Breaſt muſt acknowledge it deſerves the higheſt Returns of Gratitude and Duty, not in Words, but in Actions; the only ſure Evidence of the Sincerity of Mens Hearts. The People lived in Eaſe and Quiet under the moſt excellent Conſtitution of Government, every one enjoying the Fruit of his Labour without Moleſtation, or Fear of Oppreſſion; an Happineſs which none but his Majeſty's Subjects know. In a grateful and dutiful Acknowledgement whereof, they for many Years ſupported the Government in a Manner conformable to that of the Parliament of *England*; like them too, never queſtioning the King's royal Prerogative and undoubted Right, to appoint Officers for the Management of his Revenue: But whether grown wanton by Proſperity, or whatever elſe it was, they began to deviate from the Example of the Parliament, demanding to have the Nomination of a Treaſurer for the Receipt and Management of the Money to be given, not for the Support of Government, but for extraordinary Uſes; and being indulged in this, they ſoon grew in their Demands, and inſiſted upon having the Revenue likewiſe put into his Hands, it being conſtantly before managed by the King's Officer, his Majeſty's Receiver General, who had, and ſtill has, a Salary allowed him for that Service, which is paid out of his Majeſty's Quit-Rents. This proſperous Beginning encouraged them to go on further, and it was a bold and large Stride they next took; they conſidered, that notwithſtanding they had the Nomination of a Treaſurer, yet he was not ſo entirely under the Direction, and in their Power, but that his Majeſty's Auditor General had the Inſpection and Control of his Accounts; an Office of great Diſtinction, and of abſolute Neceſſity for his Majeſty's Service, eſtabliſhed in King *Charles* the Second's Time, and at preſent, in a Perſon of very high Honour, Intereſt, and Truſt at Home, of whoſe Influence the Plantations have often felt, and may as often feel, the happy Effects; yet ſo inordinate is the Thirſt of Power, that no Conſideration, how equitable, prudential, or beneficial ſoever, muſt ſtand in its Way; wherefore, after the Expiration of the Revenue, in 1709, (which till then had been all along given without any particular Application) they reſolved to get rid of all Reſtraints at once, and to attain their Ends, refuſed to ſupport the Government unleſs they had the particular Appointment of the Officers Salaries, thereby making themſelves Judges what Officers were proper, what not; in Conſequence whereof, among others, they left the Auditor General without any Salary or Reward, although his Salary was eſtabliſhed ſoon after the Revolution, and conſtantly paid. Thus fixing on themſelves the Dependance of the Officers for whom they provided, (for Men are naturally Servants to thoſe who pay them) they in Effect ſubverted the Conſtitution, aſſuming to themſelves one undoubted and eſſential Branch of his Majeſty's royal Prerogative. I would willingly perſuade myſelf that nothing but the late Diſorders, which too much diſtracted the Minds of the People, kept them from returning to a juſt Senſe of their Duty to his Majeſty; and that now thoſe Diſorders are happily ended, ſober and reaſonable Council will take Place, and the Example of that auguſt Body, the Parliament, be the Rule of your future Actions: This, and only this, will remove, *as to this Province, a Jealouſy which for ſome Years has obtained in* England, *that the Plantations are not without Thoughts of throwing off their Dependance on the Crown of* England. I hope and believe, no Man in this Province has any ſuch Intention; but neither my Hopes, nor Belief, will have the Weight of your Actions, and as you have it in your Power, ſo it is your Duty and true Intereſt to do it effectually, by giving to his Majeſty ſuch a Revenue, and in ſuch Manner, as will enable his Majeſty to pay his own Officers and Servants, whereby they will be reclaimed to their proper Dependance, and ſuch as the flouriſhing Condition of the Province will amply admit; which from the great Increaſe of Trade, and People, is well known to be vaſtly better than it was above forty Years ago, when, and for many

many Years before, and after, such a Revenue as I speak of, was given by the then Assemblies, at the same Time that large Sums of Money were raised to pay Detachments of the Militia, which were sent to the Frontiers for their Defence in Time of War.

The next Thing I recommend to your Consideration, is the Defence of the Province, for though all that human Wisdom or Foresight could do to preserve us in Peace, has been done, and we have long enjoyed the Blessings of it, yet if Appearances at a Distance deceive not, there is great Cause to apprehend a speedy Rupture with *France*; your Situation therefore ought to awaken you to a timely Provision against that Event, in fortifying this Town in a better Manner than it is at present, by erecting Batteries in proper Places upon some of the Wharfs facing the Harbour, others upon the Side of *Hudson*'s River adjoining to the Town, and one at Red-Hook, upon *Long-Island*, to prevent the Enemy from landing upon *Nutten-Island*. You will see by his Majesty's Order, which I will communicate to you, that his Majesty has been graciously pleased of his great Bounty and Care of your Preservation, to Order large Quantities of Stores of War to be sent hither, among which is a great Number of Ordnance, so that the Batteries to be built, may be proportioned to the Number of Ordnance proper for them; those of the smallest Sizes being better suited to the Frontier Forts in the County of *Albany*; Powder, Ball, (Flags none of the Forts having any at present) and whatever else is wanting for the Ordnance, the Forts and Batteries, and general Defence of the Province, you must provide in Time, as well as for the Expence that will unavoidably accrue on the Arrival of the Stores, for carrying them to proper Places, mounting the Guns, and other necessary Services.

The House at *Oswego* being of the highest Importance to the Fur Trade, ought by all Means to be preserved from falling into the Hands of the *French*, which it will do, if some speedy and effectual Care be not taken to put it into a Posture of Defence; for which End, it is necessary that it be surrounded with strong and proper Works, and that the Garrison be proportionably augmented, and if to his Majesty's Troops in Garrison there, a sufficient Number of *Indians* of the six Nations, be added, it might have the best Effect, especially if those Nations be brought to let the Governor of *Canada* know that they have taken upon them to defend it, as the only Place where they can be supplied at a moderate Rate with such Goods as their Necessities require, which perhaps they may be induced to do if they are dealt with in Time, and before an actual Rupture with *France*; and I am of Opinion it is absolutely necessary that I meet them, (as I will readily do so soon as you enable me) not only for that Purpose, but also to confirm them in their Fidelity to his Majesty; which, by the Intrigues of the *French*, has of late Years been much shaken. If we tie them closely to us, (and there is no other Way to do it than by Presents) they will be our best Barrier, and the surest Protection of the Frontier Settlements at the least Expence, though it cannot be expected but that it must be greater than in Time of Peace, both because it will be necessary they be often treated with, and that the Commissioners of *Indian* Affairs be more amply supplied with Money, as their Occasions to employ the *Indians* as Spies upon the Designs and Motions of the Enemy, will be more frequent; if you suffer *Oswego* to fall into the Hands of the *French*, I much fear you will lose the six Nations, an Event which will expose the whole Country to the merciless Spoil and barbarous Cruelty of a Savage Enemy; the Miseries whereof a neighbouring Province has often felt, nor could prevent at a vast Charge, wherefore at any Expence, *Oswego* ought to be maintained, that the Fidelity of the six Nations may be preserved. I have done my Duty, and discharged my Conscience in giving you this Warning; do you yours, and save your Country from Ruin. *At present, if any Part of the Province should be invaded, and Money absolutely necessary for any Service, even in such an Exigency, I cannot either with or without the Advice of the Council, draw for a Penny; a Circumstance well worth your Consideration.*

Gentlemen;

The Militia ought to be put under some better Regulation, in Case of an Invasion; nor should any Man who is able to bear Arms, be exempted from serving and doing Duty.

An Agent in *England*, to negotiate the Affairs of the Province is always necessary; it is owing to the Want of one, that we have not yet received the Stores of War, and to the same Cause you must impute whatever other Disadvantages you may feel by not having the Affairs of the Province properly represented and duly solicited by some Gentleman, whose Integrity, Abilities and Person, being well known to the Ministry, will give him access to them at all Times.

I wish with all my Heart, I had no more to say to you at this Time, but how melancholly soever it be, I am obliged to mention to you, the late fatal Fire that laid in Ashes the House, Chapel, Barracks and Secretary's Office, in his Majesty's Fort in this Town, accidentally occasioned by mending a Gutter on the Roof of the House, adjoining to the Chapel,

Chapel, which having leaked all Winter, had much damaged and would ſoon have rotted the Timber and Floors of that Part of the Houſe; ſo that what was intended for it's Preſervation, unhappily turned to it's Deſtruction; I need not tell you how neceſſary it is to have them ſpeedily re-built; without doubt you are ſenſible of it, and will make Proviſion accordingly.

The frequent Fires which have happened in this Town, ſince that at the Fort, giving Room, from many Circumſtances to believe, they have been kindled by Deſign, call for ſome effectual Law to reſtrain the too great Licenſe that the Negroes are allowed, or that they take without it, in aſſembling in great Numbers, and at Times and in Places that give them Opportunities of Cabaling, and the great Loſſes that have been ſuſtained by Means of thoſe Fires, when Goods have been removed to preſerve them from the Flames, requires ſome Method to ſecure them for the future from being ſtolen: A night Guard of the Militia, will be very proper to be conſtantly kept on Foot, eſpecially in Time of War, but they muſt be obliged to that Duty by proper Penalties; and Proviſion ought to be made for billeting the Men, who may be ordered to this Town for it's Defence, whenever Occaſion requires.

G. CLARKE.

Ordered, That his Honour's Speech be forthwith printed.

Ordered, That the Votes and Proceedings of the Houſe, be likewiſe printed from Time to Time, being firſt peruſed and ſigned by the Speaker.

The Speaker likewiſe laid before the Houſe, a Liſt of Warlike Stores, ordered by his Majeſty for the Uſe of this Colony; dated the 27th of *December* 1739, and refered to in the ſaid Speech, which being read;

Ordered, That the ſame be entered in the Journal of this Houſe, and that the Clerk do then return it to his Honour, being as follows, *viz.*

At the Court at *St. James's*, the 27th of *December* 1739.

PRESENT,

The KING's moſt Excellent Majeſty.

Lord Archbp. of *Canterbury*,	Lord Viſcount *Torrington*,
Lord Preſident,	Lord *Hervey*,
Lord Steward,	Lord *Delawar*,
Lord Chamberlain,	Mr. Chancellor of the Exq.
Duke of *Athol*,	Sir *Charles Wager*,
Duke of *Kent*,	Sir *John Norris*,
Earl of *Cholmondley*,	

Upon Reading at the Board, a Report from the Right Honourable the Lords of the Committee of Council for Plantation Affairs, dated the 24th of laſt Month, in the Words following, viz.

'*IN Obedience to an Order in Council, of the fifth of laſt Month, refering to this Committee, a Letter from* George Clarke, *Eſq; Lieut. Governor of your Majeſty's Province of* New-York, *to his Grace the Duke of* Newcaſtle, *one of your Majeſty's moſt principal Secretaries of State; ſetting forth amongſt other Things, that the ſaid Province is in a weak and defenceleſs Condition, for want of Ammunition and Stores of War, as appears by an Account therewith tranſmitted of all the Stores in the Fort of New-York; out of which Fort a ſupply of Stores and Ammunition is to be ſent to three other Forts at* Albany; *and therefore deſiring, that a Quantity of all Sorts of Stores, anſwerable to their preſent Neceſſity, may be ſent thither.' The Lords of the Committee, in Obedience, to the ſaid Order of Reference did, on the 9th of the ſaid Month, take the ſaid Letter and Account of Stores into their Conſideration, and thought proper to refer the ſame to the Maſter General of the Ordnance, who hath tranſmitted to this Committee a Report thereupon, whereby it appears, that the Board of Ordnance, have examined into the ſaid Account of Stores, and find that there is a very great Want of Stores proper for the Guns now remaining there, but from the Irregularity in the Weight of the Shot the Guns are ſaid to carry, the ſaid Board cannot take upon them to draw out a Proportion of Stores for them, leſt your Majeſty ſhould be thereby put to a great Expence, and the Stores or the greateſt Part of them, be of no Service at all; however, thinking it may be a Duty incumbent upon them, to make ſome Propoſal for the Safety and Defence of the ſaid Province; they have therefore drawn out a new Proportition, both of Ordnance and Stores, the Expence whereof, amounts to* Eight Thouſand, Five Hundred and Sixty-three Pounds, Twelve Shillings and Three-pence, *and which they conceive will be ſufficient for the Defence of the ſaid Province; provided that the Guns are mounted in Places moſt expoſed, and that Care be taken in the Application of the Stores to theſe Guns only, and in the Preſervation and Expenditure of them. The Lords of the Committee, having taken the ſame into Conſideration, and finding that there hath not been any ſupply of Stores ſent to the ſaid Province, ſince the Year* 1708, *are therefore humbly of Opinion, that it may be adviſeable for your Majeſty to order the ſaid Proportion of Stores, hereunto annexed, to be ſent thither, excepting the two Articles relating to Small Arms, Hand Granades, and other ſmall Stores, the Expence whereof beſides the Charge of the Frieght, amounts to* One Thouſand, Seven Hundred and Eighty Nine Pounds, Sixteen Shillings and Six-pence, *as to which, their Lordſhips conceive it may be neceſſary to make further Enquiry, before your Majeſty ſignify your royal Pleaſure thereupon; and their Lordſhips beg Leave humbly to propoſe, that in Caſe your Majeſty ſhall be pleaſed to approve hereof, Orders may be ſent to the Commander in Chief of that Province, to mount the Guns in Places moſt expoſed, and to take particular Care in the Application of the Stores to theſe Guns only, and in the Preſervation and Expenditure of them, according to what is above propoſed by the Board of Ordnance.*

His Majeſty having this Day, with the Advice of his Privy Council, approved of the ſaid Report, and given Orders to the Maſter General of the Ordnance, to cauſe the Proportion of Ordnance and Stores, contained in the Paper hereto annexed, to be ſent to his Majeſty's Province of New-York, *except the two Articles, relating to Small Arms, Hand Granades, and other ſmall Stores, the Expence of which, excluſive of the Charge of Freight for the ſaid ſmall Stores, is eſtimated at* One Thouſand, Seven Hundred and Eighty Nine Pounds, Sixteen Shillings and Six-pence; *doth therefore hereby Order, that the Governor or Commander in Chief, for the Time being, of his Majeſty's ſaid Province of* New-York, *do cauſe the Guns to be mounted in Places moſt expoſed, and that he do take particular Care in the Application of the Stores to the ſaid Guns only, and in the Preſervation and Expediture of them, according to what is propoſed by the ſaid Report.*

TEMPLE STANYAN.

THE ingrossed Address to his Honour the Lieut. Governor, was read, and approved of; and,

To the Honourable *George Clarke*, Esq; his Majesty's Lieut. Governor, and Commander in Chief of the Colony of *New-York*, and the Territories depending thereon in *America*.

The humble Address of the General Assembly of the said Colony.

May it please your Honour,

WE his Majesty's most dutiful and loyal Subjects, the General Assembly of this Colony, humbly beg Leave, in answer to the Speech your Honour was pleased to make unto us at the Opening of this Session, to state some of the Matters contained in it, in the Light they appear to us; to give you our Sentiments of others, and an Assurance that we purpose to provide as well for a further Support of the Government, as for the Security and Defence of this City, and the Frontiers, in the best Manner the Ability and Circumstances of the Colony will allow; and this we intend to do in the shortest Manner the Nature thereof will admit.

We ever looked upon the happy Revolution, as a Blessing to the Nation in general, and to this Colony in particular, as it restored to us the Benefit of Assemblies, and secured our Rights and Privileges; we likewise own the Bounties and Protections we have received from our great Deliverer, and his royal Successors: It must be owned on the other Hand, that in a grateful Return, the Assemblies did, from Time to Time, chearfully support the Government, and made ample Provision for all Expeditions, as well as for all other Exigencies for the Security of the Colony and the Service of the Crown.

It must be owned that the Money so granted, was at the Disposition of the Governor and Council; as it must on the other Hand, that the Misapplication thereof, induced the Assembly to direct Money for Forces intended for the Security of the Frontiers, to pass through the Hands of a Person named by them, with this just View, that the Service might effectually be performed, and duly paid. This was judged so reasonable by her late Majesty Queen *Anne*, that she was graciously pleased to direct that the Colony should have a Treasurer of their own; and it is well known that all publick Money has ever since passed through that Channel.

If we look back into what happened whilst the publick Money was disposed of in the Manner aforesaid, it will appear that the Consequence thereof laid the chief Foundation of the two Long Bills; and your Honour knows that for discharging the large Sums allowed by them as Debts of the Colony, the Excise on strong Liquors retailed, has been imployed for many Years past, and still stands appropriated for that Purpose, for many Years to come.

It cannot but be within your Honour's Knowledge, that formerly the Rents reserved to his Majesty on Lands granted in this Colony, and all Seizures, Forfeitures, and Dues, that arose in it to the Crown, were applied for the Support and Incidents of the Government. We shall not enquire when, or for what Reason, that Application has been discontinued; but it is well known that the Colony has nevertheless granted, from Time to Time, a more ample Support than is or has been given by its Neighbours; provided largely for Firewood and Candles to his Majesty's Troops posted in it, and considerable Presents to the six Nations of *Indians*; a Service of such Importance to confirm them in the *British* Interest, that the Crown has often sent proper Supplies for that Purpose even in Time of Peace, and that we have lately erected at a vast Expence, a noble Battery, mounted with upwards of fifty great Guns, at the Entrance of the Harbour of this City, and new Forts at *Albany*, *Schenectady*, and in the *Mohawk*'s Country, besides victualling 500 Volunteers on an Expedition to the *West-Indies*. If these Matters were duly represented, we should conceive great Hopes, from the tender Regard his Majesty has to all his Subjects, that the said Branches would be restored to their former Use, in Ease of his loyal People here, especially as so many other Fortifications and Buildings are now required.

And if Matters of a shorter period be looked into, whilst the Disposition of publick Money remained upon the Footing aforesaid, it will appear that by Misapplication of the Monies only which were granted for Support of Government Deficiences, happened to the Amount of several Thousand Pounds; which of Course occasioned Demands in the Assemblies to supply them. This brought the said Assemblies under the Delema, either to contend with the Administration, or to grant such Supplies; and they generally prefer the latter, lest several Salaries, as well as other necessary Services should remain unpaid.

If these Circumstances are maturely considered, it will be evident that it was neither Wantoness, Prosperity, nor our late unhappy Divisions, much less any Attempt upon the royal Prerogative, (our Trade and Produce having

having been long at a low Ebb, and our Loyalty ever conſpicious) but this ſingle and juſt Motive, only to prevent former Inconveniences, which induced the Legiſlature in the firſt Place to diſcharge all Arrearages, and then to ſettle the Support of Government upon the preſent Footing; a Method by which Miſapplications are avoided, and all Salaries, as well as other Services of the Government, duly diſcharged; and for theſe Reaſons we cannot harbour the leaſt Suſpicion that the known Juſtice of his Majeſty, will diſapprove of a Method by which the good Ends aforeſaid are effectually attained.

Permit us to obſerve on this Head, that your Honour has aſſented to Acts in which that Method is ſettled, and that former Governors have aſſented to ſeveral Acts, in which particular Application are made; and we are well informed that the right honourable the Lords of Trade, have upon a former Occaſion, declared, that they thought it very reaſonable to oblige the Aſſembly as much as poſſible, at all Times, to diſpoſe of Money by them granted, in ſuch Manner as they deſire.

It is with no ſmall Reluctance that we have made theſe Retroſpections, which we conceived your firſt Paragraph made unavoidable; but neither the one or the other, will divert us from ſerving and ſecuring the Colony in the beſt Manner its Circumſtances will admit.

To what is mentioned *of a Jealouſy in* England, *that the Plantations are not without thought of throwing off their Dependance on the Crown of* England; we ſhall ſay the leſs, as your Honour declares you hope and believe no Man in this Colony, has ſuch Intention; and we dare vouch that not one ſingle Perſon in it has any ſuch Thought or Deſire, for under what Government can we be better protected, or our Liberties and Properties ſo well ſecured. ?

We agree with you that the right Honourable *Horatia Walpole*, Eſq; Auditor General of his Majeſty's Revenue in *America*, is of high Honour, Intereſt, and Truſt at home, and are far from drawing in Queſtion his Majeſty's Right to appoint ſuch an Officer. We are ſenſible that ſeveral Sums of Money have been paid here for his Uſe, and as the ſame paſſed through your Hands, the Total of it is well known to your Honour, and that during ſuch Payments, the Money granted for Support of Government, was iſſuable upon Warrants ſigned by the Governour in Council, and for what may be claimed more by Virtue of that Office, we are firmly perſuaded that the Intereſt of that honourable Gentleman, cannot fail of obtaining from his Majeſty an Equivalent ſuitable to the Services annexed to that Office.

We purpoſe to fall upon Ways and Means for the further Support of Government, after *December* next, till which Time, we conceive ſufficient Proviſion is made for it already, and are of Opinion, it will not be expected the ſame ſhould be granted otherwiſe than it has been done of late, was it only for this ſingle Reaſon, that as the chief Burthen thereof has lain on Trade, ſhould it be laid in like Manner for a Term of Years, it may be a Means to drive our Trade to the neighbouring Colonies, and perhaps induce ſome of our Merchants to remove thither, as Trade in thoſe Governments is not burthened with any Impoſitions whatever, that we know of; and many Inſtances might be given that where the Channel of a Trade has been diverted, it has rarely (if ever) been retrieved; as on the other Hand, we have found by a ſhort Experiance, that ſince our Duties have been reduced, and ſome Drawbacks allowed on Exportation, our Navigation has increaſed conſiderably.

We are ſenſible that the preſent State of Affairs in Europe, make it abſolutely neceſſary to compleat and augment our Fortifications, we ſhall therefore endeavour to put this City, and the Frontiers, in the beſt Poſture of Defence the Circumſtances of the Colony will allow, as well to diſcharge Attempts of an Enemy, as to encourage our Inhabitants to exert themſelves if we ſhould have the Misfortune to be attacked; and whilſt Care is taken of theſe Matters, the Conſideration of the Trading Houſe at *Oſwego*, will not be neglected.

We have already ordered a Bill to be brought in to continue the Militia Act, and to oblige all Perſons, able to bear Arms (who are now exempted) to do Duty in Caſe of Alarm, and to watch in their Turns, whilſt Night Watches are neceſſary to be kept, and likewiſe that Beacons be erected in proper Places, to convey Alars in the ſpeedieſt Manner, when a certain Number of Ships appear in Sight.

We are ſenſible that an Agent at the Court of *Great-Britain*, might often be of great Benefit to the Colony, *if depending on, and payable by the General Aſſembly*, and we hope that whenever a Bill be preſented for that Purpoſe, it will not fail of obtaining your Honour's Aſſent.

It is with the deepeſt Concern that we have Cauſe to condole your Honour, and the Publick (as we ſincerely do) for the great Loſs you and they have ſuſtained by the burning down of the ſtately Buildings in *Fort George*, and however that Misfortune happened, we ſhall in the Beginning of our Proceedings conſult in what Manner the Fortifications may be made more uſeful and defenſible, and the

Buildings

Buildings ſecurer againſt Damage of an Enemy, and leſs liable to intimidate the known Readineſs and Alacrity of our Inhabitants, in Caſes of Fire. We ſhall endeavour to do what is material and neceſſary upon this unhappy Occaſion, for the doing of it all at once will be a heavier Burthen than the Colony can well bear, eſpecially as the late ſevere and long Winter, has occaſioned an incredible Loſs to the People of this Colony in general: It is in the mean while a good deal of Pleaſure to us that you are provided with a good Reſidence, and his Majeſty's Troops with a proper Houſe to keep guard in.

It is no ſmall Aleviation of this melancholly Accident, that his Majeſty has been graciouſly pleaſed, out of his paternal Care for the Security of this Colony, to order for its Uſe the large Quantity of Stores of War, mentioned in the Liſt which your Honour communicated to the Houſe, and hope they will ſoon be haſtened to us, as the State of Affairs ſeem to require.

We gratefully acknowledge this royal Favour, and have ſtrong Reaſon to wiſh a ſufficient Quantity of Powder had been ordered with it, though there had been an Abatement of ſome of the other Stores; and we believe your Honour knows that the Crown has ever furniſhed Powder to its Fortifications in this Colony; and if an Attempt ſhould be made upon it, either by Land or Water, how difficult would our Situation be? For though our People are generally grown up with the Uſe of Arms, and want no Reſolution to encounter Danger, what a Damp, what a Diſcouragement would it be, if our Batteries and Forts were deſtitute of Ammunition, to make the proper uſe of them? In ſuch an Event, it would be a Queſtion whether a ſufficient Quantity could be procured in the Colony, and a greater, how it would be able to purchaſe the ſame, eſpecially as it now labours under ſeveral extraordinary Difficulties.

If a due Repreſentation hereof was made to his Majeſty, and his Miniſters of State, we ſhould have great Hopes that we ſhould ſoon be ſupplied with a ſufficient Quantity of Powder for the Defence of his Majeſty's Fortifications; but if by any Emergency, it ſhould be wanted ſooner, as Self-Preſervation is the firſt Principle in Nature, we ſhall maturely conſider in what Manner ſo much might be procured as upon ſuch an unhappy Event, be neceſſary to make a vigorous Defence.

As for the Expence for carrying the Stores to their proper Places, mounting the Guns, and other neceſſary Expences after their Arrival, there is no doubt but Care will be taken to defray it.

As to the better Regulation of *Negroes*, and what you have been pleaſed to recommend more, eſpecially what is propoſed concerning the ſix Nations of *Indians*, ſhall, in the Courſe of our Proceedings, be duly conſidered, and have their proper Weight; as we, on the other Hand, make no doubt of your Honour's Aſſent to ſuch Bills as may tend to the Welfare of the Colony, and the Benefit of the Inhabitants thereof.

Adolph Philipſe, Speaker.

Ordered, That Col. *Moore*, and Capt. *Winne*, wait on the Lieut. Governor, to know when he will be pleaſed to be attended by the Houſe with their Addreſs.

Die Lunæ, 3 *ho. P. M. April* 27, 1741.

THE Speaker from the Chair, acquainted the Houſe, that on *Saturday* laſt, Mr. *George Joſeph Moore*, Deputy Clerk of the Council, delivered him his Honour the Lieut. Governor's Anſwer, to the Addreſs of this Houſe, which was read, and is in the Words following, *viz.*

Gentlemen,

IN your Addreſs you ſay, that her late Majeſty, Queen *Anne*, directed that you ſhould have a Treaſurer of your own, but you do not ſay for what Purpoſes; had you done that, it would have appeared, that it was only for Money given for extraordinary Uſes, and not the Revenue; I allow you may enquire into the Management and Diſpoſition of all the publick Money given by you, and if you find any Miſapplication of it, you may Cenſure the Guilty, and by addreſs and other proper Application making known thoſe Miſapplications, Juſtice will be done; but that can be no Reaſon for your putting the Revenue into other Hands than the King's Officer, or for your taking upon you to apply to particular Perſons and Uſes, the Money you give for Support of Government, which is the In-

croachment on the King's Prerogative that I mentioned, notwithſtanding the Auditor General has a ſtated Salary allowed him, yet his Fees for auditing the Accounts of the Revenue, in his Majeſty's other Provinces are paid him out of the Money accounted for in thoſe Accounts, as they were here, and there is no good Reaſon to be given, why they ought not to be paid in like Manner for the future.

The Preſervation of *Oſwego*, and of the Fidelity of the ſix Nations, is of more Conſequence to the Province, than any other Thing whatſoever; and if we loſe them, no Part of the County will be ſafe, as I believe you are all ſenſible of, from the Manner of annoying their Enemies: I, for my Part, will ſpare no Pains to retain them in their Fidelity to his Majeſty.

It will be too late to think of buying Powder when an Enemy appears; that ought to be done by you in Time.

What Bills you prepare, *which I ſhall judge to be really neceſſary or beneficial to the Province*, I will readily give my Aſſent to.

Mr. *Ludlow*, moved for Leave to be abſent to go to *Orange* County on extraordinary Buſineſs.

Ordered, That Leave be given accordingly.

A Representation of *Edward Man*, farmer of the Excise of this City, was presented to the House, and read, setting forth, That the Act laying an Excise on strong Liquors retailed, is defective in obtaining the Ends proposed by the same, for that no other Forfeiture is imposed on the Breach thereof, than the Liquors in such Retailer's House, and three Times the Value, which often will not defray the Trouble and Charges consequent upon a Prosecution, or many of such Retailers have not above a Gallon of strong Liquors in their Houses at one Time; and therefore humbly proposes, in order to give all reasonable Satisfaction to the just Complaints of lawful Retailers, and to enable him to pay and discharge the Recognizance by him entered into, that some effectual Method may be provided as by a considerable Sum of Money to be imposed or otherwise, to put a Stop to so injurious and pernicious a Practice.

A Meſſage from his Honour the Lieut. Governor, by Mr. *George Joſeph Moore*, Deputy Clerk of the Council.

Mr. Speaker, The Governor requires the immediate Attendance of this Houſe, in the Council Room, at his late Reſidence.

The Speaker left the Chair, and with the Houſe, attended his Honour accordingly; and being returned, he reſumed the Chair, and acquainted the Houſe, that his Honour had made a Speech to them; of which, to prevent Miſtakes, he had obtained a Copy; which being read, is in the Words following, *to wit.*

Gentlemen,

SINCE I ſpoke to you at the Opening of this Seſſion, I have had the Honour to receive a Letter of the 4th of *December* laſt, from his Grace the Duke of *Newcaſtle*, his Majeſty's moſt principal Secretary of State, ſignifying, That as it is probable, that Recruits will be wanted for the Forces under Lord *Cathcart*'s Command, or even that Lord *Cathcart* may write to have a greater Number of Troops from *North-America*, than are at preſent ſent to him; it is his Majeſty's Commands, That if Lord *Cathcart* ſhould think proper to write to me for any Number of Men for Recruits, or for any other Service, I ſhould endeavour to raiſe them; wherefore it being probable that General *Wentworth*, who ſucceeds Lord *Cathcart*, in the Command of his Majeſty's Forces in the *Weſt-Indies*, may, in the Time of your Receſs, write to me for Recruits or new Levies; I thought it neceſſary at this Time, to recommend to you, to make Proviſion for the victualing and tranſporting ſuch Number of Men as I may raiſe in Obedience to his Majeſty's Commands for the Purpoſes mentioned; leſt, if I wait your next Meeting, before I recommend it to you, his Majeſty's Service may ſuffer by Delay. You cannot more effectually ſhew your Zeal for his Majeſty's Honour and Service, and the Proſperity of this Province, than by exerting yourſelves on this Occaſion; and I hope the glorious Beginning already made by his Majeſty's Forces, will help to excite you to ſpeedy and generous Reſolutions.

GEORGE CLARKE.

The Speaker likewiſe laid before the Houſe, a Letter from the Commiſſioners of *Indian* Affairs at *Albany*, dated the 12th of *May*, 1741, to his Honour, with a Minute incloſed; which being read, is as follows, *viz.*

May it pleaſe your Honour,

YOUR *Honour will perceive by the incloſed Minutes, that* Arent Stephens, Hendrick Wimpel, *and* Company, *are returned from the* Seneka's *Country, to fetch Proviſions, which they ſay is ſo ſcarce there, that it was not poſſible for them to ſubſiſt there any longer. They inform us that a great Number of* Indians *deſign to come down here for want of Proviſions, which will certainly be a great Charge and Hardſhip to the Inhabitants of this County, which we thought our Duty to repreſent to your Honour, that ſome Proviſions may be ſupplied by the publick for their Maintainance, which your Honour is very ſenſible we are not able to do, and if it be not done, they will certainly kill a great Number of Cattle, which will fall very hard upon the Farmers in this County. We ſubmit all to your Honour's Conſideration, and remain,*

May it pleaſe your Honour,
Your Honour's moſt obedient Servants,

MYNDERT SCHUYLER,
ABRAHAM CUYLER,
DIRCK TEN BROECK,
RYER GERRITSE,
JOHANNIS LANSING, *jun.*
HENDRICK TEN EYCK,
JOHN SCHUYLER, *jun.*
JOHN DE PEYSTER.

And likewiſe Part of a Minute of the ſaid Commiſſioners, dated the 5th of *May*, 1741, wherein is mentioned, That *Arent Stephens, Hendrick Wempel*, and Company, had, among other Things, informed them, that the *French* uſe their utmoſt Endeavours to ſettle a Smith at *Onondago*, and that they did deſign to ſettle at *Tierondequat*, this next Summer; whereupon we repreſented to the *Senekas*, how their Ruin muſt be, in Conſequence of ſuch Settlement by the *French*, who deſigned to inſlave them; then they gave us all poſſible Aſſurances that they would not ſuffer any *Frenchman* to live there.

The Reaſon of our coming down at this Time, is the Scarcity of Proviſions, it being impoſſible for us to ſubſiſt any longer, without a freſh Supply, which we now carry with us. We heard amongſt the *Indians* that a great Number of them deſign to come down for want of Proviſions, as ſoon as they have planted their Corn.

Ordered,

Ordered, That the ſaid Speech, Letter, and Minute, be taken into Conſideration by this Houſe To-morrow.

Then the Houſe adjourned till 9 of the Clock To-morrow Morning.

Die Veneris, 9 *ho. A. M. May* 29, 1741.

Reſolved, That the ſaid Money ſhall be paid for the Uſe above mentioned, out of the Money ariſen or to ariſe by an Act, entitled, *An* Act, *for and towards ſupporting the Government of this Colony, by granting to his Majeſty the Duties therein mentioned, from the firſt Day of* December, 1740, *to the firſt Day of* December, 1741, unto the before mentioned Commiſſioners, who are to be accountable for the due Application thereof, for the Uſe aforeſaid; and that the ſaid Sum ſhall be deducted out of the uſual Allowances for *Indian* Preſents, when Application ſhall be made for that Purpoſe.

And thereupon it was,

Ordered, That in a Bill now under Commitment, entitled, *An* Act, *for building a new Secretary's Office, and Barracks, for the better fortifying of this Colony, and for other the Purpoſes therein-mentioned*; proper Clauſes be added for the Purpoſes above-mentioned.

Reſolved, That the further Sum of *Thirty Pounds* be allowed for the ſaid Service, payable out of the ſame Fund, and under the ſame Regulations as the other ſeventy is directed.

UPON Information that the Grand Jury, had prepared a Petition to this Houſe, for the better regulating of Slaves, and for preventing other Irregularities in this City;

Ordered, That when the ſaid Petition is preſented, the Speaker do give the Thanks of this Houſe, to the ſaid Jury, for their Care and Diligence, in detecting the horrid Conſpiracy which has been formed againſt this City, and the Inhabitants thereof.

And the ſaid Jury attending without, were called in, and preſented their ſaid Petition; whereupon the Speaker gave them the Thanks of this Houſe, in the Words following, *to wit.*

Mr. Foreman, and you Gentlemen the Grand Jurors, for this City and County,

'AS the General Aſſembly has been apprized for what Purpoſe you intended to apply to them, they have directed me to give you the Thanks of this Houſe, for the Care and Diligence you have ſo ſucceſsfully uſed in detecting the Villanies and barbarous Conſpiracy, which was perpetrated againſt this City, and its Inhabitants in particular.

'And as the Preſentments you made in Conſequence thereof, have ſince been more clearly confirmed, even by ſome of the wicked Accomplices themſelves; ſo it gives on the one Hand a general Satisfaction, That you have come to the Bottom of that horrid Combination, as it will on the other Hand (we doubt not) encourage you to continue your Diligence, to finiſh what you have ſo prudently and ſo happily begun. And I do therefore give you the Thanks of this Houſe accordingly.'

After which they withdrew, and then the ſaid Pitition was read, ſetting forth, That a a horrid Conſpiracy, has been lately formed by ſome wicked white People, in Confederacy with a great Number of Negro Slaves, to lay this City in Aſhes, and to murder and deſtroy the Inhabitants thereof: which has been in Part executed by burning his Majeſty's Houſe, and other publick Buildings in the Fort, and by ſetting Fire to ſundry other Houſes in this City; by which Conſpiracy, great Terror and Diſtreſs, and very conſiderable Loſs and Damage, has been brought upon the Inhabitants of this City. And that upon ſtrict Enquiry, the great Number of publick Houſes, in which Negroes have been entertained and encouraged to buy Rum and other ſtrong Liquors, has been a principle Incitement to thoſe deteſtable Villanies. And that the horrid Conſpiracy to burn this City, and to murder the People, was formed and agreed to, by great Numbers of Negroes, meeting together on divers *Sundays*, and was intended to be put in Execution on ſome *Sunday* Morning, during the Time of publick Service; as alſo fetching Tea Water on *Sundays*, has been found to tend to the forming of the ſaid Conſpiracy, by giving Occaſion to great Numbers of them, to meet in the ſame Place.

That ſome further Proviſion by Law, to prevent the like Evils for the future will be of abſolute Neceſſity for the Peace and Safety of this City, and worthy of the immediate Care of the Legiſlature.

And therefore humbly pray, that a Law may be obtained, to limit the Number of publick Houſes within the City of *New-York*, alſo to oblige all Keepers of publick Houſes, under ſevere Penalties, to keep good Order in ſuch Houſes, and to prohibit them to ſell any Sort of ſtrong Liquors to Negroes, unleſs by expreſs Leave from their Maſters, in writing firſt had and obtained, alſo a more effectual Law, to prohibit the receiving any Goods from Negroes, upon any Pretence whatſoever, unleſs by expreſs Leave or Licence from their Maſters, in writing as aforeſaid; alſo a Law to reſtrain Negroes from fetching Tea Water on *Sundays*, and more effectually to puniſh ſuch Perſons, as ſhall harbour and entertain them, and to prevent their being abſent from their Maſters Houſes on *Sundays*, unleſs by the publick Worſhip of God, or by the expreſs Leave of their Maſters, for ſome neceſſary Service ſignified in writing, and to be delivered to ſuch Negro; and alſo that ſuch further Proviſion be made in the Premiſſes, as to the honourable Houſe ſhall ſeem meet.

Ordered, That the ſaid Petition be taken into Conſideration by this Houſe To-morrow.

Then the Houſe adjourned till 3 of the Clock in the Afternoon.

Die Sabatii, 9 ho. A. M. June 13, 1741.

UPON a Motion made, to take into Consideration, as the Inquest and Prosecution of the late Conspiracy, to burn this City, and kill the People in it, is now in a fair Way to be gone through, whether the Supream Court ought not rather to continue sitting for that Purpose, than hold the Circuit Court up *Albany* River, especially (as it's said) there are but two Actions ready for Trial there? and the same having been duly considered, it was,

Resolved, As the unanimous Opinion of this House, That as private Affairs ought to give Way to a Matter of such Moment to the Publick, it will be highly necessary, that the said Circuit Court be defered to some other Time, and that the Court and Inquest be continued here, for the Purpose above mentioned.

Ordered, That Mr. *Jones* and Col. *Moore*, carry a Copy of these Minutes to the Council, and to desire them, that if they agree with the Opinion of this House, they will be pleased to communicate the same to his Honour the Lieut. Governor, in such Manner as that it may have its intended Effect.

And that after the said two Acts were published at the City-Hall, in the usual Manner, the Lieut. Governor had recommended him to return to the House, and adjourn it to the third *Tuesday* in *September* next, and then to meet without any further Notice.

A Message from his Honour the Lieut. Governor, by Mr. *George Joseph Moore*, Deputy Clerk of the Council.

Mr. Speaker, The Governor requires the Attendance of this House immediately, in the Council Chamber, at his present Residence.

The Speaker left the Chair, and with the House, went thither accordingly; and being returned, he resumed the Chair, and reported to the House, that his Honour the Lieut. Governor had made a Speech to them; of which (to prevent Mistakes) he had obtained a Copy; which being read, is in the Words following, *viz.*

Gentlemen,

'AT your last Sitting, I acquainted you that I had received his Majesty's Commands to raise Recruits for his Majesty's Forces in the *West-Indies*, and even new Troops when the General should write for them; I recommended it to you to make Provision for victualling and transporting such a Nuuber of Men as I might so raise; whereupon, you resolved at your next Meeting, to take into Consideration what may be proper to be done by this Colony, in Relation to that Part of my Speech which related to Recruits, for the Expedition against the *Spaniards* in the *West-Indies*, if General *Wentworth*, or the General of those Forces for the Time being, should, in the mean while, apply for such Recruits from the said Colony.

Gentlemen,

'General *Wentworth* has wrote to me for Recruits, and new Forces; wherefore, I now call you to come to a speedy Resolution to provide Provisions and Transports, for the Men I may raise for that Service. His Majesty's Forces have now gained sure Footing on the Island of *Cuba*; and you will be very much wanting in your Duty to his Majesty, and to the Interest of this Province, if you do not give all the Assistance in your Power, to strengthen his Majesty's Army there; which by the divine Assistance, may enlarge their Conquests to that Extent, as may give large and numerous Settlements to such a Colony of People, as may in Time, take off more of the Provisions of these northern Provinces, than all the other Islands in the *West-Indies*: An Event that will increase and secure our Trade and Navigation, and enrich you beyond all other Means that can be devised.

Gentlemen,

'You cannot be too careful to preserve, by good Laws, the Reputation of Bread and Flour, the Staple Commodities of the Province; which, when once lost, it will be very difficult to retrieve; nor is less Care required to prevent the Bakers and Bolters, from committing Frauds in the Tare of their Casks; an Evil at present very much complained of, and calling for speedy Redress.

Gentlemen,

'It is high Time for you to make Provision for rebuilding the House, and Chapel, and the Rest of the Barracks, and Edifices, in the Fort, that were destroyed by the late Fire, kindled in Consequence of the horrid Result of an execrable Conspiracy to burn this whole Town, and to destroy the People, which nothing but divine Providence, hindred from being fully executed; nor do I think we ought now to rest in such supine Security, as to be careless of our present and future Safety; wherefore, I think it necessary that the People be obliged, by some good Law, to continue their Military Night Watches, and the Officers thereof, authorised under proper Regulations, to preserve the City from all Dangers in the Night Time; which I recommend to your Consideration, the Act lately passed for the more equal keeping Military Watches, being by its own Limitation, soon to expire.

Gentlemen,

THERE *are several Things which I mentioned to you, at your Meeting in the Month of* April *last; some whereof have not been at all, and others, not so fully considered*

and provided for by you, as they ought; I do therefore, refering you to what I then said, now again recommend those Things to you: I cannot however, but in particular, take Notice to you, that the ancient loyal and dutiful Method of giving a Revenue for a Term of Years, and without Application, has been too long disused, which has much weakened the natural Constitution of the Government, and if not speedily remedied, may involve the Country in many, and almost irretrievable Miseries: Those Evils it is in your Power to prevent, by giving to his Majesty such a Revenue, and for such Term of Years, without particular Applications of it, as former Assemblies gave. Your Country is much more able to do it now than ever it was; it is what his Majesty expects from you; what a Governor will insist on, as his Predecessors have done, and as he in Reason ought, and what I truly and sincerely think is your Interest, as it is your Duty to do. This is the last Opportunity I shall have to speak to you, and as I can consequently have no private Views in it, that injurious Insinuation which heretofore might take place in weak Minds, can now no where find Reception; and every considerate Man, will from thence conclude, that my urging you to give a Revenue in the Manner I mention, proceeds from the just Sentiments of my Heart; as I assure you they do, from the Affection I bear to the Province, whose true Interest and Happiness, have been my daily Study and constant Care.

GEORGE CLARKE.

Ordered, That his Honour's Speech be forthwith printed.

Resolved, To take the said Speech into Consideration on *Tuesday* next.

And as it is expected that the House will be fuller by the Time above mentioned;

Ordered, That Mr. *Clarkson*, and Mr. *Jones*, acquaint the Lieut. Governor, that the House inclines to adjourn till *Tuesday* next, if his Honour has no Objections to it.

Mr. *Clarkson* reported, that himself and Mr. *Jones*, had waited on the Lieut. Governor with the said Message, and that his Honour readily approved of our adjourning till the Day above mentioned.

Then the House adjourned to *Tuesday* next, 3 of the Clock in the Afternoon.

Die Martis, 3 *ho. P. M. Sept.* 22, 1741.

THE House (according to Order) resolved into a Committee, upon his Honour the Lieut. Governor's Speech. After some Time spent therein, Mr. Speaker resumed the Chair, and Mr. *Verplanck* reported from the said Committee, that they had made some Progress therein; and had directed him to move, that they may have Leave to sit again.

Resolved, That his Honour's Speech be taken into Consideration no *Tuesday* next.

Resolved, That his Honour the Lieut. Governor, be addressed on his said Speech; and,

Ordered, That the Members of the City and County of *New-York*, and for the County of *Westchester*, do prepare and bring in the Draught of such an Address accordingly; and that they make proper Observations therein on the Matters that seem to be in Dispute.

As *Thursday* next is Thanksgiving Day, and there being still but a thin House;

Ordered, That Capt. *Winne*, and Mr. *Ludlow*, wait on the Lieut. Governor, and acquaint him the House inclines to adjourn till *Monday* next, if his Honour has no Objections to it.

Mr. *Ludlow*, reported that himself and Capt. *Winne*, had waited on his Honour the Lieut. Governor with the above Message, and that his Honour approved of the said intended Adjournment, till the Day above mentioned.

Then the House adjourned to 3 of the Clock in the Afternoon, *Monday* next.

Die Lunæ, 3 *ho. P. M. Sept.* 28, 1741.

MR. *Clarkson* from the Committee, appointed to prepare a Draught of an Address, to his Honour the Lieut. Governor, delivered in such a Draught accordingly; which was read, and ordered to be refered to the Consideration of the Committee of the whole House.

Then the House adjourned till 9 of the Clock, To-morrow Morning.

Die Martis, 9 *ho. A. M. Sept.* 29, 1741.

THE House (according to Order) resolved itself into a Committee of the whole House, upon the Draught of an Address to his Honour the Lieut. Governor. After some Time spent therein, Mr. *Jones* reported, That the Committee had gone through the same, and made several Amendments thereto: which they had directed him to report to the House; and he read the Report in his Place, and afterwards delivered it in at the Table; where it was again read, and agreed to by the House.

Ordered, That the Draught, as it is amended, be ingrossed.

Then the House adjourned to 3 of the Clock, in the Afternoon.

Die Martis, 3 *ho. P. M. Sept.* 29, 1741.

Resolved,

THAT his Honour the Lieut. Governor's Speech be taken into Consideration, on *Thursday* next.

Then the House adjourned till 9 o'Clock, To-morrow Morning.

Die Mercurij, 9 *ho. A. M. Sept.* 30, 1741.

THE ingrossed Address to his Honour the Lieut. Governor, was read, and approved of; and,

Ordered, That Mr. Speaker do sign the said Address, in Behalf of the House, being in the Words following, *viz.*

To the Honourable George Clarke, *Esq; his Majesty's Lieut. Governor and Commander in Chief of the Colony of* New-York, *and Territories depending thereon.*

The humble Address of the General Assembly of the said Colony.

May it please your Honour,

WE his Majesty's most dutiful and loyal Subjects, the General Assembly of this Colony, do observe by the Speech, which your Honour was pleased to make unto us, at the present Meeting of the House; that his Majesty has appointed a Governor in Chief of this Colony.

We wish his safe Arrival here, and as we are informed, that he is descended from an antient noble Family, and promoted to this Station, by his Sacred Majesty; we persuade ourselves, that we shall be easy and happy under a mild Administration, in Imitation of his royal Master; who places his chiefest Glory, in the Happiness of his People.

It will be a double Pleasure to us, if there come along with him the Stores of War, which his Majesty has graciously been pleased to

to order, for the Uſe and Security of the Colony; as it will be an Addition thereto, if they are accompanied with the Preſents for the *Indians*, which the Crown uſually ſends with every new Governor.

It will be no ſmall Allay of theſe Pleaſures, that in Conſequence of a late wicked Conſpiracy, formed by ſome white People, in Conjunction with a great Number of Slaves, to burn the Houſes and murder the Inhabitants of this City; all the ſtately Buildings in the Fort have been intirely conſumed; and that thereby, his Excellency will be deprived of ſo noble a Reſidence, as his Predeceſſors have enjoyed; though it is ſome Comfort, that by his prudent Direction, a Houſe is preparing for the immediate Accommodation of himſelf and his Family.

And though it may be alledged, that theſe Edifices have been built by the Colony, it muſt be allowed, that they were erected by Degrees, under the Adminiſtration of ſeveral Governors; and that during moſt of that Time, it had the Aid of the Quit Rents and other dues to the Crown. But the preſent Circumſtances of the Colony, would only allow it to erect new Barracks for his Majeſty's Troops, poſted in this Town, and a new Secretary's Office, which were conceived moſt immediately neceſſary, and to do even this, the Colony was conſtrained to anticipate and prolong one of its Funds.

And as it has evidently appeared, that the Scheme of the Conſpirators, was firſt to burn the ſaid Buildings in the Fort, and then (during the Conſternation) to have murdered the People; this laſt Part of their moſt horrid, barbarous and inhuman Plot, might probably have been executed, had their actual Attempt of ſetting Fire to the Governor's Houſe ſucceeded, that Night it was intended. And as the Fire was nevertheleſs renewed next Morning, during a high and violent Wind, all the ſaid Buildings were burnt down, notwithſtanding the Fire-Engines, and all the People of the Town, were imployed to prevent it.

And though by Divine Providence and a conſtant military Watch, the intended Maſacre has not been attempted, yet ſeveral Houſes, were from Time to Time, wilfully ſet on Fire; the repairing of which, and the Embezelments of Goods (too frequently committed in ſuch Misfortunes) were a heavy Loſs to the Sufferers. It was ſtill a more general Loſs, the Execution of a great many Negroes, and the Tranſportation of a greater Number, that were legally convicted as Principles in the ſaid Plot, who before that Time, were eſteemed the moſt valuable Slaves in the Country; and if the Loſs of Time to the Inhabitants, in keeping Watch, and attending the Proſecutions of the Criminals be added thereto; it will need no Explication, what vaſt Damages have been ſuſtained by the ſaid wicked Conſpiracy.

From what has been mentioned upon this melancholy Subject, and from the Burdens and Difficulties of the Colony (both of which are fully known to your Honour) it is evident, how unable we are to build, even a Houſe (much leſs a Chapel and the other Edifices you recommend) ſuitable for the Reſidence of a King's Governor, over a Colony immediately depending on the Crown, and ſituated in, or near the Center of the *Britiſh* Dominions on this Continent.

Were theſe Matters truly and effectually repreſented to his Sacred Majeſty, and that the Deſtruction in the Fort, has altogether been the Effect of the ſaid wicked Conſpiracy, we ſhould conceive great Hopes from his uſual Goodneſs towards his People, that he will graciouſly grant a Sum, ſufficient to build Edifices, proper for his Governor here, inaſmuch, as a far greater Sum, than is requiſite for that Purpoſe, has been granted towards re-building the private Houſes, which have had the Misfortune to be burnt down in *South-Carolina*.

And if your Honour or his Excellency after his Arrival, and the Gentlemen of the Council, ſhall be pleaſed to prepare a Repreſentation, proper for the Purpoſe above mentioned; the General Aſſembly will readily and chearfully join in it.

Sir, we obſerve that General *Wentworth*, has gained ſure Footing on the Iſland of *Cuba*, and ordered Recruits and new Troops, to be raiſed in the *Northern* Plantations; and as we are ſenſible, that the Succeſs which may reaſonably be expected from the formidable Armament, which his Majeſty has made, and ſtill is augmenting in the *Weſt-Indies*, will not only enlarge the Intereſt and ſecure the Navigation of *Great-Britain* in thoſe Parts; but likewiſe, be of vaſt Benefit to all her *Northern* Colonies, ſo it cannot be doubted but all the ſaid Colonies, will again demonſtrate their Loyalty, by promoting ſo noble an Undertaking. But we conceive it cannot be expected, that a Sum can be fixed of what may be proper and reaſonable for this Colony to provide, before it be known what Number of effective Volunteers ſhall inliſt here, for that Service.

Sir, it muſt be allowed, that as Flour is the chief ſtaple Commodity of this Colony, we cannot be too careful to preſerve its Reputation, both here and abroad; and we fear that too many Frauds have been practiſed in the Tare of the Caſk, that Flour and Biſcuit has been packed in; notwithſtanding, a poſitive Law is in Force to the contrary. We ſhall therefore take into Conſideration, what further Proviſion may be neceſſary, to preſerve the

the Credit of the one, and to prevent Abuſes in the other.

Sir, when we take into Conſideration, to what Time to continue the Militia Act; the Conſideration of the Act, for the more equal keeping Military Watches, will not be neglected, as both will expire at the ſame Time, and that tho' one is for the Security and Defence of the Colony in general, and the other for the Peace and Safety of this City in particular.

Sir, we likewiſe re-conſider what has been recommended by your Speech to us, in *April* laſt; and ſuch material Matters thereof, as have not been fully provided for, ſhall in the Courſe of our Proceedings, have their due Weight, ſo far as the Circumſtances and Intereſt of the Colony will reaſonably allow.

Sir, as to a Support of Government, from the Reaſons given in our Addreſs upon the ſaid Speech, we did not expect that it would have been demanded, either for a Term of Years, or that the Application of it ſhould be diſcontinued, much leſs that it ſhould paſs through another Channel; we purpoſe nevertheleſs, to provide Means for the further Support of it, before the preſent Support determines; and a Governor may ſafely depend, that the Aſſemblies will from Time to Time, make ſufficient Proviſion, to Support the Government in an honourable Manner; as we perſuade ourſelves on the other Hand, that he will be far from objecting to the preſent laudable Method of applying it; for by that Means his Salary and other Allowances will be duly and regularly paid; whereas whilſt the other Method ſubſiſted, ſeveral former Governors and other Officers of the Government, have frequently been diſtreſſed by the Want or Poſtponing of it.

In all other Matters, we are firmly perſuaded, that the Aſſemblies will endeavour to make a Governor's Adminiſtration as eaſy to himſelf as can reaſonably be expected, from a People who have the Loyalty to their Prince, and the Intereſt of their Country equally at Heart.

Sir, as you have refered us to your Speech in *April* laſt, ſo we beg Leave, to refer your Honour, to our Addreſs upon it, and to indulge us to make ſome further Obſervations on the Matters contained in it, and on your Anſwer thereto, eſpecially as the ſame Topic is ſo ſtrongly preſſed now.

And as from thence, ſome Diſputes may ſeem to ſubſiſt, concerning Money granted or to be granted, for Support of Government; we beg Leave, to ſet that Matter in a true Light, that the Conduct of Aſſemblies in that particular, may ſtand right in the Opinion of thoſe, who ſeriouſly attend to what has been or may be offered on that Head; and this we conceive, could not be done more properly than to your Honour, as your Experience in the publick Affairs of this Government, for near forty Years, has made you perfectly acquainted, as well with the Facts we have already mentioned, as thoſe which we ſhall judge further neceſſary to offer upon the Subject.

In the ſaid Addreſs, we confined ourſelves chiefly to what the Speech naturally led us to, and when we had the Honour to preſent it, you was pleaſed verbally to declare, that the Quit-Rents and other dues to the Crown, had formerly been applied to, and for the Support and Exigences of the Government.

And though this Part was omitted in the written Anſwer you afterwards ſent to the Houſe, we believed it contained very near the Subſtance of what you then ſaid more by Word of Mouth.

And however wide the Scope of that Anſwer differed from our Sentiments, we were unwilling to make any Obſervations thereon at that Time, leſt it might have occaſioned ſome Obſtructions in the better fortifying the Colony, in erecting ſome neceſſary Buildings in it, and for keeping a military Watch in this City; the principle Matters the Aſſembly had then at Heart.

As effectual Proviſion has been made for thoſe Services, as well as for the Reaſon aforeſaid, we now embrace this Opportunity to ſay, that in our Opinion, the word Revenue in its ſtrict and general Acceptation, is applicable in this Colony, only to his Majeſty's Rents and other dues to the Crown, as the ſame are perpetual and for Life; and theſe have always paſſed, and ſtill do paſs through the Hands of his Majeſty's Receiver General; nor have the Aſſemblies preſumed to demand Accounts thereof at any Time, ſince the ſame ceaſed to be imployed towards Support of Government, though we ſhould not be without Hopes of their being reſtored to that Uſe, if the Caſe was truly and favourably repreſented to our gracious Sovereign.

In the Addreſs, notice was taken of the Miſapplication in general, of Monies granted by Aſſemblies, whilſt the ſame was received and iſſued in the Manner therein mentioned. Permit us to give but one ſingle Inſtance to confirm it, *to wit.* In the Beginning of the laſt War againſt *France*, an Act paſſed here, for raiſing the Sum of *One Thouſand, Five Hundred Pounds*, towards building two Batteries at the Narrows; and by all that we can learn, not one Stone was ever laid, or any other Work done towards erecting either of them.

We beg Leave here to obſerve, that by a later Method of putting Money, granted for Fortifying, under the Direction of Commiſſioners, the

the ſeveral Forts and Fortifications mentioned in the Addreſs, have actually been erected, beſides ſome others ſince.

Sir, in our Opinion, and in the Nature of Things, Monies granted by Aſſemblies, and appropriated to particular Uſes, or for Support of Government, during a determinate Time (though the latter may have been or ſhould be termed a Revenue) can be deemed no other than temporary Grants; and all theſe, have for upwards of thirty Years, paſſed through the Hands of the Colony Treaſurer, accountable however to the Governor, the Council, and the Aſſembly.

In the Addreſs, notice was likewiſe taken, that conſiderable Deficiences had happened in the Monies granted for Support, during the Time laſt mentioned, and its needleſs to inquire by what Means; but if under any Colour whatever, Money may be diverted from the Uſe and Intent for which it is given, might it not juſtly be apprehended, that plauſible Pretences would not be wanting? And into what a Labyrinth, might not that again plunge the Colony?

From what has been obſerved in both Caſes, it is obvious on the one Hand, that Approbation alone has not been ſufficient to prevent Miſapplications; and on the other, how requiſite it was to make uſe of that neceſſary and reaſonable Right, of applying the Monies granted by Aſſemblies, to the particular Uſes for which they are given.

Permit us here, to remind your Honour, that during the Time the former Method of receiving and iſſuing publick Monies, ſubſiſted, a vaſt Number of Warrants for Salaries, and other Services of the Colony, remained unpaid for a great Number of Years, and many of them parted with at a very large Diſcount, until they were at laſt diſcharged by the two long Bills, though not without various and conſiderable Deductions.

Give us Leave to obſerve on the other Hand, that by the preſent Method, all the ſaid Salaries, and other Services, are duly and regularly diſcharged; and for this Reaſon (were there no other) we are firmly perſuaded, that the Wiſdom and Goodneſs of his Majeſty, will much ſooner applaud, than cenſure, a Practice by which the real Service of his Government here, is ſo effectually anſwered; as the ſame has proved not leſs ſalutary to all the neceſſary Officers, and Services of the Government, than to the Colony itſelf.

And ſhould the Aſſembly relapſe into the Method you ſo ſtrenuouſly recommend, how blameable would they ſtand in the Opinion of all the World, and more particularly, in that of the People who intruſt them with their Liberties and Properties? What a Door might it not again open for Miſapplications? And what a Diſcouragement might it not prove to raiſe even neceſſary Supplies?

We therefore refer it to your ſerious Conſideration, whether it is not better to continue the preſent prudent and wholſome Method of Application, than by returning to the former Practice; expoſe ourſelves to the Difficulty of ſeeking Redreſs in the Manner you are pleaſed to point out in the ſaid Anſwer, if Money given by Aſſemblies, ſhould again be miſapplied?

Sir, your Honour cannot but be ſenſible that the Aſſemblies have conſtantly had no leſs Regard to his Majeſty's juſt Prerogative, than to the Rights and Liberties of the People; and if by what you mention as an Encroachment on the ſaid Prerogative, is only meant the Method of Application, (as it is explained in the ſaid Anſwer) would not that Charge equally lie againſt all the Parts of the Legiſlature, as ſeveral Bills for that very Purpoſe have been paſſed into Laws? But we conceive every Branch was well warranted therein by the Reaſon of the Thing, for as Aſſemblies are the Givers of Money, ſo they have, and ought to have an undoubted Right to fix the Diſpoſal of it; which, by the Opinion of the Lords of Trade, (taken Notice of in our Addreſs) ſeems to be beyond Diſpute.

Sir, as you have ſo large an Intereſt in the Colony, we are very far from ſuppoſing that your preſſing Recommendations to have Monies to be granted by Aſſemblies, for ſupport of Government, put upon the Footing you mention, is intended as a Foundation for the Inconveniences ſet forth in our Addreſs, tho' it might be attended with the like Conſequences; nor are we willing to believe that it is for the Sake of the Auditor General of his Majeſty's Revenues in *America*, though you have all along acted as his Deputy here.

We obſerve in your Anſwer, that the ſaid Auditor has a ſtated Salary allowed him, which ought to be preſumed is adequate to the Services annexed to that Office, eſpecially as he is in high Honour and Intereſt with his Majeſty.

And in our Opinion, he has the greater Reaſon to reſt contented with the ſeveral Sums of Money which have been paid by this Government for his Uſe, in as much as he has received none at all from any of the neighbouring Colonies, as is evident from a Letter which he wrote to the late Governor of the *Maſſachuſetts*, in theſe Words, *viz.*

" There was an Allowance formerly
" made in *New-England*, to Mr. *Blath-*
" *waite*, as Auditor, and though nothing
" can be more juſt than that the Officers
" under a Government ſhould receive ſome
" Recompence, yet I have received none
" from *New-England*, during the whole

" Time I have had the Auditing of their " Accounts." And if no ſuch Allowance has been made to him by ſo conſiderable a Province, we may reaſonably conclude the like of our other neighbouring Colonies.

Adolph Philipſe, Speaker.

The House having in several former Sessions, as well as in the present, observed how incorrect the Laws of this Colony are printed, and the irregular Manner in which they are bound up, were of Opinion, That the Revisal and new printing a correct Body thereof, on good Paper, from the happy Revolution, with a particular Index and proper Notes, and References thereto, would be of great Use to the Publick: And conceiving that Daniel Horsmanden, *Esq; is very capable to perform so useful a Work, some Members were appointed to enquire of him whether he was willing to undertake the same, in what Manner, and on what Terms; who, in Consequence thereof, delivered to the House a written Memorandum, or Proposal, touching the Purposes aforesaid, in the Words following*, viz.

1. *The Laws in Force in this Colony, from the Revolution to this Time, to be collected into one Volume; which is a Series of 53 Years.*
2. *Each Act must be carefully examined in the Secretary's Office, with the Original.*
3. *Search must be made in the Council Books, and perhaps, also in the Journals of the General Assembly, in order to distinguish*

tinguiſh what Acts have had the royal Aſſent, what rejected, and what remain probationary.

4. *The Titles of all the Acts which have paſſed in that Series of Time, by the Legiſlature here, will be proper to be inſerted in this Collection, in their Order, with the Diſtinction of Temporary, when expired, when revived, rejected, &c.*

5. *The Acts muſt be diſtributed into Chapters; each Act a Chapter; each Chapter ſubdivided into Sections, and numbered, 1, 2, 3, &c.*

6. *Each Section of every Act, to have its Subſtance abſtracted into the Margin.*

7. *When all this done, a compleat fair Copy of the whole muſt be made for the Preſs, which muſt again be examined; which Copy will occaſion a very conſiderable Expence to Clerks, in tranſcribing.*

8. *The Preſs muſt be ſuperuſed and corrected with the utmoſt Attention and Exactneſs; which Taſk will not be lightened by any over curious Nicety in the Printer.*

9. *When all this done, it will be proper to make a Table of all the principal Matter in the Acts, alphabetically digeſted, with a Reference to each Matter in every Act, Folio and Section, which will be abundantly more Trouble, than the Examination of every Act with the Original, or with the Preſs.*

10. *Beſides this, it may be very proper and uſeful to make References from one Act to another, where the Matter in one Act may have any Relation to a Head of Matter contained in another.*

And as the ſaid Members reported further, that the ſaid Mr. Horſmanden, *was willing to undertake and perform all this, and to deliver one compleat Book thereof, bound in Calve's Leather, to the Governor or Commander in Chief for the Time being, another for the Uſe of the Council, and another for the Uſe of the General Aſſembly, for the Sum of* Two Hundred and Fifty Pounds, *current Money of this Colony, payable upon his delivery of the ſaid Books. The ſame was agreed to by the Houſe; and thereupon it was*

Reſolved, *That the ſaid Mr.* Horſmanden *be imployed to reviſe, and print on good Paper, the Laws of this Colony, from the ſaid Revolution to the End of this Seſſion, and to make the Index, Notes, and References thereto, in Manner as aforeſaid.*

Reſolved, *That upon his performing the ſame, and delivering the ſaid Number of Books in Manner above mentioned, and producing to the Treaſurer of this Colony, a Certificate thereof, ſigned by the Governor or Commander in Chief for the Time being, and by three or more of the Council, as likewiſe by the Speaker of the General Aſſembly for the Time being, the ſaid Treaſurer ſhall, out of any Money which ſhall then be in the Treaſury for the Support of this Government, pay unto him the above mentioned Sum of* Two Hundred and Fifty Pounds.

Ordered, *That the Members for the City and County of* New-York, *and the County of* Weſtcheſter, *do prepare and bring in a Bill for the Purpoſes above mentioned.*

Which Addreſs being again read, and agreed to by the Houſe, is in the Words following, *viz.*

To the KING's *moſt Excellent Majeſty.*

The humble Addreſs of the Council, and the General Aſſembly of the Colony of New-York.

May it pleaſe your moſt Excellent Majeſty,

WE your Majeſty's moſt dutiful and faithful Subjects, the Council, and the General Aſſembly, of your Majeſty's loyal Colony of *New-York*, beg Leave humbly to repreſent unto your Sacred Majeſty, That there have been erected here from Time to Time, as the Circumſtances of the Colony did enable them, in the Fort, which has the Honour to bear your Majeſty's Name, a Houſe, Chapel, Secretary's Office, and likewiſe Barracks for the Troops, in ſo ſtately a Manner, that it was allowed, none of your Majeſty's Governors in *America*, enjoyed ſo noble a Reſidence.

That in Conſequence of a late moſt wicked Conſpiracy, formed by ſome white People, and a great Number of Slaves, for ſetting Fire to the Houſes and murdering the Inhabitants of this City; their firſt Attempt was, to deſtroy the ſaid Buildings, in which they unhappily ſucceeded, by the Means of a very ſtrong Wind; ſo that all of them were reduced to Aſhes in a very few Hours, notwithſtanding the Fire Engines, and the utmoſt Diligence of the Inhabitants, were employed to extinguiſh the Flames.

That ſince this melancholy Incident, the Colony hath erected good new Barracks for your Majeſty's Troops, and a Secretary's Office to preſerve the publick Records, as theſe were conceived moſt immediately neceſſary; tho' even this could not have been effected, but by anticipating and prolonging one of it's Funds.

And that the Circumſtances of this Colony, as well by Debts formerly contracted, as by erecting many Forts and Fortifications, for its Defence againſt Attempts by Sea and Land; and the conſtant and honourable Support of Government, render it unable to bear the Expence of erecting Edifices, ſuitable for the Reſidence of your Majeſty's Governor, over a Colony immediately depending on your Majeſty, ſeated in the Center, and the moſt expoſed of any of the *Britiſh* Dominions on this Continent.

We therefore moſt humbly implore your Sacred Majeſty, as well in Behalf of this Colony, as for the Honour and ſuitable Accommodation of your Majeſty's Governor; that your Majeſty will be graciouſly pleaſed to grant for the Re-building the Edifices aforeſaid, ſuch a Sum as your Majeſty, in your great Wiſdom and Goodneſs ſhall judge requiſite for that Purpoſe.

We are,

May it pleaſe your moſt excellent Majeſty,

Your Majeſty's,

Moſt dutiful and loyal Subjects.

Ordered, That the Speaker ſign the ſaid Addreſs in Behalf of the Houſe, and that he, in Conjunction with ſuch of the Council as they ſhall appoint, tranſmit it in ſuch Manner as they ſhall judge beſt, in order that the ſame may be preſented to his Majeſty in the ſpeedieſt Manner.

Then the Houſe adjourned till 9 of the Clock To-morrow Morning.

Mr. Speaker, The Council Chamber in the City-Hall, being now repairing, his Honour the Lieut. Governor requires the immediate Attendance of this Houſe, in the Council Chamber, at his preſent Reſidence.

The Speaker left the Chair, and with the Houſe went thither accordingly; and being returned, he reſumed the Chair, and reported to the Houſe, that his Honour the Lieut. Governor, had made a Speech to them; of which, to prevent Miſtakes, he had obtained a Copy; which being read, is in the Words following, *viz.*

Gentlemen,

THE preſent Face of Affairs in Europe, *requires your ſitting at this Time, that you may make ſpeedy and ample Proviſion, for putting the Fort in this Town, in a Poſture of Defence, and it greatly wants a thorough Repair, ſome Part of the Wall being already fallen down, and other Parts in a tottering Condition, the ſod Work mouldered away, and the Baſtions and Curtains without Platforms; and unleſs theſe Things be done, the Ordnance will be uſeleſs, and his Majeſty's gracious Purpoſe in ſending them for your Security, will be defeated.*

Some Charge has already accrued, and more muſt unavoidably follow, in carrying the Ordnance and other Stores to the reſpective Forts and Batteries for which they are intended; and it will be greater, as moſt of thoſe Forts are remote from hence, particlarly thoſe at Oſwego, *in the* Mohawk's *Country and at* Schenectady, *and I recommend it to you, to make ſuitable Proviſion for it; as well as for the victualling of a double Garriſon at* Oſwego, *which will be highly neceſſary to preſerve that important Place, from falling into the Enemies Hands in Caſe of a Rupture.*

It is high Time to ſet about building the Houſe, Chapel and other Edifices, that were conſumed in the Fort, as well as the Stables and Coach-Houſe without it; that when the Governor comes, he may not be unprovided of an Habitation, and other Conveniences ſuitable to his Station, which is the more neceſſary to be ſpeedily done, as he is ſoon expected, and no Houſe that I know of to be hired, that is fit for his Reſidence.

General Wentworth, *having ſent Capt.* Coſby, *of Col.* Gooch's *Regiment, to raiſe Recruits in this Province for his Majeſty's Service; I earneſtly recommend it to you, to provide for the victualling and tranſporting ſo many as he may raiſe, and to do it with all Expedition, which will, not only forward the Service, but likewiſe, prevent Deſertions and eaſe the recruiting Officer of the great Expence of maintaining them, which may be too heavy for him to bear, if they be not ſhipped off in a ſhort Time after they are inliſted; your Zeal and Diſpatch herein, will not fail of recommending you to his Majeſty.*

I have on the Requeſt of the Onondages, Cayouges, *and* Tuſkarores, *three of the ſix* Indian *Nations, ſent a Smith to reſide for a Year at* Cayouge, *for the Payment of whom, and of the Perſons reſiding in the* Seneka's *Country, I hope you will provide, as it will much conduce to the keeping of the* Indians *ſteady in the* Britiſh *Intereſt.*

When the Act for regulating the Militia comes under your Conſideration, it will be neceſſary by it, to oblige all Men to an equal Share of Duty, in Day as well as Night Guards, that the Service be not too much impoſed on them, who have the leaſt to defend, and little or nothing to ſupport their Families, but what they earn by their daily Labour.

G. CLARKE.

THE Speaker from the Chair, acquainted the Houſe, that a Committee of the Council, and himſelf, had (according to an Order on the 26th of *November* laſt) tranſmitted by Capt. *Farmer*, and Capt. *Bryant*, unto his Excellency *George Clinton*, Eſq; the Addreſs of the Council and Aſſembly to his Majeſty; and likewiſe communicated a Copy of the Letter, which they had wrote therewith; which being read,

Ordered, That the ſame lie on the Table for the Peruſal of the Members; and that the Thanks of the Houſe be given to the ſaid Committee of the Council, and to the Speaker, for having recommended the Sollicitation of the ſaid Addreſs, in ſo cogent and handſome a Manner.

And as it was conceived improper to have had the ſaid Addreſs printed in the Votes before it was preſented to his Majeſty;

Ordered, That the ſame be now printed with the Proceedings of this Houſe, and is in the Words following, *viz.*

To the KING's moſt excellent MAJESTY.

The humble Addreſs of the Council and the General Aſſembly, of the Colony of *New-York*.

May it pleaſe your moſt excellent Majeſty,

'WE your Majeſty's moſt dutiful and faithful Subjects, 'the Council, and the General Aſſembly, of your Ma'jeſty's loyal Colony of *New-York*, beg Leave humbly, to 'repreſent unto your ſacred Majeſty, that there have been 'erected here, from Time to Time, as the Circumſtances of 'the Colony did enable them, in the Fort which has the Ho'nour to bear your Majeſty's Name, a Houſe, Chapel, Se'cretary's Office, and likewiſe Barracks for the Troops, in ſo 'ſtately a Manner, that it was allowed, none of your Maje'ſty's Governors in America, enjoy'd ſo noble a Reſidence.

'That in Conſequence of a late moſt wicked Conſpiracy, 'formed by ſome white People, and a great Number of Slaves, 'for ſetting fire to the Houſes, and murdering the Inhabitants 'of this City, their firſt Attempt was to deſtroy the ſaid Build'ings; in which they unhappily ſucceeded, by the Means of 'a very ſtrong Wind, ſo that all of them were reduced to 'Aſhes in a very few Hours, notwithſtanding the Fire-En'gines, and the utmoſt Diligence of the Inhabitants, were im'ployed to extinguiſh the Flames.

'That ſince this melancholly Accident, the Colony hath 'erected good new Barracks for your Majeſty's Troops, and 'a Secretary's Office, to preſerve the public Records, as theſe 'were conceived moſt immediately neceſſary, though even 'this could not have been effected but by anticipating and 'prolonging one of its Funds.

'And that the Circumſtances of this Colony, as well by 'Debts formerly contracted, as by erecting many Forts and 'Fortifications, for its Defence againſt Attempts by Sea and 'Land, and the conſtant and honourable Support of Govern'ment, renders it unable to bear the Expence of erecting Edi'fices ſuitable for the Reſidence of your Majeſty's Governor, 'over a Colony immediately depending on your Majeſty, 'ſeated in the Center, and the moſt expoſed of any of the '*Britiſh* Dominions on this Continent.

'We therefore moſt humbly implore your ſacred Majeſty, as 'well in Behalf of this Colony, as for the Honour and ſuitable 'Accommodation of your Majeſty's Governor, that your Ma'jeſty will be graciouſly pleaſed to grant for the re-building the 'Edifices aforeſaid, ſuch a Sum as your Majeſty, in your great 'Wiſdom and Goodneſs, ſhall judge requiſite for that Pur'poſe. We are,

May it pleaſe your moſt excellent Majeſty,

New-York, Nov. 16, 1741. Your moſt dutiful and loyal Subjects.

A Message from his Honour the Lieut. Governor, by Mr. *George Joseph Moore*, Deputy Clerk of the Council.

Mr. Speaker, His Honour the Lieut. Governor requires the immediate Attendance of this House, in the Council Chamber in the City-Hall.

The Speaker left the Chair, and with the House, went thither accordingly; and being returned, he resumed the Chair, and reported to the House, that his Honour the Lieut. Governor had made a Speech to them, of which, to prevent Mistakes, he had obtained a Copy; which being read, is in the Words following, *viz.*

Gentlemen,

THE Government being at present without any Support, I earnestly recommend it to you, to take it into your immediate Consideration, and to make such ample and honourable Provision for it, as former Assemblies have done.

The Act to Support the Garrison at Oswego, *being by its Limitation, to expire on the first of* November, *in this present Year, it is requisite that you prepare another Bill, to be passed before that Time; and as a Rupture with* France, *seems almost unavoidable, it is absolutely necessary to provide for the victualling a Garrison of Forty Men, lest for want thereof, that important Place, should fall into the Enemies Hands, the Consequence whereof, will be the Loss of your most valuable Branch of Trade, and but too probably occasion a Desertion of the Six Nations; an Event that demands your most serious Attention; as every Part of the Province, how remote soever some of the Countries may be from those Nations, will soon feel the Effects of it; whatever happens, I shall have the Satisfaction of having done my Duty, in pressing you to do yours, and I hope you will leave nothing undone, that may give the People whom you represent, cause to reproach you.*

The Sense I have of the vast Consequence, that the Fidelity of those Nations is to the British *Interest in general, and to this Province in particular, and of the constant Arts and Intrigues of our natural Enemy to seduce them, makes me thus warm in my Expressions. Had you the like Opportunities that I have, of knowing these Things, I am persuaded your Zeal would keep Pace with mine, and make what I say, needless, or but Matter of Form; but as many of you live very distant from those Nations, and can consequently know little of their Importance to us, but by Information, I cannot with the Discharge of my Duty, be silent or less earnest.*

Capt. Cosby, *has raised and sent to* Jamaica, *twenty Recruits for his Majesty's* American *Regiment, and I hope you will make Provision for paying the Expence of their Transportation, being persuaded, that your Zeal for his Majesty's Service, which has carried you to a much greater Expence on the like Occasion, will very readily lead you to this.*

There are several Things that I recommended to you at your last Sitting, some of which, being but in Part, and others not at all provided for; I now, again recommend them to your Consideration, refering you to what I then said.

G. CLARKE.

Gentlemen,

THE nigh Approach of the Winter at your laſt Meeting, not giving you Time to provide for all thoſe neceſſary Things which I recommended to you, I now again refer to your Conſideration, ſuch of them as remain unprovided for; hoping that now too, you will think it high Time to give the Fort in this Town, a thorough Repair, as well as to lay in a proper and ſufficient Quantity of Powder, Ball, and other neceſſary Stores, for that and all other Forts and Batteries in the Province, that we may not be unprovided for our Defence, in Caſe the Enemy ſhould at any Time attack us, nor be then to ſeek for them when it be too late: When theſe Things come under your Conſideration, you will remember that there is not a Flag for any one of the Forts.

The Preſents which the French, *when they come into the* Seneka's *Country, feed theſe People with, makes it neceſſary, that whom we ſend to reſide there, ſhould likewiſe have ſomething to give to the* Indians, *to prevent the Influence which otherwiſe the Enemy may gain over them: The Commiſſioners for* Indian *Affairs, think it abſolutely neceſſary; but at the ſame Time declare, that their Allowance at this critical Juncture, is ſo ſmall, that they cannot furniſh thoſe Preſents; wherefore I recommend it to you to make ſome Proviſion for that Service.* GEORGE CLARKE.

His Excellency did there in the Presence of the Council, and the said Members, dissolve the General Assembly by a Speech, in the Words following, *viz.*

Gentlemen,

AS his Sacred Majesty has been graciously pleased to constitute me Captain General and Governor in Chief of this his loyal Province; it is no small Pleasure to me, that I have this early Opportunity of declaring, that I am come with a sincere Intention, to make the Prosperity of the Colony, the chief Care and Study of my Administration, in Imitation of my Royal Master, who places his greatest Glory in the Happiness of his People.

And as I am informed, it has been the general Practice to have a new Election of an Aſſembly, upon the Publication of new Commiſſions to Governors, and that the Continuance of that Practice, will be agreeable to the People of this Province;

I do therefore, with the Advice of his Majeſty's Council, and by Virtue of the Power and Authority given to me, by his Majeſty's Letters Patent, under the Broad Seal of *Great-Britain*, diſſolve the preſent General Aſſembly; and the ſaid Aſſembly is diſſolved accordingly.

GEORGE CLINTON.

APPENDIX.

INaſmuch as a few of the Votes and Proceedings of the General Aſſembly, relative to the Affair of Capt. Jacob Leiſler, *are miſſing, and conſequently the Public not fully informed, as to the Juſtice or Injuſtice of his Suffering: It was therefore thought neceſſary, for the Satisfaction of the Public, and in Juſtice to the Family and Deſcendants of the ſaid Capt.* Leiſler, *to publiſh the following Act of Parliament, relating to that Cataſtrophe.*

Anno Regni GULIELMI III. REGIS

Angliæ, Scotiæ, Franciæ & Hiberniæ,

SEXTO & SEPTIMO.

At the Parliament begun and holden at *Weſtminſter*, the 20th Day of *March*, *Anno Dom.* 1689, in the Second Year of the Reign of our Sovereign Lord and Lady, *William* and *Mary*, by the Grace of God, of *England*, *Scotland*, *France* and *Ireland*, King and Queen, Defenders of the Faith, &c. And whereas the ſaid *Jacob Leiſler*, alſo *Jacob Milborne*, *Abraham Gouverneur*, and ſeveral others, were arraigned in the Supreme Court of Judicature at *New-York* aforeſaid, and convicted, and attainted of High Treaſon and Felony, for not delivering the Poſſeſſion of the ſaid Fort to the ſaid *Richard Ingoldſby*; and the ſaid *Jacob Leiſler* and *Jacob Milborne* were executed for the ſame: May it therefore pleaſe your moſt Excellent Majeſty, at the humble Petition and Requeſt of *Jacob Leiſler*, the Son and Heir of the ſaid *Jacob Leiſler*, deceaſed, *Jacob Milborne*, the Son and Heir of the ſaid *Jacob Milborne*, deceaſed, and of the ſaid *Abraham Gouverneur*, That it be declared and enacted,
